

2. The Company’s predecessor entity – Fidelity Cablevision, Inc. (ID 130) – received a certificate of service authority to provide competitive telecommunications services in Missouri in Case No. TO-2000-192 by Order issued February 17, 2000. The Company assumed such authority by operation of law, which was approved by the Commission in Case No. CN-2020-0128 (issued November 12, 2019). The Company has been assigned Commission ID 7288.

3. The Commission designated the Company’s prior affiliate – Fidelity Communication Services I, Inc. (ID 131) (“FCSI”) - as an eligible telecommunications carrier (“ETC”) for purposes of receiving federal and state Lifeline support in Missouri in the exchanges of Rolla, Salem, and Lebanon in Case No. TA-2002-122 (issued Nov. 6, 2001) and Case No. CO-2012-0282 (issued March 28, 2012).

4. In October 2019, FCSI was merged with and into the Company, with the Company as the surviving entity. In connection with the merger, the Company adopted the existing tariffs of FCSI and informed the Commission that the Company would now serve as the ETC pursuant to the merger as reflected in Tariff Tracking Nos. YC-2020-0079 and YC-200-0080. The Commission approved the changes by Order issued December 9, 2019 in Case No. CN-2020-0128. The Commission cancelled FCSI’s certificate of service authority by Order issued January 2, 2020 in Case No. CO-2020-0172.⁴

5. In January 2020, the FCC adopted the framework and rules for Phase I of the Rural Digital Opportunity Fund (“RDOF”) auction (Auction 904) to connect millions of rural homes and small businesses to fixed high-speed broadband networks.⁵ The Company’s parent Cable One

⁴ The Company also adopted the existing tariffs of Fidelity Communication Services II, Inc., Fidelity Long Distance, Inc., and Fidelity Networks, Inc., each of which was also merged with and into the Company, with the Company as the surviving entity. *See* Tariff Tracking Nos. YC-2020-0081, YC-2020-0082, YC-2020-0083, YC-2020-0084, YC-2020-0085, and YC 2020-0086.

⁵ *Rural Digital Opportunity Fund, et al.*, 35 FCC Rcd 686 (2020) (“*RDOF Order*”).

participated in Auction 904 as a member of the Wisper-CABO 904 Consortium (the “Consortium”). On December 7, 2020, the FCC announced the results of Auction 904, and the Consortium was a winning bidder in numerous states, including Missouri. Pursuant to the FCC’s process for distributing winning bids among related entities, the Consortium assigned the Company as the entity to receive RDOF support for certain winning bids in the state of Missouri. Other members of the Consortium were assigned other winning bids in Missouri.

6. The FCC required the Company (and other RDOF winning bidders) to obtain high-cost ETC designation in a state as a condition for receiving RDOF funding in that state. On April 28, 2021, in Case No. CA-2021-0282, the Commission expanded the Company’s existing ETC designation to include certain RDOF areas as well as additional geographic areas in which the Company requested to be designated as an ETC for the provision of federal Lifeline services. On July 22, 2021, in Case No. CA-2021-0415, the Commission further expanded the Company’s ETC designation to include additional geographic areas in which the Company requested to be designated as an ETC for the provision of federal Lifeline services.

7. On July 26, 2021, the FCC provided the Company (and numerous other RDOF winning bidders) with a list of census blocks covered by the Company’s winning RDOF bids in which “concerns” had been raised that those areas “are already served by one or more service providers that offer 25/3 Mbps broadband service or otherwise raise significant concerns about wasteful spending, such as parking lots and international airports.”⁶ The FCC Letter asked the Company and other RDOF winning bidders to review their bids based on “significant concerns about the best use of [the public’s] limited universal service funds.”⁷

⁶ Letter from Michael Janson, FCC, to Cable One VoIP LLC (July 26, 2021) (“FCC Letter”), <https://us-fcc.app.box.com/s/lq4iqpjt8ukal4wve6hbrkbs5473kpcw/file/838638500240>.

⁷ FCC Letter at n.4.

8. In response to the FCC Letter, on August 16, 2021, the Company informed the FCC that it would no longer pursue RDOF support for certain census blocks identified in the FCC Letter based on the Company's determination that those census blocks either contained no serviceable locations or already received broadband service at 25/3 Mbps or better. The Company also indicated it would further review its other RDOF winning bids to determine if the public interest would be served by relinquishing RDOF support for any of the Company's other winning bids.

9. On August 24, 2021, the Company informed the FCC that it would no longer seek RDOF support in several census blocks, including some of those for which it received ETC designation in Missouri.⁸ The FCC has noted the Missouri census block groups for which the Company will not receive RDOF support.⁹ Given the reduction in the Company's RDOF service territory in Missouri, the Company has determined it no longer has a need for additional Lifeline-only ETC authority in non-RDOF areas and seeks to relinquish the additional Lifeline ETC authority it obtained in 2021 in Case Nos. CA-2021-0282 and CA-2021-0415. The Company seeks to retain the ETC authority it received in Case No. TA-2002-122 and Case No. CO-2012-0282.

