ORDER GRANTING APPLICATIONS TO INTERVENE

Issue Date: February 15, 2022

Effective Date: February 15, 2022

Evergy Metro, Inc. d/b/a Evergy Missouri Metro submitted tariff sheets on January 7, 2022, to produce a net increase in its electric base rates. The Commission provided notice of Evergy Missouri Metro's application and set a deadline for applications to intervene.

On January 31, 2022, Renew Missouri Advocates d/b/a Renew Missouri timely filed an application to intervene. Renew Missouri stated that it is a non-profit policy group. Renew Missouri stated its interests are different than those of the general public. Renew Missouri further stated that granting its intervention request would serve the public interest. Renew Missouri stated that it has not yet taken a position on Evergy Missouri Metro's application.

On February 3, 2022, ChargePoint, Inc. timely filed an application to intervene. ChargePoint stated that it is an electric vehicle charging network. ChargePoint stated its interests are different than those of the general public. ChargePoint further stated that granting its intervention request would serve the public interest. ChargePoint stated that it has not yet taken a position on Evergy Missouri Metro's application.

More than ten days have passed since the filing of Renew Missouri's and ChargePoint's respective applications to intervene and no one has responded.¹ After considering the unopposed applications to intervene, the Commission finds that Renew Missouri and ChargePoint have interests which are different from that of the general public and allowing them to intervene will serve the public interest. Therefore, in accordance with Commission Rule 20 CSR 4240-2.075(3), the Commission will grant the applications to intervene.

THE COMMISSION ORDERS THAT:

1. The application to intervene of Renew Missouri is granted.
2. The application to intervene of ChargePoint is granted.
3. This order shall be effective when issued.
