CITY OF KANSAS CITY, MISSOURI

Missouri Public  
Service Commission

Case No. ER-2005-0436

**SURREBUTTAL TESTIMONY**

**OF**

**ROBERT T. JACKSON**

Kansas City, Missouri  
December, 2005

1                               SURREBUTTAL TESTIMONY OF ROBERT T. JACKSON

2    Q.    PLEASE STATE YOUR NAME AND BUSINESS ADDRESS.

3    A.    My name is Robert T. Jackson. My business address is Department of Neighborhoods  
4           and Community Services, 4th Floor, City Hall, 414 East 12th Street, Kansas City,  
5           Missouri 64106.

6  
7    Q.    BY WHOM ARE YOU EMPLOYED AND IN WHAT CAPACITY?

8    A.    I am employed by the City of Kansas City as Weatherization Program Administrator  
9           within the Department of Neighborhoods and Community Services.

10  
11   Q.    WHAT IS THE PURPOSE OF YOUR TESTIMONY?

12   A.    I want to use this opportunity to respond briefly to the rebuttal testimony of Aquila  
13           witness Matthew Daunis and also to confirm with the Commission the importance of the  
14           low-income weatherization program with respect to Aquila's operations in Kansas City.

15  
16   Q.    IN COOPERATION WITH YOUR OFFICE IS AQUILA PRESENTLY INVOLVED IN  
17           A LOW INCOME WEATHERIZATION PROGRAM.

18   A.    Yes. On March 16, 2004, the parties to Aquila's previous rate case, Case Number ER-  
19           2004-0034 filed a Unanimous Stipulation and Agreement addressing issues related to the  
20           case. This stipulation was approved by the Commission effective April 22, 2004. In that  
21           stipulation Aquila agreed to fund through shareholder funds, on an annual basis and until  
22           the next general rate proceeding involving its Missouri electric rates, \$93,500 that may be  
23           used for a low-income weatherization program that is consistent with federal

1 weatherization assistance program guidelines, commercial energy audit and/or Change-  
2 A-Light program. Aquila implemented that program and it is underway.

3  
4 Q. HAVE THERE BEEN ANY PROBLEMS WITH THE PROGRAM.

5 A. I can identify only two: Aquila should be more active in the application process for low  
6 income weatherization assistance and the other is that the program is woefully  
7 underfunded. Other than these, I think the program is becoming very effective and I join  
8 Anita Randolph of the Missouri Department of Natural Resources and Lena Mantle of the  
9 Commission staff in highly recommending that Aquila continue to fund this program.  
10 Aquila continues to benefit from similar programs funded by other area utilities and it is  
11 entirely fair for Aquila to itself fund such a program. Continuation of this program is  
12 most important.

13  
14 Q. IS THE CITY OF KANSAS CITY PREPARED TO DISCUSS MS. RANDOLPH'S  
15 RECOMMENDATIONS AND OTHER PROGRAMS TO BENEFIT ELIBIGLE  
16 CUSTOMERS?

17 A. Yes, as Mr. Daunis suggests to the parties at page 3 of his testimony, the City is willing  
18 to continue discussions on energy efficiency programs, but I want to make clear that  
19 Aquila should continue its funding for the program it implemented under the Stipulation,  
20 and at greater levels, while those discussions are ongoing.

21  
22 Q. DOES THIS CONCLUDE YOUR SURREBUTTAL TESTIMONY?

23 A. Yes, it does.
