Service Commission

Jefferson City, Missouri

December 2006

MGE Exhibit No. 8  
Case No(s). GR-2006-0422  
Date 1-8-07 Rptr. pf

**TRUE-UP TESTIMONY OF MICHAEL R. NOACK**

**CASE NO. GR-2006-0422**

**December 28, 2006**

1 **Q. WOULD YOU PLEASE STATE YOUR NAME AND BUSINESS ADDRESS?**

2 A. My name is Michael R. Noack, and my business address is 3420 Broadway, Kansas  
3 City, Missouri 64111.

4  
5 **Q. HAVE YOU PREVIOUSLY SUBMITTED TESTIMONY IN THIS CASE?**

6 A. Yes. I have submitted direct, updated direct, rebuttal and surrebuttal testimony  
7 regarding the updated revenue requirement based upon the test period established by  
8 the Commission.

9  
10 **Q. WHAT IS THE PURPOSE OF YOUR TRUE-UP TESTIMONY?**

11 A. The purpose of my testimony is to support the True-up Revenue Deficiency Summary  
12 accompanying my testimony identified as True-Up Schedule MRN-1. On July 13,  
13 2006, the Commission issued an order establishing a procedural schedule including  
14 the filing of true-up testimony to recognize in rates, changes in the revenue  
15 requirement through October 31, 2006. MGE has prepared its True-up Revenue  
16 Deficiency consistent with my understanding of the Commission's practice regarding  
17 true-ups.

18

1 **Q. WOULD YOU PLEASE IDENTIFY THE ITEMS WHICH WERE SUBJECT**  
2 **TO THE TRUE-UP?**

3 A. The true-up audit addressed the following items:

4 A. Rate Base

5 • All rate base components with the exception of cash working capital.

6 B. Expenses

7 • Payroll -- employee levels, current wage rates and corresponding payroll taxes and  
8 benefits;

9 • Rate case expense;

10 • Depreciation & amortization expense; and

11 • Income taxes.

12 C. Return

13 • Capital structure and the embedded cost of debt (unless a hypothetical capital  
14 structure is adopted).

15

16 **Q. PLEASE EXPLAIN THE REVENUE DEFICIENCY SUMMARY**  
17 **SCHEDULES ATTACHED TO YOUR TRUE-UP TESTIMONY.**

18 A. The True-up schedules and resultant revenue deficiency are prepared consistent with  
19 the methodology and positions MGE has previously adopted in this proceeding. The  
20 Company's revenue deficiency as true-up to October 31, 2006, is \$40,102,689. If  
21 the Commission approves the straight fixed-variable ("SFV") rate design proposed by  
22 MGE and endorsed by Staff for the residential class, the revenue deficiency would be  
23 lowered to \$39,001,150 to reflect the reduction in required return on equity from

1 11.75% to 11.50% as explained in the surrebuttal testimony of MGE witness Frank  
2 Hanley. The revenue deficiency of \$39,001,150, which assumes the SFV rate design,  
3 would equate to a residential basic service charge of \$26.22 when the increase is  
4 spread to all classes on an equal percentage basis in accordance with the proposed  
5 class cost of service settlement.

6  
7 **Q. PLEASE DESCRIBE HOW THE COMPANY HAS TREATED TRUE-UP**  
8 **ITEMS.**

9 A. Under the category of rate base, the Company has treated those individual items as  
10 follows.

11 Plant in service - individual plant balances recorded as of October 31, 2006 have been  
12 included. The Federal Energy Regulatory Commission ("FERC") Uniform System of  
13 Accounts ("USOA") has three primary categories of plant; Intangible plant,  
14 Distribution plant and General plant. The corporate plant and reserve balance as of  
15 December 31, 2005 has been used in the true-up schedules.

16  
17 Depreciation reserve - all individual reserve balances as of October 31, 2006 have  
18 been included. Consistent with the treatment of corporate allocated plant, the  
19 associated corporate depreciation reserve as of December 31, 2005 has been included  
20 and has been allocated to MGE.

21  
22 Deferred income taxes (including deferred taxes associated with SLRP) - as of  
23 October 31, 2006, have been included. Consistent with the treatment of corporate

1 allocated plant and depreciation reserve, the associated corporate deferred income  
2 taxes as of December 31, 2005, has been allocated to MGE.

3  
4 Working capital effects - material and supplies inventory, prepayments and natural  
5 gas in storage are included in rate base computed using a thirteen-month average  
6 ended October 31, 2006. In addition the Prepaid pension balance as of October 31,  
7 2006 has also been included.

8  
9 Other rate base offsets – rate base offsets of customer deposits and customer advances  
10 are included based upon a thirteen-month average ended October 31, 2006.

11  
12 **Q. PLEASE DESCRIBE THE TREATMENT OF EXPENSES.**

13 A. Payroll – employee levels, current wage rates and corresponding payroll taxes and  
14 benefits. Annual payroll levels were determined by utilizing the known employee  
15 levels and wage levels in effect as of October 31, 2006. Corporate payroll as of  
16 December 31, 2003 incorporating the Staff's adjustments has been allocated to MGE.  
17 The associated payroll benefits and taxes were also determined using the known tax  
18 and benefit levels in effect as of October 31, 2006.

