RECD APR 30 1999

3.59 Q.guaranteed (Continued)

Q.guaranteed - FramePlus

FramePlus frame relay service is a public, fast-packet data network offering. Customers access FramePlus at Qwest's closest Points of Presence (POPs). Within the POP, Qwest designs and installs Network Node connections on the FramePlus network. A Network Node is comprised of a Port Connection and Permanent Virtual Circuits (PVCs) that define the connections between customers' ports. Qwest dynamically allocates capacity across these logically assigned PVCs, supporting multiple customer data networks.

FramePlus supports a variety of simultaneous data applications over a single integrated facility. It is optimal for applications requiring transmission between multiple locations that need high speed connectivity with low latency or delay.

C. Q.guaranteed - WorldCard Surcharge

Per Call Surcharge	$0.65
Operator Surcharge, per call*	$2.25

* An "Operator Surcharge" applies when the caller: (1) enters nothing, defaults to an operator and requests the operator to complete the call; or, (2) has the ability to complete the dialed digits of their call, but chooses to dial the appropriate operator code only (e.g., 0-, 00, 10432), and requests the operator to complete the call. This surcharge will be in lieu of the existing per call surcharge. In addition, this surcharge will apply to all month-to-month customers as well as new term customers who subscribe to Q.guaranteed. Customers who are currently on term plans will not incur this surcharge until their contracts renew.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES

3.60 Q.biz

Q.biz will no longer be available to new customers as of November 30, 2007. Current Q.biz, customers can continue to receive services under their existing contract and make any changes as agreed to by customer and Qwest. (N) | (N)

General Description
Q.biz is a service line consisting of switched outbound, switched inbound and card services. The services have flat rates which are based on term and minimum usage commitments. Q.biz is intended for the small business segment billing a total of $50 to $2,500 in telecommunications services monthly. This service works well with both single locations and multiple location businesses.

Billing/Rounding
Intrastate rates are quoted in full minutes. Call rounding is thirty (30) second initial and one (1) second incremental. Call duration is calculated on a per call basis rounding up to the full increment. Call rating is on a bulk basis (all call duration totaled and then rated). Total is rounded to the nearest full cent.

Rates
The per minute usage rates are as follows:

Monthly	Term
$0.115	$0.100

WorldCard
The WorldCard is billed in initial thirty (30) seconds and in one (1) second additional increments. The WorldCard rates are as follows:

All time periods	$0.30
Surcharge, per call	0.00

Terms and Agreements
Q.biz is available in month to month, twelve (12) and twenty-four (24) month term plans. There is a minimum monthly usage commitment of $25 for customers receiving service under both the monthly and term plans. If the customer's invoiced usage charges are less than the required minimum monthly usage commitment, the customer will be billed and required to pay a short fall charge equal to the difference between the monthly commitment and the actual amount billed. This short fall charge will be applied beginning with the customer's first full month's invoice.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES

3.60 Q.biz (Continued)

Renewals
Upon expiration of the initial term and subsequent renewal term(s), the Customer's Agreement will automatically renew for a like period, unless either party notifies the other in writing of its intention not to renew 30 days before the end of the agreed term. The automatic renewal will be for the same length and at the current tariffed rates in effect at the time of such renewal associated with the term and volume of the original Agreement.

Early Termination Charges

1. Qwest will allow a customer to terminate its term Agreement prior to its expiration date provided the Customer is converting to another Qwest product with equal or greater term and volume commitment levels.

2. If a Customer terminates their service without cause prior to the expiration date of their term Agreement, the Customer will be billed and required to pay the minimum monthly usage charge for the remainder of the term Agreement.

Legislative, Regulatory or Judicial Activity
Notwithstanding any statement to the contrary contained in this Tariff, in the event that any regulatory agency, legislative body or court of competent jurisdiction promulgates regulations or modifies existing ones including, without limitation, regulations regarding payphone compensation, access charges and/or universal service ("Regulatory Activity"), Qwest reserves the right, at any time and without notice to: (i) pass through to the Customer all, or a portion of, any charges or surcharges directly or indirectly related to such Regulatory Activity; or, (ii) modify the rates, including any rate guarantees, and/or terms and conditions contained in this Tariff to reflect the impact of such Regulatory Activity.

