**Motion for Expedited Treatment**

Comes now Applicant Cardwell Lumber Inc. with respect to its accompanying Application for Approval of a Change of Electrical Suppliers at its 5927 Highway 50 West, Jefferson City, Missouri location from Union Electric Company to Three Rivers Electric Cooperative, as recently filed with the Commission, pursuant to 4 CSR 140-2.080(16), and requests that that application be granted expedited treatment. Cardwell respectfully requests that the Commission act by entering and order approving the Application by November 1, 2010. Cardwell states to the Commission that, after approval, there will be planning, staking, and construction work to be performed both by Cardwell and Three Rivers in locating, erecting, and making the replacement power supply facilities operational. Cardwell is highly desirous of having the replacement power facilities operational before the winter season, with potential for ice storms, arrives. Cardwell hopes that this can be done with an approval order on or before November 1, 2010.

This pleading was filed as soon as the undersigned counsel conferred with Cardwell as to the necessity of a PSC Order approving a change of power suppliers.
