

ILLUSTRATIVE FILING LETTER INCORPORATING PROPOSED REQUIREMENTS

October 15, 200X

The Honorable Dale Hardy Roberts
Secretary/Chief Regulatory Law Judge
Missouri Public Service Commission
P.O. Box 360
Jefferson City, Missouri 65102

Dear Judge Roberts:

Southwestern Bell Telephone, L.P., d/b/a SBC Missouri proposes to revise the Local Exchange Tariff, P.S.C. Mo.-24 and P.S.C. Mo.-17, Sections 12 and 19 of Missouri General Exchange Tariff, P.S.C. Mo.-35 and Sections 3 and 6 of the Access Services Tariff, PSC. Mo.-36. The purpose of this revision is to file new maximum and current rates for basic local service and exchange access as required under price cap regulation.

As you are aware, under price cap regulation, basic local service and exchange access rates were capped until January 1, 2000. Thereafter, the maximum rates for basic local service and exchange access rates will change per the CPI- telephone service (CPI-TS) or, if the company requests and the PSC permits, change by the GDP-PI less the FCC's productivity offset and adjusted by exogenous factors. The proposed rates were calculated based on changes in the CPI-telephone service index. Rates will be decreasing by X.X0%. Current and proposed prices and decreases are shown below.
