PREFACE

This Agreement (“Agreement”) shall be deemed effective upon approval by the Commission (the “Effective Date”), between Fidelity Telephone LLC (“ILEC”), a limited liability company organized under the laws of the State of Missouri, with offices at 64 North Clark Street, Sullivan, MO 63080 and Level 3 Communications, LLC (“CLEC”), a limited liability company organized under the laws of the State of Delaware with offices at 1025 Eldorado Blvd., Broomfield, CO 80021. (ILEC and CLEC may be referred to hereinafter, each, individually as a “Party,” and, collectively, as the “Parties”).

WHEREAS, ILEC is authorized to provide local exchange services in the state of Missouri; and

WHEREAS, CLEC is a registered provider of competitive local exchange services in the state of Missouri; and

WHEREAS, the Parties wish to establish interconnection arrangements for the purpose of transmission and termination of Telecommunications traffic that is within the scope of this Agreement; and

WHEREAS, the interconnection between the Parties will allow the Customers of each Party to complete local calls to the Customers of the other Party within the local calling areas of ILEC (“Local Interconnection”); and

WHEREAS, the Parties enter into this agreement to interconnect their facilities and exchange traffic for the purposes of fulfilling their obligations pursuant to Sections 251 and 252 of the Telecommunications Act of 1996.

Now, therefore, in consideration of the terms and conditions contained herein, the Parties hereby mutually agree as follows:

GENERAL TERMS AND CONDITIONS

In consideration of the mutual promises contained in this Agreement, and intending to be legally bound, ILEC and CLEC hereby agree as follows:

1. Scope of this Agreement

- 1.1 This Agreement includes the Principal Document, (“General Terms and Conditions”), including Attachments A (“Glossary of Terms”); B (“Additional Services”); C (“Interconnection and Number Portability”); and D (“Pricing”), and Appendix A (“Designation of Interconnection Point(s)”. This Agreement specifies the rights and obligations of each Party with respect to the establishment of Local Interconnection within the incumbent service area of ILEC. Certain terms used in this Agreement shall have the meanings defined in the Glossary of Terms, or as otherwise elsewhere defined throughout this Agreement. Certain other terms used but not defined herein will have the meanings ascribed to them in the Act and in the FCC’s and the Commission’s Rules and Regulations.
- 1.2 If any provision of this Agreement and an applicable Tariff cannot be reasonably construed or interpreted to avoid conflict, the provision contained in this Agreement shall prevail. If any provision contained in the General Terms and Conditions of the Agreement and any attachment or appendix hereto cannot be reasonably construed or interpreted to avoid conflict, the provision contained in the attachment or appendix shall prevail.
- 1.3 Except as otherwise provisioned in the Agreement, the Agreement may not be waived or modified except by a written document that is signed by the Parties. Subject to the requirements of Applicable Law, a Party shall have the right to add, modify, or withdraw, its Tariff(s) at any time, without the consent of, or notice to, the other Party.
- 1.4 In connection with this Agreement, a Party may purchase services from the other Party pursuant to that other Party’s Tariff. In such instances, the rates, terms, and conditions of the other Party’s Tariff shall apply.
- 1.5 This Agreement establishes the methodology for the exchange of and compensation for Local Traffic (as defined herein) and exchanged indirectly via a third-Party network or directly via direct interconnection trunks.
- 1.6 This Agreement supersedes and terminates all previous agreements between ILEC and Level 3 governing the exchange of local traffic between local exchange carriers.

- 1.7 Nothing in this Agreement shall be construed to prevent CLEC from providing services to or obtaining services from other carriers.
- 1.8 No amendment of this Agreement shall be effective without approval of the Commission.
- 1.9 ILEC and CLEC certify that the signatory to this Agreement has authority to execute this Agreement.
- 1.10 No amendment to this Agreement may be made without dual signature.

2. Regulatory Approvals

This Agreement, and any amendment or modification hereof, will be submitted by ILEC to the Commission for approval. ILEC and CLEC shall use their best efforts to obtain approval of this Agreement by any regulatory body having jurisdiction over this Agreement. In the event any governmental authority or agency rejects any provision hereof, the Parties shall negotiate promptly and in good faith such revisions as may reasonably be required to achieve approval.

3. Term and Termination

- 3.1 This Agreement shall be effective as of the Effective Date and, unless cancelled or terminated earlier in accordance with the terms hereof, and shall continue in effect for a period of 2 years (24 months) after the Effective Date of this Agreement (the "Initial Term"). Thereafter, this Agreement shall renew automatically for successive one (1) year terms, commencing on the termination date of the initial term or latest renewal term and continue in force and effect unless and until cancelled or terminated as provided in this Agreement.
- 3.2 Either Party may terminate this Agreement effective upon the expiration of the Initial Term or each subsequent renewal term by providing written notice of termination at least ninety (90) days in advance of the date of termination.
- 3.3 In the event of such termination, if either Party has requested negotiations of a new interconnection agreement, those service arrangements made available under this Agreement and existing at the time of termination shall continue, under the terms of this Agreement, without interruption until a replacement agreement has been executed by the Parties either (a) under a new agreement voluntarily executed by the Parties; (b) under a new agreement negotiated pursuant to the provisions of the Act; or c) under any agreement that may be available according to the provisions of

Section 252(i) of the Act, but in no case will the existing service arrangements continue for longer than two hundred seventy (270) days after the termination date.

