**NOTICE CLOSING CASE**

Issue Date: August 14, 2006

The stipulation and agreement that resolved this complaint requires Southern Missouri Gas Company to submit and periodically update a gas supply plan. However, unless a party requests some further action by the Commission, there is no need for any activity in this case. Therefore, the Commission will close the case.

This action merely removes the case from the Commission's active case list without affecting any party's rights. If necessary, any party may file a pleading in the closed case and thereby automatically reopen the case.
