**Emergency Operations Plan and Business Continuity Plan**

## EMERGENCY OPERATIONS PLAN

T-Mobile is able to function in emergency situations as set forth in Section 54.201(a)(2), which includes “a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”<sup>1</sup> In particular, T-Mobile has the following capabilities to remain functional in emergency situations:

- Availability of fixed and portable back-up power generators at various network locations throughout T-Mobile’s network that can be deployed in emergency situations.
- Ability to reroute traffic around damaged or out-of-service facilities through the deployment of cell-on-wheels (“COWs”), redundant facilities, and dynamic rerouting of traffic over alternate facilities.
- A network control center that monitors network traffic and anticipates traffic spikes, and can then (i) deploy network facilities to accommodate capacity needs, (ii) change call routing translations, and (iii) deploy COWs to temporarily meet traffic needs until longer-term solutions, such as additional capacity and antenna towers can be deployed.
- The majority of sites not equipped with fixed generators have battery back-up systems installed to maintain service in the event of a widespread power outage.

## T-Mobile USA Business Continuity Program Summary

T-Mobile USA, Inc. ("T-Mobile") is committed to safeguarding the interests of our customers, employees and stakeholders in the event of an emergency or significant business disruption. As a result T-Mobile has and maintains an enterprise-wide Business Continuity Program designed to provide effective responses to a wide variety of disruptive events. T-Mobile's Business Continuity Program is centralized in its design and decentralized in its implementation, promoting active involvement in the program by all lines of business in all locations.

Primary components of the T-Mobile Business Continuity Program include:

- Enterprise Business Continuity Project Initiation and Oversight
- Risk Evaluation and Controls
- Business Impact Assessment and Analysis
- Business Continuity and Disaster Recovery Strategic Direction
- Crisis Response, Emergency Response, and Operations
- Business Continuity Plan Development, Maintenance, and Exercising
- Awareness and Training Programs
- Public Relations and Crisis Response and Resumption Coordination
- Coordination with External Agencies

A team of certified Business Continuity professionals is responsible for documenting and developing enterprise standards, processes, and policies for all business continuity and disaster recovery needs throughout T-Mobile. This group supports the line of business continuity planning and defines enterprise tools and methodologies. This level of consistency across the lines of business enhances T-Mobile's overall planning and resumption efforts.

T-Mobile also maintains backup and alternate power sources at mission critical locations, and has information processing and telecommunications back-up sites that provide redundancy that is important to protecting key business information and services. Business Continuity Plans are housed in a centralized online repository, accessible to employees in office and remotely through a web browser. Additionally, hard copies of plans are available at multiple sites throughout the enterprise.

The T-Mobile USA Business Continuity Program is designed and maintained to proactively mitigate the risk of threats to T-Mobile's customers, employees, and stakeholders. As such the program is revised and updated as needed to address potential and emerging hazards.

Ms. Kelsey Joyce  
Director of Legal Affairs  
Marketing  
T-Mobile USA, Inc.  
12920 SE 38<sup>th</sup> Street  
Bellevue, WA 98006

Dear Kelsey:

Congratulations! This letter is to notify you that T-Mobile USA ("T-Mobile") has completed the recertification process for the CTIA Consumer Code for Wireless Service ("Voluntary Consumer Code") for the period January 1, 2011 – December 31, 2011, and is deemed compliant with the principles, disclosures and practices set forth in the Voluntary Consumer Code. Accordingly, T-Mobile is authorized to use and display the CTIA Seal of Wireless Quality/Consumer Information, subject to the terms and conditions set forth in the attached License Agreement.

Please ensure that the relevant employees of T-Mobile review the License Agreement before using the Seal. Use of the Seal constitutes acceptance of these terms and conditions. Upon request, we will provide two specimens (color and black/white) of the Seal for T-Mobile's use on its website or collateral materials. If you should have any questions concerning the recertification process or use of the Seal, please contact Andrea Williams, CTIA's Vice President of Law and Assistant General Counsel, at (202) 736-3215 or [awilliams@ctia.org](mailto:awilliams@ctia.org).

CTIA commends T-Mobile for its ongoing leadership and participation in the CTIA Voluntary Consumer Code, and we look forward to continuing to work with T-Mobile on this important industry initiative.

Sincerely,

*Congratulations!*

## Consumer Code *for* Wireless Service

To provide consumers with information to help them make informed choices when selecting wireless service, the CTIA and the wireless carriers that are signatories below have developed the following Consumer Code. The carriers that are signatories to this Code have voluntarily adopted the principles, disclosures, and practices here for wireless service provided to individual consumers, including voice, messaging, and data services sold either on a postpaid or prepaid basis.

