

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of Union Electric Company)
d/b/a AmerenUE’s Tariffs To Increase Its) Case No. ER-2008-0318
Annual Revenues for Electric Service)

ORDER OF CROSS-EXAMINATION

Comes now the Staff of the Missouri Public Service Commission (“Staff”) and states that—with the exception of IBEW / IUOE - AFL-CIO, Missouri Coalition for the Environment / Missourians for Safe Energy and Laclede Gas Company, which have neither indicated agreement nor objection to changes in when Noranda Aluminum, Inc. conducts cross-examination of some witnesses that are in the below order of cross-examination, but which have otherwise agreed to the order of cross-examination shown below, the parties agree that the following order of cross-examination should generally be followed, but also agree that the order should be varied in particular instances as the adversity of parties to each other varies on certain issues. Parties will conduct cross-examination on the basis of least adverse to most adverse of the party asking cross-examination of the witness on the stand. In many instances, because parties have not taken positions on the particular issue, it may be very difficult to determine an order of least adverse to most adverse, or because one or more parties have not taken a position on the issue, it may be difficult to determine if there is an order of least adverse to most adverse for those parties that have not taken a position.

Undersigned counsel apologizes for any inconvenience caused by the delay in filing this Order of Cross-Examination.

For Union Electric Company’s witnesses, cross will be by:
