**ORDER ESTABLISHING TIME TO RESPOND TO MOTION IN LIMINE
OR TO STRIKE TESTIMONY**

Issue Date: January 6, 2015

Effective Date: January 6, 2015

The Missouri Industrial Energy Consumers (MIEC) filed the direct testimony of Greg R. Meyer on December 5, 2014. More than a month later, on January 6, 2015, Union Electric Company, d/b/a Ameren Missouri, filed a motion asking the Commission strike a portion of Mr. Meyer's testimony concerning recovery of solar rebates paid by Ameren Missouri. Ameren Missouri contends that testimony and the position it espouses on behalf of MIEC violates the terms of the approved stipulation and agreement in File No. ET-2014-0085, which MIEC signed. Because rebuttal testimony is due by January 16 and Ameren Missouri would like to know whether it needs to rebut the challenged testimony, the motion asks the Commission to rule on that motion no later than January 13.

Ameren Missouri does not explain why it waited 32 days after Mr. Meyer's testimony was filed to raise its objection. Nevertheless, the motion appears to be straightforward and should not require a great deal of time for MIEC to prepare a response. Therefore, the Commission will direct MIEC to respond by January 9, to allow time for the Commission to rule upon the motion at its next available agenda meeting on January 14.

THE COMMISSION ORDERS THAT:

1. The Missouri Industrial Energy Consumers shall file a response to the Motion in Limine or to Strike Testimony and for Expedited Consideration no later than January 9, 2015.
2. This order shall be effective when issued.