### THE WIRELESS CARRIERS THAT ARE SIGNATORIES TO THIS CODE WILL:

#### ONE

#### DISCLOSE RATES AND TERMS OF SERVICE TO CONSUMERS

**F**or each service plan offered to new consumers, wireless carriers will disclose to consumers at point of sale and on their web sites, at least the following information, as applicable: (a) the coverage area for the service; (b) any activation or initiation fee; (c) the monthly access fee or base charge; (d) the amount and nature of any voice, messaging, or data allowances included in the plan (such as night and weekend minutes); (e) the charges for domestic usage in excess of any included allowances or outside of the coverage area; (f) for prepaid service plans, the period of time during which any balance is available for use; (g) whether there are prohibitions on data service usage and whether there are network management practices that will have a material impact on the customer's wireless data experience; (h) whether any additional taxes, fees or surcharges apply; (i) the amount or range of any such fees or surcharges that are collected and retained by the carrier; (j) the amount or nature of any late payment fee; (k) whether a fixed-term contract is required and its duration; (l) the amount and nature of any early termination fee that may apply; and (m) the trial

period during which a consumer may cancel service without any early termination fee, as long as the consumer complies with any applicable return policy.

## TWO

### **MAKE AVAILABLE MAPS SHOWING WHERE SERVICE IS GENERALLY AVAILABLE**

**W**ireless carriers will make available at point of sale and on their web sites maps depicting approximate domestic coverage applicable to each of their service plans currently offered to consumers. To enable consumers to make comparisons among carriers, these maps will be generated using generally accepted methodologies and standards to depict the carrier's outdoor coverage. All such maps will contain or link to an appropriate legend concerning limitations and/or variations in wireless coverage and map usage, including any geographic limitations on the availability of any services included in the plan. Wireless carriers will periodically update such maps as necessary to keep them reasonably current. If necessary to show the extent of service coverage available to customers from carriers' roaming partners, carriers will request and incorporate coverage maps from roaming partners that are generated using similar industry-accepted criteria, or if such information is not available, incorporate publicly available information regarding roaming partners' coverage areas.

## THREE

### **PROVIDE CONTRACT TERMS TO CUSTOMERS AND CONFIRM CHANGES IN SERVICE**

**W**hen a customer initiates new service or a change in existing service, the carrier will provide or confirm any new material terms and conditions of the ongoing service with the customer.

## FOUR

### **ALLOW A TRIAL PERIOD FOR NEW SERVICE**

**W**hen a customer initiates postpaid service with a wireless carrier, the customer will be informed of and given a period of not less than 14 days to try out the service. The carrier will not impose an early termination fee if the customer cancels service within this period, provided that the customer complies with applicable return and/or exchange policies. Other charges, including usage charges, may still apply.

## FIVE

### **PROVIDE SPECIFIC DISCLOSURES IN ADVERTISING**

**I**n advertising of prices for wireless service plans or devices, wireless carriers will disclose material charges and conditions related to the advertised prices and services, including if applicable and to the extent the advertising medium reasonably allows: (a) whether activation or initiation fees apply; (b) monthly access fees or base charges; (c) the amount and nature of any voice, messaging, or data service allowances included in the plan; (d) the charges for any domestic usage in excess of any included allowances or outside of the coverage area; (e) for prepaid service plans, the period of time during which any balance is available for use; (f) whether there are network management practices that will have a material impact on the customer's wireless data experience; (g) whether any additional taxes, fees or surcharges apply; (h) the amount or range of any such fees or surcharges that are collected and retained by the carrier; (i) whether a fixed-term contract is required and its duration; (j) early termination fees; (k) the terms and conditions related to receiving a product or service for "free;" (l) for any service plan advertised as "nationwide," (or using similar terms), the carrier will have available substantiation for this claim; and (i) whether prices or benefits apply only for a limited time or promotional period and, if so, whether any different fees or charges will apply for the remainder of the contract term.

## SIX

### **SEPARATELY IDENTIFY CARRIER CHARGES FROM TAXES ON BILLING STATEMENTS**

**O**n customers' bills, carriers will distinguish (a) monthly charges for service and features, and other charges collected and retained by the carrier, from (b) taxes, fees and other charges collected by the carrier and remitted to federal state or local governments. Carriers will not label cost recovery fees or charges as taxes.

## SEVEN

### **PROVIDE CUSTOMERS THE RIGHT TO TERMINATE SERVICE FOR CHANGES TO CONTRACT TERMS**

**C**arriers will not modify the material terms of their postpaid customers' contracts in a manner that is materially adverse to those customers without providing a reasonable

advance notice of a proposed modification and allowing those customers a time period of not less than 14 days to cancel their contracts with no early termination fee.

