**APPLICATION TO INTERVENE
OF AG PROCESSING INC, A COOPERATIVE**

This application requests intervention in this proceeding for AG PROCESSING INC, A COOPERATIVE ("AGP"). Pursuant to 4 C.S.R. 240-2.075 AGP applies to intervene and to become a party in this proceeding. In support, AGP states:

1. AGP is an agricultural cooperative and is a large manufacturer and processor of soybean meal, soy-related food products, and other grain products throughout the central and upper Midwest, including the State of Missouri. AGP is the largest cooperative soybean processing company in the world, the third-largest supplier of refined vegetable oil in the United States and the third-largest commercial feed manufacturer in North America.

2. AGP operates a major processing facility in St. Joseph, Missouri where it is a major industrial water supply customer of Missouri-American Water Company ("Missouri-American") in the St. Joseph district.

3. AGP's interest in proceedings affecting the rates, terms and conditions of water services from Missouri-American

have been previously recognized by the Missouri Public Service Commission in permitting AGP's intervention in prior Missouri-American rate design, rate-related proceedings and spin-out collaboratives. AGP has actively participated in such cases.

4. Correspondence or communications regarding this application, including service of all notices and orders of this Commission, should be addressed to:

5. On June 30, 2011, Missouri-American filed proposed tariffs claimed to produce a substantial annual increase for water service in its Missouri service areas including St. Joseph. Initial investigation and review of these proposed tariffs and the accompanying materials indicates that they have not been shown to be just and reasonable and may be unjust, unreasonable, and unduly discriminatory.

^{1/} Mr. Woodsmall is the firm's resident attorney at its Jefferson City Office. His Jefferson City address is: 428 East Capitol Avenue, Suite 300, Jefferson City, MO 65101,

6. To the extent that such request is necessary, AGP requests that the Missouri Public Service Commission suspend the proposed tariffs for the full statutory period so that they may be investigated.

7. AGP is vitally interested in issues that are or may be raised by or developed as a result of the investigation of Missouri-American's filing for an increase in its rates and revenues, including, without limitation, (1) the revenues which will or may be realized under such rates and changes in revenues from former rates in effect before the current filing; (2) the amount and prudence of expenses and purported matching revenues to be charged to the appropriate test period; and (3) the design and structure of rates needed to raise revenues sufficient to meet a proper cost of service for Missouri-American, particularly in its St. Joseph District.

8. AGP will be bound or adversely affected by any Commission order in this proceeding. Because of the structure of the rate schedules under which Missouri-American sells water to AGP, and because of AGP's size and consistency of water usage for production purposes, AGP is in the special position of representing its own interest that is direct, immediate, different from that of the general public, and that cannot adequately be represented by any other party. Therefore, it will aid the Commission and serve and protect the public interest that AGP be permitted to intervene in this proceeding to protect its interests.

9. For purposes of 4 C.S.R. 240-2.075(2), AGP states that it opposes the discriminatory and excessive pricing of public utility services, including those provided by Missouri-American and therefore, pending further investigation which cannot be conducted without intervention and access to the tools of discovery under Commission rules, opposes the relief sought by Missouri-American in this proceeding.

WHEREFORE, AGP prays: (a) that it be permitted to intervene and be a party to this case with all rights to have notice of and participate in any proceedings and hearings to present evidence, to cross-examine witnesses, file briefs and present any argument; and (b) for all other relief to which AGP is entitled.

Respectfully submitted,

FINNEGAN, CONRAD & PETERSON, L.C.
