STATUS REPORT

COMES NOW the Staff of the Missouri Public Service Commission and, as the Commission directed in its July 19, 2016, *Order Directing Notice And Setting Intervention Deadline*, files this status report and in support states as follows:

1. On July 22, 2016, Staff submitted its initial data requests to Summit Natural Gas of Missouri, Inc. (“Summit” or “Applicant”) in this matter, responses to which were due on August 11, 2016. On August 2, 2016, Applicant requested until August 22, 2016 to respond to the initial data requests. Staff also submitted data requests to Applicant on July 29 and August 1.

2. On August 10, 2016, Applicant filed a Motion for Leave to Amend Application and three amended appendices which changed the areas for which Applicant seeks a certificate in this case and the estimated revenues associated with the requested areas.

3. Applicant did not file a complete feasibility study with either its original or amended certificate request, and has sought a waiver from such filing requirement.

4. Due to the foregoing, Staff is unable to file a recommendation on Summit's application at this time, and is submitting this status report pursuant to the Commission's Order dated July 19. Staff is in the process of seeking further discovery from the Applicant and depending upon the progress of discovery in this matter, Staff intends to file a recommendation on Summit's application or a further status report not later than September 30, 2016.

WHEREFORE, Staff respectfully submits this status report and requests the Commission issue an order allowing it to file either a recommendation or further status report no later than September 30, 2016.

Respectfully submitted,

/s/ Hampton Williams
