**ORDER APPROVING THIRD DEMAND SIDE INVESTMENT MECHANISM  
RIDER RATE ADJUSTMENT**

Issue Date: January 20, 2016

Effective Date: February 1, 2016

On December 11, 2015, Kansas City Power & Light Company ("KCP&L") filed a tariff sheet to adjust its Demand Side Investment Mechanism Rider ("DSIMR"). Pursuant to stipulation and agreements approved by the Commission in File No. EO-2014-0095,<sup>1</sup> KCP&L may recover certain costs related to the Missouri Energy Efficiency Investment Act ("MEEIA") through a DSIMR. Commission rules require KCP&L to make semi-annual adjustments to its DSIMR to reflect the amount of revenue that has been over or under-collected.<sup>2</sup> KCP&L's tariff sheet (Tracking No. JE-2016-0153) bears a February 1, 2016 effective date.

KCP&L's filing is based on actual and estimated performance for the six-month period through September 2015, and projected performance through June 2016 for MEEIA program costs. KCP&L's DSIMR rate change decreases overall revenue through the rates

<sup>1</sup> The Commission issued an Order Approving Stipulation and Agreement on June 5, 2014 and an Order Approving Stipulation and Agreement on December 22, 2015 in File No. EO-2014-0095.

by approximately \$4.5 million. The proposed change will reduce residential customers' DSIMR rate from \$0.00132 to \$0.00022 per kilowatt-hours ("kWh") and decrease non-residential customers' rate from \$0.00450 to \$0.00358 per kWh.<sup>3</sup>

On January 7, 2016, the Commission's Staff filed a recommendation stating it found KCP&L's revised tariff sheet to be in compliance with the stipulation and agreements in File No. EO-2014-0095. Staff verified that KCP&L has filed its Annual Report and is not delinquent on any assessment or the submission of its Quarterly Surveillance Monitoring Reports, as required by Commission rule 4 CSR 240-20.090(10). Staff recommends the Commission approve the tariff sheet with its February 1 effective date. No responses to Staff's recommendation were filed.<sup>4</sup>

The Commission's rule regarding adjustment of DSIMR between general rate proceedings states that if the proposed adjustment is in accordance with the rule, Section 393.1075, RSMo, and the previously-approved DSIMR, the Commission shall issue an order approving the tariff sheet. The Commission, having reviewed KCP&L's tariff filings and Staff's verified recommendation, finds that the tariff sheet implementing the DSIMR adjustment is in compliance with all applicable statutes and regulations. Therefore, the Commission will approve KCP&L's proposed tariff.
