**MISSOURI HOUSE OF REPRESENTATIVES
RACHEL BRINGER**

State Representative
District 6

June 29, 2010

Missouri Public Service Commission
Governor Office Building
200 Madison Street
PO Box 360
Jefferson City, MO 65102-0360

Dear Members of the Public Service Commission

I am writing to oppose the rate increase proposed by Atmos Energy that would affect individuals in the Sixth Legislative District of Marion and Ralls Counties. I am unable to attend the hearing in person because the legislature has been called into Extraordinary Session in Jefferson City. I am grateful to the Marion County Assistant Prosecuting Attorney, Robert Rapp, for presenting this letter to the Commission on my behalf.

The proposed increase would cause significant hardship for senior citizens, working families, and individuals with disabilities. Due to increased unemployment and changes in the local, state, and national economy, many northeast Missouri families currently struggle to meet monthly obligations for food, shelter, and utilities, and for more than a year, local food banks and community service agencies have experienced a significant increase in requests for assistance from families in need. In addition, political subdivisions, including municipalities and school districts, have experienced a sharp decrease in revenue.

I respectfully request that the Public Service Commission deny the request of Atmos Energy for a rate increase.

Sincerely,

Rachel L. Bringer
State Representative
District 6

Notes: Prices are in nominal dollars. Gas volumes delivered for use as vehicle fuel are included in the State annual totals through 2008 but not in the State monthly components. Through 2001, electric power price data are for regulated electric utilities only; beginning in 2002, data also include nonregulated members of the electric power sector. See Definitions, Sources, and Notes link above for more information on this table.
