ORDER APPROVING TARIFF

Issue Date: May 21, 2009

Effective Date: May 22, 2009

Union Electric Company, d/b/a AmerenUE, has filed a tariff designed to implement a new Residential Lighting and Appliance Program. That tariff is set to become effective on May 22, 2009.¹ AmerenUE's proposed program is intended to reduce energy consumption in residential lighting and appliance products by encouraging selection of ENERGY STAR products through a market transformation strategy. On May 12, Staff filed a recommendation indicating some concerns about the program, but recommending the Commission approve AmerenUE's tariff to implement the program if the company agrees to certain conditions. On May 15, AmerenUE indicated its acceptance of the conditions proposed by Staff.

Based on the recommendation of its Staff and the response filed by AmerenUE, the Commission will approve AmerenUE's tariff and will order AmerenUE to comply with the conditions recommended by Staff.

¹ The tariff filing originally carried an effective date of April 24, but AmerenUE voluntarily extended that effective date to May 22.
