## ERRATA TO PUBLIC COUNSEL'S AMENDED BRIEF

**COMES NOW** the Missouri Office of the Public Counsel and for its Errata to Public Counsel's Amended Initial Brief states:

- 1. Public Counsels initial brief filed on July 22, 2015 included errors on page 78 regarding the low-income weatherization program that are corrected by Public Counsel's Amended Initial Brief filed contemporaneously with these Errata.
  - 2. The corrections are as follows. The underlined language was added:

During the evidentiary hearing, Public Counsel witness Dr. Geoff Marke was questioned as to his opinion of DE's proposal to recover LIWAP through MEEIA versus recovery through base rates (Tr. 1970). Dr. Marke testified to a number of reasons to approve DE's proposal. One very important reason involves the need to address weatherization in multi-family housing (Tr. 1971). Ninety-nine percent (99%) of MEEIA weatherization funds go to single-family homes (Tr. 1970). Funding the LIWAP through KCPL's MEEIA base rates would allow LIWAP funds to be made available to multi-family homes (Tr. 1971).

Accordingly, to ensure that LIWAP funding stability and to allow LIWAP funds to apply to multi-family homes, Public Counsel supports DE's proposal and asks the Commission to approve the proposal and more move LIWAP funding from the MEEIA and into base rates.

WHEREFORE, the Public Counsel respectfully submits these Errata.

Respectfully submitted,