- 3.4 If either Party provides notice of termination pursuant to Section 3 and by 11:59 PM Central Time on the proposed date of termination neither Party has requested negotiation of a new interconnection agreement, (a) this Agreement will terminate, and (b) the Services being provided under this Agreement at the time of termination will continue until the earlier of (1) the date such services are cancelled by CLEC or (2) one hundred eighty (180) days from the date of termination.
- 3.5 Termination of this Agreement for any cause shall not release either Party from any liability which at the time of termination has already accrued to the other Party or which thereafter may accrue in respect to any act or omission prior to termination or from any obligation which is expressly stated herein to survive termination.
- 3.6 The Parties expressly agree that the rates, terms, and conditions of the successor agreement shall be retroactive back to the date of termination of this Agreement or such other time period as the Parties may agree, such that all payments made from the date of termination of this Agreement to the effective date of the successor agreement shall be trued-up to comply with the rates, terms and conditions of the successor agreement.

4. Attachments and Appendices

The following Attachments and Appendices are a part of this Agreement:

Attachment A	--	GLOSSARY OF TERMS
Attachment B	--	ADDITIONAL SERVICES
Attachment C	--	INTERCONNECTION AND NUMBER PORTABILITY
Attachment D	--	PRICING
Appendix A	--	DESIGNATION OF INTERCONNECTION POINT(S)

5. Applicable Law

- 5.1 The construction, interpretation and performance of this Agreement shall be governed by (a) the laws of the United States of America, including but not limited to the Act, (b) the laws of the State of Missouri, (c) the rules, regulations and orders of the FCC and the Commission, and (d) any orders, rulings, and decisions of courts of competent jurisdiction. All disputes relating to this Agreement shall be resolved through the application of such laws.
- 5.2 Each Party shall remain in compliance with Applicable Law in the course of performing this Agreement.

- 5.3 Neither Party shall be liable for any delay or failure in performance caused or required by Applicable Law, or the acts or failures to act of any governmental entity or official to the extent such acts nor failures to act were not caused or solicited by either Party and/or comply with Applicable Law.
- 5.4 If any provision of this Agreement shall be invalid or unenforceable under Applicable Law, such invalidity or unenforceability shall not invalidate or render unenforceable any other provision of this Agreement; provided, that if the invalid or unenforceable provision is a material provision of this Agreement, or the invalidity or unenforceability materially affects the rights or obligations of a Party hereunder or the ability of a Party to perform any material provision of this Agreement, the Parties shall promptly renegotiate in good faith and amend in writing this Agreement in order to make such mutually acceptable revisions to this Agreement as may be required in order to conform the Agreement to Applicable Law.
- 5.5 If any final and non-appealable legislative, regulatory, judicial or other, order, determination or action, or any change in Applicable Law, materially affects any material provision of this Agreement, the rights or obligations of a Party hereunder, or the ability of a Party to perform any material provision of this Agreement, the Parties shall provide thirty (30) days written notice to renegotiate in good faith and amend in writing this Agreement in order to make such mutually acceptable revisions to this Agreement as may be required in order to conform the Agreement to Applicable Law.

6. Assignment

Any assignment by either Party of any right, obligation, or duty, in whole or in part, under this Agreement or of any interest in this Agreement, without the written consent of the other Party, which consent shall not unreasonably be withheld, shall be void, and the assigning Party shall remain responsible for all obligations hereunder; provided, however, that no such written consent shall be required in order for either Party to assign any right, obligation, duty, or interest under this Agreement to that Party's Affiliate. Any such assignment shall not, in any way, affect or limit the rights and obligations of the Parties, under the terms of this Agreement. Request for written consent must be given at least sixty (60) days in advance of the proposed assignment.

7. Audits

- 7.1 Except as may be otherwise specifically provided in this Agreement, either Party ("Auditing Party") may audit the other Party's ("Audited Party") records for the

Interconnection Agreement by and between Level 3 Communications, LLC and Fidelity Telephone LLC

purpose of evaluating the accuracy of the Audited Party's bills and compliance with the terms and conditions of this Agreement. Such audits may be performed once in each Calendar Year for the most recent period of twelve (12) full months ending within 60 days of written notice of audit; provided, however, that audits may be conducted more frequently (but no more frequently than once in each Calendar Quarter) if an immediately preceding audit found previously uncorrected net inaccuracies in billing in favor of the Auditing Party having an aggregate value of at least ten thousand dollars (\$10,000) for any consecutive 12-month period.

- 7.2 All information reviewed or developed by the Auditing Party shall be considered to be Confidential Information that is subject to the provisions of Section 10 of this Agreement. The audit shall take place at a time and place agreed upon by the Parties; provided, that the Auditing Party may require that the audit commence no later than sixty (60) days after the Auditing Party has given written notice of the audit to the Audited Party.
- 7.3 Each Party shall cooperate fully in any such audit, providing reasonable access to any and all records reasonably necessary to assess the accuracy of the Audited Party's bills. Each Party shall correct previously uncorrected net inaccuracies revealed by an audit.
- 7.4 Audits shall be performed at the Auditing Party's expense, provided that there shall be no charge for reasonable access to the Audited Party's records, in the format in which such records are stored by the Audited Party, necessary to assess the accuracy of the Audited Party's bills unless the auditors discover previously uncorrected net inaccuracies in billing in favor of the Auditing Party having an aggregate value of at least ten thousand dollars (\$10,000) for any consecutive twelve (12) month period, in which case the Audited Party shall reimburse the Auditing Party for the reasonable cost of the audit and any out-of-pocket expenses associated with the audit.
- 7.5 If the parties mutually agree to engage an independent auditor, the Parties shall select an auditor by the thirtieth (30th) day following Audited Party's receipt of a written audit notice. The auditing party shall cause the independent auditor to execute a nondisclosure agreement in a form agreed upon by the Parties.

8. Authorization

- 8.1 ILEC represents that it is a limited liability company duly organized, validly existing and in good standing under the laws of the State of Missouri and has full power and authority to execute and deliver this Agreement and to perform its obligations under this Agreement.

