ORDER SUSPENDING TARIFF

Issue Date: August 14, 2014

Effective Date: August 14, 2014

On July 25, 2014¹, MGE applied to the Missouri Public Service Commission under Sections 393.1009, 393.1012 and 393.1015, RSMo Cum. Supp. 2007, requesting that the Commission authorize the company to establish an Infrastructure System Replacement Surcharge for numerous gas utility plant projects. Section 393.1015.2(3) requires the Commission to act on the application no later than 120 days after it was filed. That means the Commission must issue an order regarding the application effective no later than November 22.

Along with its application, MGE filed a tariff that will implement the surcharge. Unless the Commission suspends that tariff, it will become effective on August 25.

So that it can consider MGE's implementing tariff and the underlying application, that tariff shall be suspended until November 22, unless sooner approved by the Commission.