10. Accordingly, the Company files the instant request to partially relinquish its ETC designation for RDOF so that it will retain RDOF ETC designation only in those areas for which it will receive RDOF funding.¹⁰ The RDOF areas to be relinquished are set forth in **Exhibit 1**.

⁸ AU Docket No. 20-34, *et al.*, Petition for Waiver (filed Aug. 24, 2021), <https://www.fcc.gov/ecfs/search/search-filings/filing/108240356730305>.

⁹ <https://www.fcc.gov/document/auction-904-9th-ready-authorize-public-notice>; *see also* Census Blocks Covered by Auction 904 Defaults (updated 6/14/22), <https://www.fcc.gov/auction/904/round-results>.

¹⁰ <https://www.fcc.gov/document/auction-904-10th-authorization-public-notice>.

11. The Company also informs the Commission that its initial application filed in Case No. CA-2021-0282 erroneously contained certain census block groups that were not assigned to the Company. As explained above, the Company's parent Cable One participated in Auction 904 as a member of a Consortium. Pursuant to the FCC's process for distributing winning bids among related entities, the Consortium assigned the Company as the entity to receive RDOF support for certain of the Consortium's winning bids in Missouri. The Company's application filed in Case No. CA-2021-0282 erroneously included census block groups that were assigned by the Consortium to Wisper ISP, LLC ("Wisper"), another member of the Consortium. These census block groups are listed in **Exhibit 1**. Wisper filed the FCC long-form application for the census block groups listed in **Exhibit 1**, and the FCC has approved Wisper's RDOF funding for these census block groups.¹¹ The Commission also approved Wisper's ETC designation for these census block groups.¹² Accordingly, the census block groups listed on **Exhibit 1** as belonging to Wisper should be removed from the Company's RDOF ETC designation.

12. Finally, the Company also seeks to relinquish the additional Lifeline ETC designation it received in Case Nos. CA-2021-0282 and CA-2021-0415 as set forth in **Exhibit 1**. The Company seeks to retain the ETC authority it received in Case No. TA-2002-122 and Case No. CO-2012-0282 for the Rolla, Salem, and Lebanon exchanges.

13. Federal law provides an objective standard for ETC relinquishment: a state commission "shall permit" an ETC to relinquish its ETC designation "in any area" so long as that area is served by more than one ETC.¹³ FCC Rule 54.205 requires an ETC to "give advance notice

¹¹ Long-Form Applicants Spreadsheet (updated 2/22/22) and Authorized Auction 904 Long-Form Applicants (updated 6/14/2022), both of which are available on the FCC's website at: <https://www.fcc.gov/auction/904/round-results>.

¹² See Case No. DA-2021-0373.

¹³ 47 U.S.C. § 214(e)(4); 47 C.F.R. § 54.205.

to the state commission of such relinquishment.”¹⁴ The Commission’s rules state the relinquishment of ETC status can be accomplished on 60 days notice upon a demonstration of compliance with 47 U.S.C. § 214(e)(4).¹⁵

14. To the Company’s knowledge, there are numerous other ETCs operating in the geographic areas for which the Company seeks relinquishment, including wireless ETCs and incumbent local exchange carriers (“ILECs”), as shown in **Exhibit 1**. In reviewing AT&T Missouri’s request for relinquishment of its ETC authority, the Commission found there were other ETCs operating in the AT&T Missouri service territory, which includes some of the areas for which the Company seeks relinquishment.¹⁶ Further, other ILECs continue to have ETC obligations in portions of the areas for which the Company seeks relinquishment.

15. No consumer will be impacted by the Company’s request to partially relinquish its ETC designation because the Company does not serve any customers pursuant to its ETC designation in the geographic areas to be relinquished. Thus, no customer notice is required in connection with the partial relinquishment.

16. Finally, there will be no discontinuance of service associated with the partial relinquishment of the Company’s ETC designation because the Company does not currently serve any ETC customers in the geographic areas to be relinquished.

¹⁴ 47 C.F.R. § 54.205(a).

¹⁵ 20 CSR 4240-31.015(4).

¹⁶ *See, e.g.*, Case No. IO-2017-0132.

REQUEST FOR WAIVER OF RULE 4.017

17. Commission Rule 4.017 requires any person that intends to file a case to file a notice with the Secretary of the Commission a minimum of 60 days prior to filing such case. The rule, however, states a party may request a waiver of the requirement for good cause.

18. The Company respectfully requests a waiver of Commission Rule 4.017 for good cause to avoid a delay of 60 days to make this filing.

19. The Company confirms it has had no communication with any office of the Commission within the prior 150 days regarding any substantive issue likely to be germane to this proceeding.

CONCLUSION

WHEREFORE, for the foregoing reasons, the Company respectfully requests that the Commission issue an order confirming the Company's partial relinquishment of its RDOF ETC designation and relinquishment of its Lifeline ETC designation in certain non-RDOF areas as set forth in **Exhibit 1**, as well as waive 20 CSR 4240-4.017 and grant such other relief as this Commission deems to be just and equitable.

Dated: August 15, 2022

Respectfully submitted,

**FIDELITY CABLEVISION, LLC D/B/A