8.2 CLEC represents that it is a limited liability company duly organized, validly existing and in good standing under the laws of the State of Delaware and has full power and authority to execute and deliver this Agreement and to perform its obligations under this Agreement.

9. Billing and Payment; Disputed Amounts

9.1 Except as otherwise provided in this Agreement, each Party shall bill the other Party on a monthly basis in an itemized format to include all information necessary for billing including a description of services, minutes of use, rates, and whether the charges are for usage or facilities. The Parties shall also exchange billing information to process claims and adjustments as between themselves and on behalf of their Customers.

9.2 Except as otherwise provided in this Agreement, payment of undisputed amounts billed for Services provided under this Agreement, whether billed on a monthly basis or as otherwise provided in this Agreement, shall be due, in immediately available U.S. funds, within thirty (30) Calendar Days of the rendition of the invoice (the "Due Date"). If a Party does not receive a bill at least twenty (20) days prior to the Due Date, then the bill shall be considered delayed. When the bill has been delayed, the billed Party may request an extension of the payment Due Date, equal to the number of days the bill was delayed. Such requests for a delay of the payment Due Date must be in writing and accompanied with proof of late bill receipt.

9.3 If any portion of an amount billed by a Party under this Agreement is subject to a good faith dispute between the Parties, the billed Party shall give written notice to the billing Party of the amounts it disputes ("Disputed Amounts") and include in such notice the specific details and reasons for disputing each item. Notice of a dispute may be given by a Party at any time, either before or after an amount is paid, and a Party's payment of an amount shall not constitute a waiver of such Party's right to subsequently dispute its obligation to pay such amount or to seek a refund of any amount paid; provided, however, if the billed Party fails to provide a notice of dispute within twenty-four (24) months of the payment Due Date for the amount in question, then the billed Party shall be deemed to have waived any disputes as to those amounts (except as provided in Section 8). The billed Party shall pay by the Due Date all undisputed amounts. Billing disputes shall be subject to Dispute Resolution under the terms of this Agreement. If the billing dispute is resolved, in whole or in part, in favor of the billed Party, any credits and interest due to the billed Party as a result thereof shall be applied to the billed Party's account by the billing Party during the next applicable billing cycle. If the billing dispute is resolved, in whole or in part, in favor of the billing Party, the billing Party will issue an invoice for the resolved amount due the billing Party and the

billed Party will, on the next available invoice or within thirty (30) days of the receipt of the invoice, make payment of any withheld amounts and any late payment charges and interest, where applicable, to the billing Party. The dispute resolution procedures set forth in this Section shall also apply to disputes that may arise between the Parties regarding the origin of traffic for which one Party seeks compensation from the other Party under the terms of this Agreement.

- 9.4 Undisputed charges due to the billing Party that are not paid by the Due Date, shall be subject to a late payment charge. The late payment charge shall be in an amount specified by the billing Party which shall not exceed a rate of one-and-one-half percent (1.5%) of the overdue amount (excluding any unpaid previously billed late payment charges) per month.
- 9.5 Although it is the intent of both Parties to submit timely statements of charges, failure by either Party to present statements to the other Party in a timely manner shall not constitute a breach or default by the billing Party, or a waiver of the billing Party's right to payment of the incurred charges; provided however a Party shall not submit a statement of charges more than twenty-four (24) months after the date the services were provided.
- 9.6 All usage data and invoices to be provided pursuant to this Agreement shall be sent to the following addresses (unless the Party provides a change of address):

10. Confidentiality

10.1 As used in this Section 10 “Confidential Information” means the following information that is disclosed by one Party (“Disclosing Party”) to the other Party (“Receiving Party”) in connection with this Agreement:

- i. Books, records, documents and other information disclosed or developed in an audit pursuant to Section 7 (“Audits”);
- ii. Any forecasting information provided pursuant to this Agreement;
- iii. Customer Information (except to the extent that (a) the Customer information is published in a directory, (b) the Customer information is disclosed through or in the course of furnishing a Telecommunications Service, such as a Directory Assistance Service, Operator Service, Caller ID or similar service, or LIDB service, or, (c) the Customer to whom the Customer Information is related has authorized the Receiving Party to use and/or disclose the Customer Information);
- iv. Information related to specific facilities or equipment (including, but not limited to, cable and pair information);

- v. Any information that is in written, graphic, electromagnetic, or other tangible form, and marked at the time of disclosure as “Confidential” or “Proprietary;”
 - vi. Any information that is communicated orally or visually: and
 - vii. All orders (and related information) for any services placed by either Party pursuant to this Agreement, and information that would constitute Customer Proprietary Network Information of either Party’s customers pursuant to the Act and the rules and regulations of the FCC, and call records and Recorded Usage Data whether disclosed by one Party to the other or otherwise acquired by either Party in the course of the performance of this Agreement, will be deemed Confidential Information of Disclosing Party for all purposes under this Agreement.
- 10.2 Notwithstanding any other provision of this Agreement, a Party shall have the right to refuse to accept receipt of Confidential Information, except to the extent that such information is required to fill an order for services provided under this Agreement.
- 10.3 Except as otherwise provided in this Agreement, the Receiving Party shall:
- i. Use the Confidential Information received from the Disclosing Party only in performance of this Agreement, and only for the specific purpose for which the information was provided; and,
 - ii. Using the same degree of care that it uses with similar confidential information of its own (but in no case a degree of care that is less than commercially reasonable), hold Confidential Information received from the Disclosing Party in confidence and restrict disclosure of the Confidential Information solely to those of the Receiving Party’s Affiliates and the directors, officers, employees, Agents and contractors of the Receiving Party and the Receiving Party’s Affiliates, that have a need to receive such Confidential Information in order to perform the Receiving Party’s obligations under this Agreement. The Receiving Party’s Affiliates and the directors, officers, employees, Agents and contractors of the Receiving Party and the Receiving Party’s Affiliates, shall be required by the Receiving Party to comply with the provisions of this Section in the same manner as the Receiving Party. The Receiving Party shall be liable for any failure of the Receiving Party’s Affiliates or the directors, officers, employees, Agents or contractors of the Receiving Party or the Receiving Party’s Affiliates, to comply with the provisions of this Section.

