

Energy Learning Center  
Community Leader Event  
Ameren Missouri General Office Building

June 2, 2011

10:00 – 12:00

Attendees: PSC Chairman Kevin Gunn, Commissioner Robert Kenney, Advisor Joshua Harden, and several representatives from Ameren Missouri including Tom Voss, Warner Baxter, Richard Mark, Warren Wood and Gaye Suggett. Lewis Mills, OPC was invited.

This group, along with several state representatives and local officials, were at Ameren Missouri's St. Louis General Office Building. Guests were introduced to two new interactive websites, [AmerenSolar.com](http://AmerenSolar.com) and [AmerenMissouri.com/EnergyAdvisor](http://AmerenMissouri.com/EnergyAdvisor), and they toured the Energy Learning Center overlooking Ameren Missouri's solar installation as well as touring the solar installation itself. The Company discussed the pros and cons of utilizing solar power in our region. The Company explained that the solar facilities at our General Office Building were installed in order to provide our customers with information regarding the primary solar technologies utilized by retail and small commercial facilities throughout the county.
