ORDER DIRECTING FILING

Issue Date: March 8, 2013

Effective Date: March 8, 2013

On January 11, 2013¹, Laclede filed an application with the Missouri Public Service Commission under Sections 393.1009, 393.1012 and 393.1015, RSMo Cum. Supp. 2011, requesting that the Commission authorize the company to establish an Infrastructure System Replacement Surcharge for numerous gas utility plant projects. That application requested the Commission approve the new ISRS no later than March 15.

The Staff of the Commission filed its report on March 7, asking the Commission to reject Laclede's tariffs and to approve a lesser amount of ISRS. Laclede responded on March 8, accepting Staff's recommended ISRS amount. Laclede further filed a motion for expedited treatment, once again asking the Commission to order Laclede to file tariffs with an effective date of March 15.

The Commission will allow parties an opportunity to respond to Laclede's request.