- 10.4 The Receiving Party shall return or destroy all Confidential Information received from the Disclosing Party, including any copies made by the Receiving Party, within thirty (30) days after a written request by the Disclosing Party is delivered to the Receiving Party, except for any Confidential Information that the Receiving Party reasonably requires to perform its obligations under this Agreement, and shall certify to the Disclosing Party that the destruction has occurred.
- 10.5 Unless otherwise agreed, the obligations of this Section do not apply to information that:
- i. Was, at the time of receipt, already in the possession of or known to the Receiving Party free of any obligation of confidentiality and restriction on use;
 - ii. Is or becomes publicly available or known through no wrongful act of the Receiving Party, the Receiving Party's Affiliates, or the directors, officers, employees, Agents or contractors of the Receiving Party or the Receiving Party's Affiliates;
 - iii. Is rightfully received from a third person having no direct or indirect obligation of confidentiality or restriction on use to the Disclosing Party with respect to such information;
 - iv. Is independently developed by the Receiving Party;
 - v. Is approved for disclosure or use by written authorization of the Disclosing Party (including, but not limited to, in this Agreement); or
 - vi. Is required to be disclosed by the Receiving Party pursuant to Applicable Law, provided that the Receiving Party shall promptly notify the Disclosing Party of the requirement in order to enable the Disclosing Party to seek protective arrangements.
- 10.6 Notwithstanding the provisions of this Section of the Agreement, the Receiving Party may use and disclose Confidential Information received from the Disclosing Party to the extent necessary to enforce the Receiving Party's rights under this Agreement or Applicable Law. In making any such disclosure, the Receiving Party shall make reasonable efforts to preserve the confidentiality and restrict the use of the Confidential Information while it is in the possession of any person to whom it is disclosed, including, but not limited to, by requesting any governmental entity to whom the Confidential Information is disclosed to treat it as confidential and restrict its use to purposes related to the proceeding pending before it.

- 10.7 The Disclosing Party shall retain all of the Disclosing Party's right, title and interest in any Confidential Information disclosed by the Disclosing Party to the Receiving Party. Except as otherwise expressly provided in this Agreement, no license is granted by this Agreement with respect to any Confidential Information (including, but not limited to, under any patent, trademark or copyright), nor is any such license to be implied solely by virtue of the disclosure of Confidential Information.
- 10.8 The provisions of this Section shall be in addition to and not in derogation of any provisions of Applicable Law, including, but not limited to, 47 U.S.C. § 222, and are not intended to constitute a waiver by a Party of any right provided by Applicable Law with regard to the use or protection of the confidentiality of CPNI.
- 10.9 Each Party's obligations under this Section shall survive the expiration, cancellation or termination of this Agreement for a period of two (2) years.

11. Counterparts

This Agreement may be executed in two or more counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

12. Default

- 12.1 If either Party (the "Defaulting Party") defaults in the payment of any undisputed amount due or violates any other provision of this Agreement, and such default or violation shall continue for thirty (30) days after written notice (the "Default Notice") thereof, the other Party (the "Aggrieved Party") may terminate this Agreement and services hereunder by written notice; provided, however, the Aggrieved Party has provided the Defaulting Party with written notice at least twenty-five (25) days (which shall not begin to run until after the 30 day period) prior to terminating service.
- 12.2 Such Default Notice shall be posted by overnight mail, return receipt requested. If the Defaulting Party cures the default or violation within the twenty-five (25) day period, the Aggrieved Party will not terminate service under this Agreement. For purposes of this Section 12, the terms "default", "violate", and "violation", in all of their forms, shall mean "materially default", "material default", "materially violate", or "material violation", as appropriate.
- 12.3 If the Defaulting Party disputes that the Aggrieved Party's notice of default or believes the violations are justified by relevant facts, then the Parties shall address

the disagreement pursuant to the processes set forth in Section 14 (“Dispute Resolution”).

13. Discontinuance of Service

If a Party proposes to discontinue, or actually discontinues, its provision of service to Customers in the ILEC service area, such Party shall provide notice of such discontinuance as required by Applicable Law.

14. Dispute Resolution

14.1 The Parties shall attempt to resolve any dispute between the Parties regarding the interpretation or enforcement of this Agreement or any of its terms by good faith negotiation between the Parties. To initiate such negotiation, a Party must provide to the other Party written notice of the dispute that includes both a detailed description of the dispute or alleged nonperformance and the name of an individual who has authority to resolve the dispute and will serve as the initiating Party’s representative in the negotiation. The other Party shall have ten (10) Business Days to designate its own such representative in the negotiation. The Parties’ representatives shall attempt to reach a good faith resolution of the dispute within thirty (30) days after the date of the initiating Party’s written notice of the dispute. Upon mutual agreement, the Parties’ representatives may utilize other alternative dispute resolution procedures such as private mediation to assist in the negotiations.

