**RE: Larson vs. Woodland Manor, LLC**  
**WC-2011-0409**

Dear Commissioners:

It has just been brought to my attention by Staff Counsel that I erroneously filed my Post-trial Brief in the above case yesterday by reply to Ms. Vaught at the Chief Counsel's office. I had been unexpectedly called to cover a trial in Douglas County, and on my return, in the rush of trying to get filed before 5:00 pm yesterday (coupled with my inexperience with the EFIS system), I filed in error. I had asked Ms. Vaught to advise me if I needed to do anything further to complete the filing, but because my message was sent immediately before close of business, I'm sure she did not have time to advise me of my error until this morning.

At any rate, I respectfully request that the Commission grant leave to make this late filing of Woodland Manor's Post-trial Brief in the above case, as I believe it will be of assistance to the Commission in their review of this matter. Thank you.

Sincerely,

/s/

Gregory R. Gibson
