Products and Services:

Our products help you save money and help the environment. We support *The Freedom Plan*:
 Every product sold contains a future green tag that contributes directly to building a future utility scale wind turbine!

Fuel Catalyst

Save 20% on gas...Average savings for 2 cars or SUVs is \$52 or \$70 per month.

Save 20% on Gas* Now Ask Me How...

Install a Fuel Catalyst in your vehicle...save 20% on Gasoline for 5 years!

Average Savings**:

Cars – Save \$26 per Month!
SUVs – Save \$36 per Month!
Motorcycles – Save \$15 per Month!
Diesel savings will vary.
Plus, Lower Emissions by ~25%
(Reduce Greenhouse Gases & pollution)

What is a Fuel Catalyst?

Krystal Planet is the exclusive direct marketer of the Fitch Fuel Catalyst, a permanent fuel treatment that improves fuel economy by 12-30%, adds torque (power), and cuts emissions by ~25%. Developed for the military (U.S. Navy buys \$4 Million per year of the product), it has 8 international patents, is EPA certified to not void any engine warranty, certified & tested by 20+ independent labs, and has a 5-year Warranty.

The U.S. Navy
uses this
catalyst!

* 10% savings guaranteed in writing.

** Assumes \$2.00/gallon gas, 18,000 miles/year, 18% savings.

choosing the right product

Which fuel catalyst works for your vehicle?

In Line Models*

| Model | Description | SRP |
|-------|---------------------------------|----------|
| F100 | 4 Cylinder, up to 100 HP | \$129.95 |
| F200 | 6 & 8 Cylinder, up to 5.7 Liter | \$169.95 |
| F300 | 8 Cylinder, up to 6.8 Liter | \$219.95 |
| F400 | Up to 8.6 Liter, up to 400 HP | \$299.95 |
| F500 | Up to 14.6 Liter, up to 500 HP | \$399.95 |

* Installation kits available for In Line Models (but not required).

Drop In Models

| Model | Description | SRP |
|-------|---|----------|
| 5T | Motorcycles, ATVs, etc | \$49.95 |
| 6T | 4 or 6 Cylinder engines | \$149.95 |
| 8T | 8 Cylinder engines (up to 35 gallon tank) | \$199.95 |
| 10T | 10 Cylinder engines (up to 45 gallons) | \$249.95 |

how does it work?

Benefits:

- Works on any vehicle or engine (lawnmowers, cycles, etc.).
- Lasts 10-15 years, warranty good for 5 years.
- Save ~\$2,000 to \$4,000* on fuel costs over life of product.
- Pays for itself in ~6-10 months.
- 10% savings **Guaranteed** or your money back

The average tank of gas has ~1,400 hydrocarbon molecules and has lost over 25% of the energy content it had at the refinery. Small hydrocarbon molecules (<C7) don't combust creating ping & knock. Large molecules (>C13) don't combust, leaving the chamber as waste in the form of exhaust. The catalyst breaks up C13-C18 and helps C1-C7 bond together so the fuel burns more efficiently, cleaner, with fewer emissions.

energy savings products

instant tankless hot water heater

- Developed by NASA
- Easy to install
- No tank required
- Heats water on demand
- Very precise regulation
- It pays for itself quickly on electricity savings
- Saves space
- Safer than conventional units
- Competitive products will cost from \$500 to over \$1,000
- 15 year manufacturers warranty

Technology

HER 310

Price: \$299.00

Niagara Industries Tankless Water heaters incorporate new space age technology and feature a faster and more accurate temperature sampling system, a manual resettable thermostat and a new air/water differential analyzing system to prevent dry starts, (which is a key problem for other tankless systems.)

By heating water only as it is needed our Tankless Water Heater eliminates the need for bulky water heaters that heat water continuously. This can reduce hot water costs up to 60% over conventional electric water heaters. The Tankless Water Heater's high efficiency is in part due to its dedicated analog microprocessor that samples input and output temperatures 21 times per second. This power control system analyzes the data and manages power usage for maximum efficiency and temperature stability. At rest, the Tankless Water Heater uses no power at all.

Specifications

| | |
|-----------------------|--|
| Applications | Entire house – 2 baths, dishwasher, washing machine |
| Max KW at 220V | 11.8 KW |
| Volts | 220V |
| Gallons per minute | 2.5 |
| Pipe Fitting | 1/2" Standard Pipe |
| Pressure Requirements | 5 PSI-Min./150 PSI-Max |
| Voltage | 220 VAC Std.(208/277 Avail.), max amps at 220V = 54 |
| Elements | Dual Incoloy/Nichrome |
| Energy Efficiency | Up to 99.5% |
| Activation | 0.4 GPM-on/.3 GPM-off |
| Indicators | Red-on/Amber-stand by |
| Warranty | 15 years on casing 1 year on components |
| Protection | Dual Microtemp Thermofuse - Manual Resettable Thermostat |

Average estimated monthly savings for our customers:

If you currently use natural gas to heat your water:
\$20

If you currently use electricity to heat your water:
\$30

energy savings products

Only at Krystal Planet...complete hydrogen system

power your home & vehicles for 30 years

The Krystal Hydrogen SystemSM uses Sunlight and Wind to power your home, and makes hydrogen with the extra energy to 'store' the wind & solar power. Makes enough extra hydrogen to power up to two (2) vehicles (conversion of any gasoline or diesel engine to run on H₂ is an extra charge).

Benefits:

- Never pay another power bill again
- Fuel your vehicles for FREE
- Clean the Air & Water
- Reduce Dependence on Foreign Energy

Energy costs are at record high prices, and will likely continue rising. If you have some money to spend (this system is not cheap), want to be a leader in your community (have 'bragging rights' to be the 1st in your town to power your home and car with renewable hydrogen!), and want to protect your future from rising energy costs, this system is it. **Only 50 systems available in 2005.** Financing available (equity line or unsecured loan).

The \$150,000 Krystal Hydrogen SystemSM includes:

- 5 kW Solar PV array
- Hydrogen Electrolyzer (makes ~1 kg/day of H₂, 2 kW input – enough extra for a fuel cell + up to 2 vehicles)
- 5 kW Fuel Cell + 3600 psi hydrogen storage tank
- Power Control system & inverter, shipping, installation, 5 year warranty
- Note: solar PV system has a 25-year warranty, Electrolyzer has a 50-year warranty
- *OPTION: 3.2 kW Wind turbine + up to 70' tower added to KHS for \$10,000 plus installation*