14.2 If the Parties are unable to resolve the dispute within thirty (30) days of the date of the initiating Party’s written notice, then the Parties agree that the dispute shall be submitted to the Missouri Public Service Commission (“Commission”) for resolution. The Parties agree to seek expedited resolution by the Commission, and shall request that resolution occur in no event later than ninety (90) days from the date of submission of such dispute. If the Commission appoints an expert(s) or other facilitator(s) to assist in its decision making, the Parties will reimburse the Commission as required by its rules and regulations or as otherwise mutually agreed. During the Commission proceeding, each Party shall continue to perform its obligations under this Agreement provided, however, that neither Party shall be required to act in any unlawful fashion. If the dispute cannot be resolved by the Commission, and it must be brought before a court of competent jurisdiction, or if a decision of the Commission is appealed to a court of competent jurisdiction, then the Party prevailing before the court shall be entitled to recover its reasonable expenses relating to the court action, including reasonable attorney fees. Except as otherwise specifically provided for in this Agreement, no claims will be brought for disputes arising from this Agreement more than twenty-four (24) months from the date the occurrence which gives rise to the dispute is discovered or reasonably

should have been discovered with the exercise of due care and attention. Venue for any court actions shall be in Jefferson City, Missouri.

15. Force Majeure

- 15.1 Neither Party shall be responsible for any delay or failure in performance which results from causes beyond its reasonable control (“Force Majeure Events”), whether or not foreseeable by such Party. Such Force Majeure Events include, but are not limited to pandemic, epidemic, adverse weather conditions, floods, hurricanes, tornadoes, storms, fires, explosions, earthquakes, volcanic actions, power failures, embargos, boycotts, wars, revolutions, civil commotions, acts of public enemies, labor unrest (including, but not limited to, strikes, work stoppages, slowdowns, picketing or boycotts or lock outs), acts of God, military authority, government regulation, or any other circumstances beyond the reasonable control and without the fault or negligence of the Party affected.
- 15.2 If a Force Majeure Event occurs, the non-performing Party shall give prompt notification of its inability to perform to the other Party. During the period that the non-performing Party is unable to perform, the other Party shall also be excused from performance of its obligations to the extent such obligations are reciprocal to, or depend upon, the performance of the non-performing Party that has been prevented by the Force Majeure Event, including, but not limited to, payment of charges for services that were not performed due to the Force Majeure Event. The non-performing Party shall use commercially reasonable efforts to avoid or remove the cause(s) of its non-performance and both Parties shall proceed to perform once the cause(s) are removed or cease.
- 15.3 Notwithstanding the provisions of Sections 14.1 and 14.2, although a Force Majeure event could result in delay of a payment obligation, in no case shall a Force Majeure Event excuse either Party from an obligation to pay money as required by this Agreement, except for any demand of payment for services not performed due to the Force Majeure Event.
- 15.4 Nothing in this Agreement shall require the non-performing Party to settle any labor dispute except as the non-performing Party, in its sole discretion, determines appropriate.

16. Forecasts

In addition to any other forecasts required by this Agreement, upon request no more than two (2) times per year by the Providing Party, the Purchasing Party shall provide forecasts regarding the Services that it expects to purchase, including, but not limited to, forecasts regarding the types and volumes of Services that it expects to purchase and the locations where such Services will be

purchased. Such forecasts shall be considered to be Confidential Information under the terms of this Agreement, and distribution of the forecasts or information based on such forecasts shall be limited to those persons associated with the Providing Party who need to know such information in order to adequately provision the types and volumes of Services that the Purchasing Party expects to purchase at the locations where such Services will be purchased. The Providing Party may utilize the forecasts for planning purposes, but shall not be required to actually install facilities or otherwise provision in accordance with the forecasts unless and until the Purchasing party actually orders Service from the Providing Party.

17. Fraud

Neither party shall bear responsibility for, nor have any obligation to investigate or make adjustments to the other Party's account in cases of fraud by the other Party's Customers or other third parties; provided, however, that both Parties shall cooperate to discover and prevent fraud by each Party's Customers or other third parties.

18. Good Faith Performance

The Parties shall act in good faith in their performance of this Agreement. Except as otherwise expressly stated in this Agreement (including, but not limited to, where consent, approval, agreement or a similar action is stated to be within a Party's sole discretion), where consent, approval, mutual agreement or a similar action is required by any provision of this Agreement, such action shall not be unreasonably withheld, conditioned or delayed.

19. Headings

The headings and section references used in the Agreement are inserted for convenience of reference only and are not intended to be a part of or to affect the meaning of the Agreement.

20. Indemnification

- 20.1 For the Services provided under this Agreement, each Party ("Indemnifying Party") shall indemnify, defend and hold harmless the other Party, its Affiliates and their respective directors, officers, agents, contractors, and employees ("Indemnified Party"), from and against any and all Claims that arise out of bodily injury to or death of any person, or damage to, or destruction or loss of, tangible real and/or personal property, to the extent such injury, death, damage, destruction or loss, was caused by the gross negligence or intentionally wrongful acts or omissions of the Indemnifying Party, its Affiliates, or their respective directors, officers, employees, Agents or contractors (excluding the Indemnified Party).

- 20.2 An Indemnifying Party's obligations under this Section shall be conditioned upon the following:
- i. The Indemnified Party: (a) shall give the Indemnifying Party notice of the Claim promptly after becoming aware thereof (including a statement of facts known to the Indemnified Party related to the Claim and an estimate of the amount thereof); (b) prior to taking any material action with respect to the Claim, shall consult with the Indemnifying Party as to the procedure to be followed in defending, settling, or compromising the Claim; (c) shall not consent to any settlement or compromise of a Claim without the written consent of the Indemnifying Party, which consent shall not unreasonably be withheld; (d) shall permit the Indemnifying Party to assume the defense of the Claim (including, except as provided below, the compromise or settlement thereof) at the Indemnifying Party's own cost and expense.
 - ii. Either Party may participate with counsel at Party's expense.
 - iii. If the Indemnified Party fails to comply with the requirements of this Section with respect to a Claim, to the extent such failure shall have a material adverse effect upon the Indemnifying Party, the Indemnifying Party shall be relieved of its obligation to indemnify, defend and hold harmless the Indemnified Person with respect to such Claim under this Agreement.
 - iv. The Indemnifying Party shall have the authority to defend and settle any Claim subject to the conditions set forth below.
 - a. With respect to any Claim, the Indemnified Party shall be entitled to participate with the Indemnifying Party in the defense of the Claim if the Claim requests equitable relief or other relief that could affect the rights of the Indemnified Party. In so participating, the Indemnified Person shall be entitled to employ separate counsel for such purposes at its own expense. The Indemnified Party shall also be entitled to participate, at its own expense, in the defense of any Claim, including any portion of the Claim as to which it is not entitled to be indemnified, defended and held harmless by the Indemnifying Party.
 - b. In no event shall the Indemnifying Party settle a Claim or consent to any judgment with regard to a Claim without the prior written consent of the Indemnified Party, which shall not be unreasonably withheld, conditioned or delayed.

