ORDER DESIGNATING ATTACHMENTS AS HIGHLY CONFIDENTIAL

Issue Date: August 24, 2006

Effective Date: August 24, 2006

On August 21, 2006, USW Local 11-6 filed its First Amended Complaint. Attached to that complaint were lists of the addresses of Laclede Gas Company customers where alleged natural gas leaks and other problems have occurred in conjunction with the installation of automated meter readers. The Staff of the Missouri Public Service Commission filed a motion on August 22, 2006, requesting that the information be designated as "highly confidential" in order to protect the customer-specific information.

In an abundance of caution, the Commission will designate the customer addresses and any other identifying information on pages 0001-0004 and 0013-0063 as "highly confidential." The Commission will designate the current attachments as "highly confidential" in their entirety and direct USW Local 11-6 to file a "public" version of the documents with any customer names, addresses, phone number or other customer-identifying information redacted.

IT IS ORDERED THAT:

1. Any customer addresses and other customer-specific information on pages 0001-0004 and 0013-0063 of the attachment to the First Amended Complaint are hereby designated as "highly confidential."
2. No later than September 25, 2006, USW Local 11-6 shall file a "public" version of the attachments to its First Amended Complaint with the customer-specific information redacted.
3. This order shall become effective on August 24, 2006.
