 digitalphone

Dear Valued Time Warner Cable Customer,

I'm writing today to tell you about a new home phone service that can simplify your life and save you money — Digital Phone from Time Warner Cable.

**No Surprises. No Long-Term Contracts. No Kidding.**

With Digital Phone, you won't have to worry about complicated calling plans or calling rates that fluctuate based on the time of day you call. You'll enjoy unlimited calling from home for one low monthly price. And unlimited really means unlimited — you'll have the freedom to call anyone, anytime, anywhere in the U.S., and the price won't change.

Digital Phone delivers all this for

as low as

**\$39.95**

a month.

- Unlimited local, in-state and long distance calling throughout the U.S.
- **FREE** installation — works with existing phone and jack
- Keep your same phone number
- Caller ID, Call Waiting and Call Waiting ID included at no extra cost
- Enhanced 911

**One Price. One Bill. One Company.**

You'll have the added convenience of receiving one bill for cable television and home phone service. And, of course, it's from Time Warner Cable — a company you can count on.

**Make the switch to Digital Phone** and start enjoying unlimited calling today!

Call now **816.743.2417**.

Or visit: **[www.twcdigitalphone.com/kansascity](http://www.twcdigitalphone.com/kansascity)**

Sincerely,

Dale Fox  
Vice President  
Digital Phone

Digital Phone does not include back-up power and, as in the case with an electrified home cordless phone, should there be a power outage, Digital Phone will not be available. Customers will be billed additionally for Outage Assistance. Operator Services, calls to international locations and taxes and fees. Offer valid for residential customers in Digital Phone serviceable areas only. Other restrictions apply. Call for details.

1. Unlimited calling as low as \$39.95 per month
2. Call Waiting, Caller ID and Call Waiting ID at no extra charge
3. One bill for local and long distance calls

Unlimited calling as low as \$39.95 per month

With Digital Phone you can call anyone, anytime, anywhere in Kansas, Missouri, and the United States for one simple monthly price. Call as often as you want. Talk as long as you want for just \$49.95 per month.

Customers who subscribe to Standard Cable or High-Speed Internet Service from Time Warner Cable receive a discount of \$5.00 per month and pay just \$44.95 per month for Digital Phone.

Customers who subscribe to both Standard Cable and High-Speed Internet Service from Time Warner Cable receive a discount of \$10.00 per month and pay just \$39.95 per month for Digital Phone.

### Unlimited Calling

Call anyone in Kansas,

Missouri and the United States,

talk as long as you want,

call as frequently as you like

Talk as long as you want. Don't be bound by traditional telephone rate plans that fluctuate by the time of day or day of the week. Instead, pay the same price no matter how often, how long, when or where you call.

And the savings don't stop there. **International calls, Directory Assistance and Operator Services** are billed separately at rates that are competitive with other major carriers.

### Call Waiting, Caller ID and Call Waiting ID at no extra charge

Get the most convenient, most popular calling features — Call Waiting, Caller ID and Call Waiting ID — without paying extra charges.

**Call Waiting** lets you answer a second call when you're on the phone. With the press of a button, put your first caller on hold and connect with the second one.

**Caller ID** lets you know who is calling before you pick up the phone, so you only answer the calls you choose to.

**Call Waiting ID** combines Call Waiting and Caller ID when you're on the phone to show you the name and number of your second caller.

**One bill for local and long-distance calls, Cable and High-Speed Internet**

One convenient bill, one dependable company. No matter where you call in Kansas, Missouri, and across the United States, you'll pay the same rate each month, so your bill is easy to understand.

And with one bill for Standard Cable, High-Speed Internet, Local and Long-Distance service, if you ever have questions, you know who to call: Time Warner Cable.

**Note:** Digital Phone does not include back-up power, and in the case of a cordless phone, should there be a power outage, Digital Phone, including the ability to access 911 services will not be available until the power is restored.

## Time Warner Cable Kansas City Calling Features

### Calling Features

How Do I Use

Call Waiting

Caller ID

Call Waiting ID

My Account

No extra charge!

Digital Phone convenient calling features are easy to use. To learn how, click on the names below.

### Call Waiting

#### Caller ID

#### Call Waiting ID

### Call Waiting

When you're on the phone, hear when another caller is trying to reach you.

When a second call comes in, the caller hears normal ringing while you hear a special tone.

#### To answer a second call:

Press and quickly release the "switchhook" or "flash" button on your phone. While you talk with one caller, the other caller is automatically put on hold. Each conversation is private.

#### To alternate between calls:

Press and quickly release the "switchhook" or "flash" button again to return to the first call.

#### To end either call:

Hang up. Your phone will ring right away, and when you answer it, you'll be connected with the other call.

#### To cancel Call Waiting:

Dial \*70, wait for a dial tone and dial your number. You must do this for each call you wish to cancel call waiting for.

### Caller ID

See who's calling before you answer the phone.

After the first ring, the name and telephone number of the person calling you automatically appears on your Caller ID screen.

#### Note:

- If you see "Private" or "P," the caller may have blocked the display of their name and number by pressing \*67 before placing the call.
- If you see "unknown name," "unknown number," "out of area" or "O," the caller is in an area that does not support this service.
- You need a Caller ID display telephone or an add-on display to see Caller ID.

### Call Waiting ID

When you're on the phone and another call comes in, see who is trying to

reach you.

Combine Caller ID with Call Waiting and take control of your calls. A special tone alerts you when a second call comes in, and you see the name and number of the caller.