- c. The Indemnified Party shall, in all cases, assert any and all defenses, including, but not limited to, affirmative defenses and defenses set forth in applicable Tariffs and Customer contracts of the Indemnified Party, that limit liability to third parties as a bar to, or limitation on, a Claim for damages by a third-party plaintiff.
 - d. The Indemnifying Party and the Indemnified Party shall offer each other all reasonable cooperation and assistance in the defense of any Claim.
- 20.3 Except as otherwise provided above and consistent with Applicable Law, each Party agrees that it will not bring any action against the other Party, the other Party's Affiliates, or any of the directors, officers or employees, agents or contractors of the other Party or the other Party's Affiliates, based on any claim by any person for personal injury or death that occurs in the course or scope of employment of such person by the other Party or the other Party's Affiliate and that arises out of performance of this Agreement.
- 20.4 Each Party's obligations under this Section shall survive expiration, cancellation or termination of this Agreement for a period equal to the longest statute of limitations applicable to any Claim arising hereunder.
- 21. Intellectual Property
 - 21.1 Any intellectual property that originates from or is developed by a Party shall remain in the exclusive ownership of that Party. Intellectual property includes, without limitation, patent, copyright, trademark, trade secrets, and other proprietary rights. No license in patent, copyright, trademark, service mark, or trade secret, or other proprietary or intellectual property right now or hereafter owned, controlled, or licensable by a Party, is granted to the other Party or shall be implied or arise by estoppel.
 - 21.2 CLEC acknowledges that its right under this Agreement may be subject to or limited by intellectual property rights and contract rights of third parties. ILEC agrees to use its best efforts to obtain for CLEC, at CLEC's cost, subject to Section 21.3, third party intellectual property rights required to enable CLEC to receive the Services provided for under this Agreement.
 - 21.3 Prior to obtaining any third party intellectual property rights, ILEC shall provide CLEC with written estimate of the costs associated with the extension of third party intellectual property rights to CLEC pursuant to this Section 21, including the cost of the license extension itself and the costs associated with the effort to obtain the license. If CLEC agrees in writing, all of the costs of providing the Service to

which the intellectual property rights relate shall be paid by CLEC. If CLEC does not agree in writing to bear the costs for third party intellectual property rights, then ILEC is not obligated to provide any services that require such third party intellectual property rights.

- 21.4 ILEC hereby conveys no licenses to use such third party intellectual property rights and makes no warranties, express or implied, concerning CLEC's rights with respect to such third party intellectual property rights and contract rights. Any licenses or warranties for intellectual property rights are vendor licenses and warranties and are a part of the third party intellectual property rights ILEC agrees in this Section 21 to use its best efforts to obtain.
- 21.5 Subject to Section 21.2, it is the responsibility of the Parties to ensure, at no separate or additional cost to the other Party, that the Party has obtained any necessary licenses (in relation to intellectual property of third parties used in the Party's network) to the extent of the Party's own use of facilities or equipment (including software) in the provision of service to the Party's end user subscribers.

22. Joint Work Product

The Agreement is the joint work product of the Parties, has been negotiated by the Parties, and shall be fairly interpreted in accordance with its terms.

23. Law Enforcement

- 23.1 Each Party may cooperate with law enforcement authorities and national security authorities to the full extent required or permitted by Applicable Law in matters related to Services provided by it under this Agreement, including, but not limited to, the production of records, the establishment of new lines or the installation of new services on an existing line in order to support law enforcement and/or national security operations, and, the installation of wiretaps, trap-and-trace facilities and equipment, and dialed number recording facilities and equipment.
- 23.2 A Party shall not have the obligation to inform the other Party or the Customers of the other Party of actions taken in cooperating with law enforcement or national security authorities, except to the extent required by Applicable Law.
- 23.3 Where law enforcement authorities or national security authorities request relates to the establishment of lines (including, but not limited to, lines established to support interception of communications on other lines), or the installation of other services, facilities or arrangements, a Party may act to prevent the other Party from obtaining access to such information concerning such lines, services, facilities and arrangements.