## EIGHT

### **PROVIDE READY ACCESS TO CUSTOMER SERVICE**

**C**ustomers will be provided a toll-free telephone number to access a carrier's customer service during normal business hours. Customer service contact information will be provided to customers online and on billing statements. Each wireless carrier will provide information about how customers can contact the carrier in writing, by toll-free telephone number, via the Internet or otherwise with any inquiries or complaints, and this information will be included, at a minimum, on all billing statements, in written responses to customer inquiries and on carriers' web sites. Each carrier will also make such contact information available, upon request, to any customer calling the carrier's customer service departments.

## NINE

### **PROMPTLY RESPOND TO CONSUMER INQUIRIES AND COMPLAINTS RECEIVED FROM GOVERNMENT AGENCIES**

**W**ireless carriers will respond in writing to state or federal administrative agencies within 30 days of receiving written consumer complaints from any such agency.

## TEN

### **ABIDE BY POLICIES FOR PROTECTION OF CUSTOMER PRIVACY**

**E**ach wireless carrier will abide by a policy regarding the privacy of customer information in accordance with applicable federal and state laws, and will make available to the public its privacy policy concerning information collected online. Each wireless carrier will abide by the CTIA Best Practices and Guidelines for Location-Based Services.

## ELEVEN

### **PROVIDE CONSUMERS WITH FREE NOTIFICATIONS FOR VOICE, DATA AND MESSAGING USAGE, AND INTERNATIONAL ROAMING**

Each wireless provider will provide, at no charge: (a) a notification to consumers of currently-offered and future domestic wireless plans that include limited data allowances when consumers approach and exceed their allowance for data usage and will incur overage charges; (b) a notification to consumers of currently-offered and future domestic voice and messaging plans that include limited voice and messaging allowances when consumers approach and exceed their allowance for those services and will incur overage charges; and (c) a notification to consumers without an international roaming plan/package whose devices have registered abroad and who may incur charges for international usage. Wireless providers will generate the notifications described above to postpaid consumers based on information available at the time the notification is sent. Wireless consumers will not have to affirmatively sign up in order for these notifications to be sent. Each wireless provider shall provide its customers at least two of these alerts by October 17, 2012 and all of these alerts by April 17, 2013. Wireless providers will clearly and conspicuously disclose tools or services that enable consumers to track, monitor and/or set limits on voice, messaging and data usage.

Additional Information:

Taxes, Fees and Surcharges - Includes government fees and taxes that we collect and are required by federal, state or local law to remit to the appropriate governmental entity (including, but not limited to, sales, use, excise, public utility, and E911). This section may also include certain fees and costs incurred by us as a result of providing service, such as universal service fees (USF). We elect to collect them in order to recover or help defray the costs we incur. These fees, and what is included in the fees, may vary by locale and may change from time to time without notice.

Regulatory Programs Fee - We collect and retain this fee to recover some of the costs we incur to comply with local, state and federal governmental mandates and programs, including, but not limited to, E911, local number portability and number pooling. We may impose the fee whether or not the benefits of any or all of these mandates and programs are available to you in your location.

Equipment Protect by Asurion (In Puerto Rico: CAPIC) is for the equipment repair and replacement program you may have selected. See Equipment Protection Terms and Conditions at T-Mobile.com for program details.

Late Fees - May apply on past due amounts not paid by the date on page 1 of your statement. See your rate plan for details. Late fee charges are liquidated damages and are not a penalty.

Payment By Check - When you provide a check as payment, you authorize us either to use information from your check to make a one-time electronic fund transfer (EFT) from your account or to process the payment as a check transaction. If we process your payment by EFT, the funds may be withdrawn the same day we receive your payment, and your cancelled check will not be returned. Please contact 1-800-937-8997 with questions.

EasyPay - EasyPay is an automatic monthly payment feature. If you enroll, the following terms and conditions apply: You authorize T-Mobile to withdraw from your bank account or charge your credit or debit card for the monthly charges associated with your account (including your rate plan charge, add-on services selected, incidental purchases, plus applicable taxes, fees and surcharges). We will withdraw funds or charge your card 3 days before the due date on your account. You may stop a withdrawal or charge by giving us at least 3 business days notice before the scheduled date of withdrawal or charge. You have the right to receive notice of all varying transfers from your bank account. We are not liable for losses of any kind as a result of an error in your account or a delayed transfer or charge. You must promptly notify us in writing of any changes to your EasyPay information and our only liability is to make appropriate changes after we receive your updated information. T-Mobile may change these Terms and Conditions at any time by giving you notice by any means. EasyPay can be terminated with reasonable notice by either party and all transactions authorized before termination will be completed. Check with your bank for any additional charges or fees. To enroll, complete and mail the form below or visit www.T-Mobile.com and call 1-800-937-8997 with any questions.