REC'D APR 30 1999

3.60 Q.biz (Continued)

Renewals

Upon expiration of the initial term and subsequent renewal term(s), the Customer's Agreement will automatically renew for a like period, unless either party notifies the other in writing of its intention not to renew 30 days before the end of the agreed term. The automatic renewal will be for the same length and at the current tariffed rates in effect at the time of such renewal associated with the term and volume of the original Agreement.

Early Termination Charges

1. Qwest will allow a customer to terminate its term Agreement prior to its expiration date provided the Customer is converting to another Qwest product with equal or greater term and volume commitment levels.

2. If a Customer terminates their service without cause prior to the expiration date of their term Agreement, the Customer will be billed and required to pay the minimum monthly usage charge for the remainder of the term Agreement.

Legislative, Regulatory or Judicial Activity

Notwithstanding any statement to the contrary contained in this Tariff, and subject to prior Commission approval; in the event that any regulatory agency, legislative body or court of competent jurisdiction promulgates regulations or modifies existing ones including, without limitation, regulations regarding payphone compensation, access charges and/or universal service ("Regulatory Activity"), Qwest reserves the right, at any time to: (i) pass through to the Customer all, or a portion of, any charges or surcharges directly or indirectly related to such Regulatory Activity; or, (ii) modify the rates, including any rate guarantees, and/or terms and conditions contained in this Tariff to reflect the impact of such Regulatory Activity.

Payphone Use Charge

A $0.30 charge will apply to calls that originate from any payphone used to access Qwest services. This charge, which is in addition to standard tariffed usage charges and any applicable surcharges associated with Qwest service, applies for the use of the instrument used to access Qwest service and is unrelated to the Qwest service accessed from the payphone. Customers will be charged the payphone use charge for each call which is placed from payphones with the exception of: (i) calls placed by inserting coins during the progress of the call; (ii) calls using Telecommunications Relay service; or, (iii) calls originated by customers with qualified hearing or speech impairments who are certified.

3.61 Difference

General Description

Difference will allow a customer to complete calls between any two points within the state of Missouri. Difference Calling Card and Home 800 service is also available to customers subscribing to Difference. There are different pricing plans associated with Difference to accommodate variations in a Customer's calling patterns. These options, are identical in description on an intrastate level but vary on their per minute usage rates and monthly charges on an interstate level. (For interstate rates and charges, see Qwest Tariff, FCC #3). A monthly fee will be applied (where applicable) beginning with the Customer's first invoice. Service is available on a full-time basis, twenty-four (24) hours a day, seven (7) days a week. When Customers enroll in the Difference #6 offer, the Customer must designate to the Company a valid commercial credit card through which the Customer will be automatically billed for usage under the offer. Customers may review billing details via Company on-line Customer Service using the Internet. (C)

Billing

Billing will be done in full minute increments for all Difference products.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES

3.67 WorldCard Plus Calling Card

General Description
WorldCard Plus Calling Card is designed for residential services. WorldCard Plus allows customers to make domestic and international calls away from home anywhere in the United States.

To initiate a WorldCard Plus call, the customer dials a toll free 800 number. The voice response unit ("VRU") then instructs the customer to input the authorization code, which is the customer's billed to number plus four (4) digits. After the proper verification of the authorization code, the VRU guides the customer through the available options.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES

3.68 Transactional Toll Free (T)

A. General Description (N)

Transactional Toll-Free Service is a toll-free number (e.g., 800, 888) service. Calls may originate from anywhere in the contiguous or mainland United States or Canada and terminate to the customer's location at no charge to the calling party. Transactional Toll Free Service is intended for customers with larger call volumes and the inbound calls are routed over dedicated facilities.

B. Terms and Conditions

1. This service is provisioned in conjunction with the interstate Transactional Toll Free Service. Intrastate calling is an add-on to interstate Transactional Toll Free Service that includes additional rates and charges. The service is available where billing and technical capability exists. All other terms, conditions, and customer eligibility under this plan are specified in the Company's Rates and Services Schedule Interstate No. 3.

2. Rates are quoted in full minutes. For intrastate calls, initial rate period is one (1) second, additional periods are 1 second intervals. A per call charge applies for each completed call. Bulk rounding applies to intrastate minutes.