24. Liability

- 24.1 As used in this Section, “Service Failure” means a failure to comply with a direction to install, restore or terminate Services under this Agreement, a failure to provide Services under this Agreement, and failures, mistakes, omissions, interruptions, delays, errors, defects or the like, occurring in the course of the provision of any Services under this Agreement.
- 24.2 Except as otherwise stated in this Section, the liability, if any, of a Party, a Party’s Affiliates, and the directors, officers and employees, agents and contractors of a Party and a Party’s Affiliates, to the other Party, the other Party’s Customers, and to any other person, for Claims arising out of a Service Failure shall not exceed an amount equal to the pro rata applicable monthly charge for the Services that are subject to the Service Failure for the period in which such Service Failure occurs.
- 24.3 For the Services provided under this Agreement, except as otherwise stated in this Section, a Party, a Party’s Affiliates, and the directors, officers and employees, agents and contractors of a Party and a Party’s Affiliates, shall not be liable to the other Party, the other Party’s Customers, or to any other person, in connection with this Agreement (including, but not limited to, in connection with a Service Failure or any breach, delay or failure in performance, of this Agreement) for special, indirect, incidental, consequential, reliance, exemplary, punitive, or like damages, including, but not limited to, damages for lost revenues, profits or savings, or other commercial or economic loss, even if the person whose liability is excluded by this Section has been advised of the possibility of such damages.
- 24.4 The limitations and exclusions of liability stated in this Section shall apply regardless of the form of a claim or action, whether statutory, in contract, warranty, strict liability, tort (including, but not limited to, negligence of a Party), or otherwise.
- 24.5 Nothing contained in this Section shall exclude or limit liability:
- 24.5.1 under Sections dealing with Indemnification, or, Taxes;
 - 24.5.2 for any obligation to indemnify, defend and/or hold harmless that a Party may have under this Agreement;
 - 24.5.3 for damages arising out of or resulting from bodily injury to or death of any person, or damage to, or destruction or loss of, tangible real and/or personal property of any person, or Toxic or Hazardous Substances, to the extent such damages are otherwise recoverable under Applicable Law;

- 24.5.4 for a claim for infringement of any patent, copyright, trade name, trade mark, service mark, or other intellectual property interest;
 - 24.5.5 under Section 258 of the Act or any order of the FCC or the Commission implementing Section 258;
 - 24.5.6 under the financial incentive or remedy provisions of any service quality plan required by the FCC or the Commission; or,
 - 24.5.7 caused by the gross negligence or intentionally wrongful acts or omissions.
- 24.6 In the event that the liability of a Party, a Party's Affiliate, or a director, officer or employee, agent or contractor of a Party or a Party's Affiliate, is limited and/or excluded under both this Section and a provision of an applicable Tariff, the liability of the Party or other person shall be limited to the smaller of the amounts for which such Party or other person would be liable under this Section or the Tariff provision.

25. Network Management

- 25.1 Cooperation. The Parties will work cooperatively in a commercially reasonable manner to install and maintain a reliable network, and to ensure that Service is initiated and disconnected smoothly and without damage to the network or facilities of either Party. Each party, or their Agent, will exchange appropriate information (*e.g.*, network information, 24/7 maintenance contact numbers, escalation procedures, and information required to comply with requirements of law enforcement and national security agencies) to achieve this desired reliability. In addition, the Parties will work cooperatively in a commercially reasonable manner to apply sound network management principles to alleviate and/or prevent traffic congestion.
- 25.2 Responsibility for Following Standards. Each Party recognizes a responsibility to follow the standards that may be agreed to between the Parties and to employ characteristics and methods of operation that will not interfere with or impair the service, network or facilities of the other Party or any third parties connected with or involved directly in the network or facilities of the other.
- 25.3 Interference or Impairment. If a Party ("Impaired Party") reasonably determines that the services, network, facilities, or methods of operation of the other Party ("Interfering Party") will or are likely to significantly degrade the Impaired Party's provision of services or the operation of the Impaired Party's network or facilities, the Impaired Party may interrupt or suspend service provided to the Interfering

Party to the extent necessary to prevent such interference or impairment, subject to the following:

- i. The Impaired Party must notify the Interfering Party as required by this Section and allow that Party a reasonable opportunity, under the circumstances, to correct the problem.
- ii. Where the Impaired Party does not know the precise cause of the interference or impairment, it must notify each Carrier that may have caused or contributed to the problem.
- iii. Except in emergency situations (e.g., situations involving a risk of bodily injury to persons or damage to tangible property, or an interruption in Customer service) or as otherwise provided in this Agreement, the Impaired Party shall provide the Interfering Party at least ten (10) days' prior written notice of the interference or impairment or potential interference or impairment and the need to correct the condition within said time period;
- iv. Where the interference or impairment asserted by the Impaired Party remains unresolved by the Interfering Party after ten (10) days, the Impaired Party must establish with specific and verifiable information that a particular service, network, facility or method of operation of the Interfering Party is causing the significant degradation.
- v. Where the Impaired Party demonstrates that a particular service, network, facility or method of operation of the Interfering Party is significantly degrading the performance of the Impaired Party's provision of services, the Interfering Party shall discontinue deployment of that service and correct the interference or impairment or migrate its Customers to technologies that will not significantly degrade the performance of other such services. Upon correction of the interference or impairment, the Impaired Party will promptly restore the interrupted or suspended Service. The Impaired Party shall not be obligated to provide an out-of-service credit allowance or other compensation to the Interfering Party in connection with the suspended Service unless Service was improperly interrupted or suspended by the Impaired Party.

25.4 Outage Repair Standard. In the event of an outage or trouble in any Service being provided by a Party hereunder, the Providing Party will follow industry standard procedures for isolating and clearing the outage or trouble in a manner consistent with its obligations to act in a non-discriminatory manner.

- 25.5 Maintenance. Parties shall provide prior notification of any scheduled maintenance activity performed by a Party that such Party reasonably believes may be service affecting to the other Party.

26. Notice of Network Changes

If a Party makes a change in the information necessary for the transmission and routing of services using that Party's facilities or network, or any other change in its facilities or network that will materially affect the interoperability of its facilities or network with the other Party's facilities or network, the Party making the change shall provide written notice to the other Party of the change at least ninety (90) days in advance of such change; provided, however, that if an earlier publication of notice of a change is required by Applicable Law, notice shall be given at the time required by Applicable Law.