# UNLIMITED CALLING

#### Call Waiting

When you're on the phone, hear when another caller is trying to reach you.

When a second call comes in, the caller hears normal ringing, while you hear a special tone.

#### To answer a second call:

Press and quickly release the "switch hook" or "flash" button on your phone. When you talk with one caller, the other caller is automatically put on hold. Each conversation is private.

#### To alternate between calls:

Press and quickly release the "switch hook" or "flash" button again to return to the first call.

#### To end either call:

Hang up. Your phone will ring right away, and when you answer it, you'll be connected with the other call.

#### To cancel Call Waiting:

Dial \*70, wait for a dial tone and dial your number. You must do this for each call you wish to cancel call waiting for.

#### Caller ID

See who's calling before you answer the phone.

After the first ring, the name and telephone number of the person calling you automatically appears on your Caller ID screen.

#### Note:

- If you see "Private" or "P," the caller may have blocked the display of their name and number by pressing \*67 before placing the call.
- If you see "unknown name," "unknown number," "out of area" or "O," the caller is in an area that does not support this service.
- You need a Caller ID display telephone or an add-on display to see Caller ID.

#### Call Waiting ID

When you're on the phone and another call comes in, see who is trying to

reach you.

Combine Caller ID with Call Waiting and take control of your calls. A special tone alerts you when a second call comes in, and you see the name and number of the caller.

## Time Warner Cable Kansas City Plan Details

- |              |   |
|--------------|---|
| Call Waiting | 1. Unlimited calling as low as \$39.95 per month                  |
| Plan Details | 2. Call Waiting, Caller ID and Call Waiting ID at no extra charge |
| Cost         | 3. One bill for total and long-distance calls                     |

Unlimited calling as low as \$39.95 per month

With Digital Phone you can call anyone, anytime, anywhere in Kansas, Missouri, and the United States for one simple monthly price. Call as often as you want. Talk as long as you want for just \$49.95 per month.

Customers who subscribe to Standard Cable and High-Speed Internet Service from Time Warner Cable receive a discount of \$5.00 per month and pay just \$44.95 per month for Digital Phone.

Customers who subscribe to both Standard Cable and High-Speed Internet Service from Time Warner Cable receive a discount of \$10.00 per month and pay just \$39.95 per month for Digital Phone.

### Unlimited Calling

Call anyone in Kansas,  
Missouri and the United States  
talk as long as you want,  
call as frequently as you like.

Talk as long as you want. Don't be bound by traditional telephone rate plans that fluctuate by the time of day or day of the week. Instead, pay the same price no matter how often, how long, when or where you call.

And the savings don't stop there. International calls, Directory Assistance and Operator Services are billed separately at rates that are competitive with other carriers.

### Call Waiting, Caller ID and Call Waiting ID at no extra charge

Get the most convenient, most popular calling features — Call Waiting, Caller ID and Call Waiting ID — Without paying extra charges.

Call Waiting lets you answer a second call when you're on the phone. With the press of a button, put your first caller on hold and connect with the second one.

Caller ID lets you know who is calling before you pick up the phone, so you only answer the calls you choose to.

**Call Waiting ID** combines Call Waiting and Caller ID when you're on the phone to show you the name and number of your second caller.

**One bill for local and long-distance calls, Cable and High-Speed Internet**

One convenient bill, one dependable company. No matter where you call in Kansas, Missouri, and across the United States, you'll pay the same rate each month, so your bill is easy to understand.

And with one bill for Standard Cable, High-Speed Internet, Local and Long-Distance service, if you ever have questions, you know who to call: Time Warner Cable.

**Note:** Digital Phone does not include back-up power, and in the case of a cordless phone, should there be a power outage, Digital Phone, including the ability to access 911 services, will not be available until the power is restored.

digitalphone

Dear Valued Time Warner Cable Customer:

I'm writing today to tell you about a new home phone service that can simplify your life and save you money — Digital Phone from Time Warner Cable.

**No Surprises. No Long-Term Contracts. No Kidding.**

With Digital Phone, you won't have to worry about complicated calling plans or calling times that fluctuate based on the time of day you call. You'll enjoy unlimited calling from home for one low monthly price. And unlimited calls means unlimited — you'll have the freedom to call anyone, anytime, anywhere in the U.S., and the price won't change.

Digital Phone delivers all this for

as low as

**\$39.95**

per month

- Unlimited local, in-state and long distance calling throughout the U.S.
- FREE installation service with no activation fee
- Keep your home phone system
- Caller ID, Call Forwarding and Call Waiting included at no additional cost
- Enhanced 911

**One Price. One Bill. One Company.**

You'll have the added convenience of receiving one bill for both television and home phone service. And, of course, it's from Time Warner Cable — a company you can count on.

**Make the switch to Digital Phone and start enjoying unlimited calling today!**

Call now **816.743.2417**.

**NOTES:**

<sup>1</sup> AT&T CallVantage offers first month free. Some calling features offered are non-traditional, such as Call Log, Locate Me, etc.

<sup>2</sup> Requires a broadband connection with Internet access (average cost \$31).

<sup>3</sup> Wireless plans require a minimum 12-month service agreement.

\*As prices and package components often change to better meet consumers' needs, this information is just an example of the variety of providers and technologies available to many Missouri consumers. This data was gathered in October 2004 via public Web sites and through providers' customer service channels.