3. If the percentage of customer's calls that do not complete (out of attempted calls) meets or exceeds the Non-completed Call Percentage Threshold for any given week, the Company may: upon 30 days notice, disconnect any and all circuit(s) providing service on which the Non-Completed Call Percentage Threshold was exceeded. 3.68 Project Accounting Codes (PAC)

General Description

A two, three, four or five digit code which permits an account to trace calls made by individuals, departments, project group, etc. The customer also has option of two (2) different types of PACS:

1. Standard PAC - A series of PACs (2,3,4 or 5 digits) that are provided per account according to need. Any PAC that is assigned to an ANI may be used by the customer to complete calls.

2. Validated PAC - A specific set of PACS (2 or 3 digits) that are assigned to a specific ANI. The specific PAC assigned to the ANI must be used by the customer to complete calls or the call will not go through.

In addition to a customer selecting whether they want their PAC validated or standard. A customer has three (3) different PAC options. PAC is available in (1) PAC Number only, (2) PAC Name only; or (3) PAC Name and PAC Number combined.

Rates

Rates include a monthly recurring and non-recurring charge.

		Outbound Rate	Inbound Rate
A.	Monthly Recurring Charges		
	1. Standard PAC, per location	$ 0.00	$15.00
	2. Validated PAC, per location	$ 0.00	$15.00

3.70 Enhanced 800/888 Features

General Description

Enhanced 800/888 Features may be selected as enhancements to various Qwest 800 Services:

The following enhancements are available:

a. **Time of Day Routing:** Customer can accept incoming calls on alternate numbers based on time-of-day.

b. **Day of Week Routing**: Customer can accept incoming calls on alternate numbers based on day of week.

c. **Holiday Routing:** Customer can accept incoming calls on alternate numbers based on holiday.

d. **Direct Terminal Overflow:** Customer can forward incoming calls to predesignated local number if busy; (DAL customers only).

e. **Tailored Call Coverage:** Customer can block predefined areas from 800 origination. Calls may be blocked by area code, area code/exchange, LATA, state, or 10 digit ANI.

f. **Dialed Number Identification**: Customer can identify dialed number; (DAL customers only).

g. **Percent Allocation Routing:** Routes calls placed on an 800 number up to 8 different terminating locations based on whole number percentages that add up to 100%.

h. **Alternate Call Routing:** Customer can Activate Alternate Routing Plan.

i. **Real Time ANI:** Allows dedicated access customers to receive the ANI of the calling party if the call originates from an equal access end office.

j. **Project Account Codes**: Allows the customer to track usage of its 800 number back to specified user codes and/or to limit use of its 800 number to only those dialing authorized codes. Requires that additional digits be dialed after the regular 10-digit 800 number is dialed. Two types are available: verified and non-verified. With both types of codes, calls cannot be completed without entry of the specified codes. In addition, with verified codes, calls are not completed until codes are verified for accuracy. As an option, Call Detail can be sorted by either verified or non-verified codes.

RECD APR 30 1999

3.70 Enhanced 800/888 Features (Continued)

General Description (Continued)

k. **Geographical Routing** : Allows the customer to arrange for calls to a single 800 service telephone number placed from different groups of originating locations to terminate to different locations. Originating locations may be identified using the NPA or by NPA/NXX.

l. **800 Directory Publication:** Allows customers to publish their 800 number(s) in AT&T's 800 directory.

m. **Menu Routing:** Plays prerecorded messages in a menu like fashion referring callers to other numbers, explaining service conditions, or other information that a Customer desires to provide to their callers. The call may either terminate after the message announcement, or proceed to a set of interactive voice responses that give additional menu options. These menu options may terminate to a final destination or prompts can be linked to another set of menu options. Qwest supports two types of Menu Routing:

1. Basic Menu Routing Plans: Basic Menu Routing will allow one voice announcement message to be followed by a menu of options. Customers may select up to four (4) menu options. These menu options will terminate to a ring-to number based on the menu option selected using the keypad on the telephone.

2. Advanced Menu Routing Plans: Any plan that does not meet the Basic Menu Routing requirements as described above, will be considered an Advanced Menu Routing Plan. The limitations for Advanced Menu Routing are as follows: (1) no more than nine (9) Menu Options per set or grouping; and, (2) no more than four (4) menu levels.

3.70 Enhanced 800/888 Features
General Description (Cont'd)

n. Quota Call Allocation - "Round Robin": Distributes incoming calls to terminating Addresses (TA's) or other feature(s) to a fixed number of calls per a designated unit of time (minutes or hours). A Customer will be able to distribute calls to several TA's based on the number of calls per unit of time. The unit of time versus the amount of calls can be adjusted based on what the user specifies, e.g., the number of calls per unit of measure.

