| 11. | Reference James Busch Testimony: Were any other methods of allocation considered? If so, which ones and why were they rejected? |
|-----|---|

STAFF DID NOT CONSIDER any other methods of allocation. In earlier versions of its ECOS studies, Staff utilized a 12 NCP Average & Peak allocator as a proxy for the more preferable TOU allocators ultimately used by Staff in its filed position until such time as Staff was able to develop the TOU allocators.
