EXHIBIT D

STATEMENT OF LANDOWNERS WHO RECEIVED NO NOTICE

Signed written statement of landowners whose property adjoins or lies near the Millcreek BESS site

To The PSC and OPC

Our name is Edward Atchison, Jr and Diana Hunter. We live on Millcreek Road just across the field from the proposed Battery Facility. We are the homeowners and residents of Lincoln county, Mo. We only became aware of the facility after the meeting in Elsberry. We were hearing from conversations with people in the area.

We believe that we should have been notified of this facility.

Because of this, we are requesting a hearing with more details of the facility.