Rates and Charges

For application of rates and charges, refer to Qwest's Interstate Rates and Services Schedule No. 3. (C) (C) (D)

3.71 800 Directory Assistance

General Description

800 Directory Assistance is an enhancement for Qwest's 800 customers. Qwest customers can have all of their 800 numbers listed in the AT&T 800 directory (AT&T maintains a nationally published directory of 800 numbers. 800 numbers obtained from alternate carriers may be listed in the AT&T 800 directory if a customer chooses to subscribe to the listing service).

Access

Customer dials 800-555-1212 and receives directory assistance on all 800 numbers listed in the AT&T 800 directory.

Rates

A.	Monthly Recurring Charge	$25.00 per 800 number listed
B.	Non Recurring Charge:	
	1. One time set-up/cancellation charge	$25.00
	2. Expedite fee	$35.00
	3. Add, change, delete	$25.00 per record

3.72 Qwest Prepaid Card and PIN

General Description

Qwest Prepaid card, herein referred to as Card or Pin interchangeably, allows Customers to prepay for cards or Personal Identification Numbers (PINs)[1] for domestic long distance calling either on a per unit or per minute basis. To use the card, callers must dial an access number. When the call is acknowledged, the caller then enters the PIN. At this point, the caller is notified of the amount of units remaining on the card. The caller then enters the telephone number to be called.

Billing Increments

The Qwest Prepaid card is debited as follows:

Option A	60/6
Option B	60/6
Option C	60/60

Rates

Qwest Prepaid cards are available in various unit or dollar denominations.[2] There is a minimum of 10 units per card per order.

Option A	1 unit = 1 minute = $0.50
Option B	$0.50 per minute
Option C	$0.50 per minute

1 "Cards" when used in connection with Qwest Prepaid Card, shall also be interpreted to include PINs.

2 For all dollar-denominated cards, the number of units on the card will be determined by dividing the dollar value appearing on the card by the per unit rate and rounding up to the next whole unit.

Recharge Rate

The following is the rate for adding additional units to a card by charging the cost to designated commercial credit cards accepted by Qwest:

Rate: $0.50 (per unit)

There is a minimum re-charge requirement of 40 units on each prepaid card.

Surcharge

The following surcharge will be assessed for each call made using an Qwest Prepaid card which originates and terminates between any two points within the state of Missouri. This surcharge will be applied irrespective of the length of the call.

Option A	$0.00
Option B	$0.25
Option C	$0.25

3.72 Qwest Prepaid Card and PIN (Continued)

Features

A. Recharging: Qwest may permit customers to add units to unexpired cards by charging the cost of additional units to a commercial credit card accepted by Qwest. These transactions are available only through Qwest-provided telephone numbers. Such additional units will be charged at the prevailing per-unit rate on the date of recharging.

B. Card Customizing: The physical appearance of cards may be designed by mutual agreement of Qwest and the customer or the customer may order preprinted cards from Qwest. Card customizing and associated charges are determined on an individual case basis.

C. Card Delivery and Printing: Card delivery and printing charges are determined on an individual case basis.

D. Taxes: The Qwest Prepaid card per unit charge is inclusive of federal, state and local taxes imposed on the provision of telecommunications service, but exclusive of the federal excise Tax and the general retail sales, use and similar taxes that may be imposed on the sales of the Qwest Prepaid card at the time and point-of-sale. Qwest shall only be liable for the payment of federal, state and local telecommunications service taxes at the time an Qwest Prepaid call is made on the net amount received by Qwest for each Qwest Prepaid card unit.

E. Directory Assistance: A charge of four (4) units per call for Option A; or, two (2) minutes per call for Option B and Option C, will apply for each call requesting Directory Assistance for numbers in the U.S. (including Puerto Rico and the U.S. Virgin Islands).

F. Payphone Use Charge: A charge of two (2) units per call for Option A; or, two (2) minutes per call for Option B and Option C, will apply to calls that originate from any payphone used to access Qwest services. This charge, which is in addition to standard tariffed usage charges and any applicable surcharges associated with Qwest service, applies for the use of the instrument used to access Qwest service and is unrelated to the Qwest service accessed from the payphone. Customers will be charged the payphone use charge for each call which is placed from payphones with the exception of: (i) calls placed by inserting coins during the progress of the call; (ii) calls using Telecommunications Relay service; or, (iii) calls originated by customers who are certified as hearing and/or speech impaired.