19  
20 Rate case expense - is included based upon the cumulative expenditures incurred for  
21 services rendered as of the date of the filed testimony, December 28, 2006. Although  
22 the true-up period concluded as of October 31, 2006, the Company continues to pay  
23 invoices for services provided to date. Expenses related to outside fees associated

1 with the hearing and post-hearing process have been estimated and included for true-  
2 up purposes. Using the updated and estimated rate case expense amounts through  
3 December 28, 2006 along with the updated unamortized balance of the rate case  
4 expense from GR-2004-0209 results in annual rate case expense of \$282,990 based  
5 upon a three-year amortization period.

6  
7 Depreciation & amortization. Depreciation expense has been determined utilizing  
8 plant balances as of October 31, 2006. Depreciation expense for corporate plant is  
9 determined similarly and applied to the level of corporate plant as of December 31,  
10 2005, allocated to MGE. Unamortized balances of intangible plant, Infinium  
11 software, the deferred cost of removal balance and the deferred costs of the  
12 emergency cold weather rule have been trued up to October 31, 2006.

13  
14 Income taxes have been included by synchronizing the changes of items identified  
15 herein.

16  
17 **Q. PLEASE DESCRIBE THE CAPITAL STRUCTURE AND RELATED COSTS.**

18 A. MGE through the direct testimony of Frank Hanley has requested a rate of return  
19 based on a hypothetical capital structure and therefore is not requesting a true-up of  
20 the capital structure. However, if the Commission decides that some form of  
21 Southern Union Company's actual capital structure should be used, then that capital  
22 structure should reflect the capital structure balances and embedded costs as of  
23 October 31, 2006.

1

2

3 **Q. HAS THE COMPANY CHANGED ITS METHODOLOGY IN**  
4 **DEVELOPMENT OF THE TRUE-UP REVENUE REQUIREMENT?**

5 A. No.

6

7 **Q. DOES THIS CONCLUDE YOUR TRUE-UP TESTIMONY?**

8 A. Yes.

**MISSOURI GAS ENERGY**  
A Division of Southern Union Company

**Index of Schedules**

| <u>Schedule</u> | <u>Description</u>   |
|-----------------|--|
| A               | Revenue Deficiency   |
| A-1             | Summary of Net Operating Income, Per Books and Adjusted        |
| A-2             | Income Tax   |
| B               | Rate Base  |
| B-1             | SLRP Deferrals and Deferred Taxes                              |
| B-2             | Customer Deposits  |
| B-3             | Customer Advances  |
| B-4             | Deferred Taxes (Other than SLRP)                               |
| C               | Plant In Service   |

|-------------|-----------------------------|------------------|
| 1           | Environmental Response Fund | <u>\$500,000</u> |

Environmental Response Fund:

An Environmental Response Fund shall be established to create a mechanism to fund the recovery of "Environmental Response Costs" as defined below.

(a) Definition of "Environmental Response Costs". "Environmental Response Costs" are all the reasonable and prudently incurred costs associated with evaluation, remedial and clean-up obligations of Missouri Gas Energy arising out of utility-related ownership and/or operation of manufactured gas plants and sites associated with the operation and disposal activities from such gas plants. In addition to the actual remedial and clean-up costs, "Environmental Response Costs" also include costs of acquiring property associated with the clean up of such sites as well as litigation costs, claims, judgments, expenditures made in efforts to obtain insurance reimbursements, and settlements—including the costs of obtaining such settlements—associated with such sites. The Company will use best efforts to satisfy its obligation to minimize the Environmental Response Costs charged to the fund consistent with applicable regulatory requirements and sound environmental policies and to minimize litigation costs that may arise.

Fifty percent (50%) of any applicable insurance proceeds and/or contributions obtained from Westar Energy (the successor of Western Resources, Inc.) and/or contributions obtained from potentially responsible parties, net of costs associated with obtaining such proceeds and/or contributions, shall be credited to the fund. The fund shall also be given credit for the accrued liability in the amount of \$3,000,000 recorded on Southern Union Company's books following the acquisition of the Missouri property (which was to become Missouri Gas Energy) from Western Resources, Inc.

(b) Funding. The fund shall be maintained in an interest bearing trust account and shall be credited at the annual target amount of approximately \$500,000 (the current amount reflected in rates for such costs). The actual amount of the credit shall be based on the actual billed revenues produced by the discrete rate element included in the basic service charge or delivery charge of all customer classes. Any cash expenditures shall be charged to the fund as long as the costs that are incurred or previously deferred are Environmental Response Costs, as defined above.

(c) Annual Reports. Missouri Gas Energy shall file an annual report with the Commission (and serve the Parties with copies) on a Highly Confidential basis providing a summary and accounting of all costs incurred during such year which have been applied to the fund. A separate account shall be maintained on the Company's books for accruals and expenditures for environmental response costs. Each of the Parties retain their right to review and challenge any costs that they believe do not fall within the definition of "Environmental Response Costs", as defined in subparagraph (a) above.

(d) Reservation of Rights. In the Company's next general rate case to establish rates after the approval of this Agreement, all parties reserve their rights to take any position they deem appropriate regarding (i) the level of funding to be permitted in rates on a prospective basis to recover costs charged to the fund as of the date of such case, and/or (ii) whether the fund should continue as designed for the recovery of prospective costs.
