

# Exhibit No. 102

Staff – Exhibit 102  
Amanda Coffey  
Direct Testimony (Cost of Service)  
File No. WR-2022-0303

*Exhibit No.:*  
*Issue(s): Depreciation*  
*Witness: Amanda Coffe*  
*Sponsoring Party: MoPSC Staff*  
*Type of Exhibit: Direct Testimony*  
*Case No.: WR-2022-0303*  
*Date Testimony Prepared: November 22, 2022*

**MISSOURI PUBLIC SERVICE COMMISSION**

**INDUSTRY ANALYSIS DIVISION**

**ENGINEERING ANALYSIS DEPARTMENT**

**DIRECT TESTIMONY**

**OF**

**AMANDA COFFER**

**MISSOURI-AMERICAN WATER COMPANY**

**CASE NO. WR-2022-0303**

*Jefferson City, Missouri*  
*November 2022*

1 **DEPRECIATION**

2 Q. What is depreciation?

3 A. Depreciation is defined as “the loss in service value not restored by current  
4 maintenance, incurred in connection with the consumption or prospective retirement of utility  
5 plant in the course of service from causes which are known to be in current operation and against  
6 which the utility is not protected by insurance. Among the causes to be given consideration are  
7 wear and tear, decay, action of the elements, inadequacy, obsolescence, changes in the art,  
8 changes in demand, and requirements of public authorities.”<sup>1</sup> The rate at which this occurs is  
9 called the depreciation rate.

10 Q. Is MAWC requesting updated depreciation rates in this case?

11 A. No.

12 Q. Did MAWC submit its depreciation study, database, and property unit catalog  
13 in this case?

14 A. No. However, MAWC submitted these items in its last rate case, Case No.  
15 WR-2020-0344, in conjunction with the depreciation study it conducted at that time.  
16 MAWC generally conducts a depreciation study every three to five years.<sup>2</sup> Less than three years  
17 have elapsed in the filing of this current rate case, therefore, Staff did not expect MAWC to  
18 conduct another depreciation study at this time. MAWC performing a depreciation study at this  
19 time would not have been cost effective due to the short time period between now and the time  
20 of the last depreciation study.

---

<sup>1</sup> Definition from NARUC USOA for Class A and B Water Utilities 1973.

<sup>2</sup> There are no rules related to how often water and sewer companies are required to submit their depreciation studies, databases, and property unit catalogs. 20 CSR 4240-40.090(1)(B) for gas utilities, and 20 CSR 4240-3.175(1)(B)2 for electric utilities require gas and electric utilities to submit these items every three to five years. Staff believes that this timeframe is also appropriate for water and sewer utilities.

1 Q. Did Staff perform a depreciation study for this case? If no, why not?

2 A. No. Staff last performed a depreciation study for MAWC during its last rate case,  
3 Case No. WR-2020-0344. Depreciation rates are calculated from the observed average service  
4 life of assets therefore Staff would not expect a significant change to that average with the  
5 addition of one year of data. As stated above, MAWC generally submits their depreciation  
6 study, database, and property unit catalog once every three to five years. At such time, Staff  
7 typically performs a depreciation study.

8 **CONCLUSION**

9 Q. What are Staff's recommendations for this case regarding depreciation rates?

10 A. Staff is recommending the continued use of the depreciation rates that are  
11 currently in effect for MAWC as ordered in its last rate case. The currently ordered depreciation  
12 rates are presented in schedule AC-d2 and Staff Accounting Schedule 5.

13 Q. Does this conclude your direct testimony?

14 A. Yes it does.

BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI

In the Matter of Missouri-American Water            )  
Company's Request for Authority to                    )  
Implement General Rate Increase for Water         )  
and Sewer Service Provided in Missouri            )  
Service Areas    )