3.72 Qwest Prepaid Card and PIN (Continued)

Conditions of Service

A. Only the entity in whose name the original qualifying purchase was made shall be deemed to be the customer. Related entities, such as affiliates and subsidiaries, spouses and relatives, shall not be treated as the customer.

B. Calls to 500, 700, 800, 900 and 950 numbers will not be completed using the Qwest Prepaid card.

C. Calls may only be charged against an Qwest Prepaid card that has a sufficient available balance.

D. Qwest Prepaid card balances will be reduced and depleted based upon usage. A verbal warning is provided to the caller when the amount of units remaining on the card reaches a certain level. A call will be disconnected upon depletion of all available units on the card.

E. Qwest Prepaid cards will expire on the date specified on the card or package in which the card is included. The acquisition of a card will entitle the customer or the authorized user of the customer to make calls from the time of first use until the available card balance either is depleted or until the card expires, whichever first occurs. Once a card has expired it can not be recharged. If a customer chooses to recharge an Qwest Prepaid card, the card will remain active for one (1) year from the date that it is recharged. Every time the card is recharged the one year expiration period is reset for another year, however, the card will expire if it is not recharged again during that one year period, regardless of the remaining minutes or units on the card. Qwest Prepaid cards are non-refundable.

F. Neither Qwest nor any of its authorized agents or contractors shall be liable or responsible for theft, loss or unauthorized use of any Qwest Prepaid cards or card numbers. Qwest will not refund or issue credit for unused units (minutes) on any Qwest Prepaid card.

3.73 Campus Talk Dedicated Service

General Description

Campus Talk is a student billing service which will be marketed to various types of educational institutions; training facilities and/or housing entities that want to provide a long distance service to their residents and employees. Campus Talk provides long distance service to all types of students (current and previous) that are 18 years or older. This service requires dedicated access to either the school's or training center's PBX or Centrex Site and will require the use of authorization codes.

Credit Limit

There will be a $75 credit limit (no deposit based on possible credit check). Once the student exceeds $75 they are prohibited from making additional 1+ calls until their balance is less than $75. Students will be notified that they have exceeded their credit limit via an automated recording on their phone.

Billing

Billing will be done in initial thirty (30) seconds and additional one (1) second increments.

Rates

A. Campus Talk - Per Minute Rates

DAY		EVENING		NIGHT/WEEKEND	
1st Min	Add'l Min	1st Min	Add'l Min	1st Min	Add'l Min

RECD APR 3 0 1999

3.77 World Talk Dedicated Service

General Description

World Talk dedicated service is designed for all types of housing entities that want to provide a long distance service to their residents. World Talk will provide long distance service to all types of housing entities who residents are 18 years or older. This service requires dedicated access and the use of authorization codes.

Billing

Billing will be done in initial thirty (30) seconds and additional one (1) second increments.

Rates

There is a per minute usage rate and an one (1) time registration fee.

A. Registration fee (one time) $7.50

B. Per Minute Rates:

DAY		EVENING		NIGHT/WEEKEND	
1st Min	Add'l Min	1st Min	Add'l Min	1st Min	Add'l Min
$0.1000	$0.1000	$0.1000	$0.1000	$0.1000	$0.1000

Credit Limit

There will be a $75 credit limit (no deposit based on possible credit check). Once the customer exceeds $75 they are prohibited from making additional calls until balance is less than $75. All customers will be notified that they have exceeded their credit limit via an automated recording on their phone. The recording will provide a toll free number to call Qwest.

Legislative, Regulatory or Judicial Activity

Notwithstanding any statement to the contrary contained in this Tariff, and subject to prior Commission approval; in the event that any regulatory agency, legislative body or court of competent jurisdiction promulgates regulations or modifies existing ones including, without limitation, regulations regarding payphone compensation, access charges and/or universal service ("Regulatory Activity"), Qwest reserves the right, at any time to: (i) pass through to the Customer all, or a portion of, any charges or surcharges directly or indirectly related to such Regulatory Activity; or, (ii) modify the rates, including any rate guarantees, and/or terms and conditions contained in this Tariff to reflect the impact of such Regulatory Activity.