27. Notices

- 27.1 Except as otherwise provided in this Agreement, notices given by one Party to the other Party under this Agreement:

27.1.1 shall be in writing;

27.1.2 shall be delivered (a) by express delivery service with next Business Day delivery, (b) by certified or registered U.S. mail, return receipt requested, postage prepaid, with a scanned copy; or (c) by electronic mail, with confirmation of receipt; and

27.1.3 shall be delivered to the following addresses of the Parties:

or to such other address(s) as either Party may designate from time to time by proper notice.

- 27.2 Notices will be deemed given as of the earlier of (a) where the notice is sent via express delivery service for next Business Day delivery, the next Business Day after the notice is sent or the date of actual receipt, whichever is later, (b) where

Interconnection Agreement by and between Level 3 Communications, LLC and Fidelity Telephone LLC

notice is sent via certified or registered U.S. mail, the date of receipt shown on the Postal Service receipt, or (c) by electronic mail, with confirmation of receipt.

28. Performance Standards

28.1 Each Party shall provide Services under this Agreement in accordance with the standards required by this Agreement. For standards not specifically stated in this Agreement, Services provided under this Agreement will be provided in accordance with Applicable Law. And for those standards not covered in any Applicable Law, Services under this Agreement will be provided in accordance with industry standards.

28.2 This Section 28.2 applies only to those interconnection arrangements, Telecommunications Services, or other services, facilities or arrangements that one Party would not otherwise be required to provide to the other Party pursuant to this Agreement, Applicable Law or Tariff. To the extent that one Party requests (the "Requesting Party") of the other Party (the "Responding Party") any such Interconnection arrangement, Telecommunications Service, or other service, facility or arrangement for the exchange of Telecommunications traffic or any other Services pursuant to this Agreement and the fulfillment of that request would involve service or network arrangements beyond that which the Responding Party provides for its own services or beyond that which the Responding Party provides with any other carrier with which the Responding Party has an interconnection agreement, or which would require the Responding Party to incur extraordinary costs and/or expenses beyond that which the Responding Party incurs for its own services or beyond that which the Responding Party incurs for service arrangements with any other carrier with which it has an interconnection agreement, the Responding Party may, at its sole judgment and discretion and after full and proper notice to the Requesting Party, provide such superior arrangements under the condition that the Requesting Party shall be responsible for any additional costs or expenses that may arise for the provisioning and operation of such superior arrangements.

29. Point of Contact for Customers

29.1 Each Party shall establish telephone numbers and mailing addresses for purposes of communications with its Customers. Each Party shall advise its customers of these telephone numbers and mailing addresses. Each Party shall advise the other Party of these telephone numbers and mailing addresses.

29.2 Neither Party shall have any obligation to accept a communication from the other Party's Customer, including, but not limited to, a request by the other Party's Customer for repair or maintenance. To the extent the correct provider can be

determined, misdirected calls received by either Party will be referred to the proper Service provider.

30. Publicity and Use of Trademarks or Service Marks

30.1 A Party, its Affiliates, and their respective contractors and Agents, shall not use the other Party's trademarks, service marks, logos or other proprietary trade dress, in connection with the sale of products or services, or in any advertising, press releases, publicity matters or other promotional materials, unless the other Party has given its written consent for such use, which consent the other Party may grant or withhold in its sole discretion.

30.2 Neither Party may imply any direct or indirect affiliation with or sponsorship or endorsement of it or its services or products by the other Party.

31. References

31.1 All references to Sections, Attachments, or Appendices shall be deemed to be references to Sections, Attachments, and Appendices of this Agreement unless the context shall otherwise require.

31.2 Unless the context shall otherwise require, any reference to a Tariff, agreement, technical or other document, or provision of Applicable Law, is to such Tariff, agreement, document, or provision of Applicable Law, as amended and supplemented from time to time (and, in the case of a Tariff or provision of Applicable Law, to any successor Tariff or provision).

32. Relationship of the Parties

32.1 The relationship of the Parties under this Agreement shall be that of independent contractors and nothing herein shall be construed as creating any other relationship between the Parties.

32.2 Nothing contained in this Agreement shall make either Party the employee of the other, create a partnership, joint venture, or other similar relationship between the Parties, or grant to either Party a franchise, distributorship or similar interest.

32.3 Except for provisions herein expressly authorizing a Party to act for another Party, nothing in this Agreement shall constitute a Party as a legal representative or Agent of the other Party, nor shall a Party have the right or authority to assume, create or incur any liability or any obligation of any kind, express or implied, against, in the name or on behalf of the other Party unless otherwise expressly permitted by such

other Party in writing, which permission may be granted or withheld by the other Party in its sole discretion.

- 32.4 Each Party shall have sole authority and responsibility to hire, fire, compensate, supervise, and otherwise control its employees, Agents and contractors. Each Party shall be solely responsible for payment of any Social Security or other taxes that it is required by Applicable Law to pay in conjunction with its employees, Agents and contractors, and for withholding and remitting to the applicable taxing authorities any taxes that it is required by Applicable Law to collect from its employees.
- 32.5 Except as otherwise expressly provided in this Agreement, no Party undertakes to perform any obligation of the other Party, whether regulatory or contractual, or to assume any responsibility for the management of the other Party's business.
- 32.6 The relationship of the Parties under this Agreement is a non-exclusive relationship.

33. Reservation of Rights

Notwithstanding anything to the contrary in this Agreement, neither Party waives, and each Party hereby expressly reserves, its rights: (a) to appeal or otherwise seek the reversal of and changes in any arbitration decision associated with any matter, including matters related specifically to this Agreement or other types of arrangements prescribed in this Agreement: (b) to seek changes in this Agreement (including, but not limited to, changes in rates, charges, and the Services that must be offered) through changes in Applicable Law: and (c) to challenge the lawfulness and propriety of, and to seek changes in, any Applicable Law, including, but not limited to, any rule, regulation, order, or decision of the Commission, the FCC, or a court of applicable jurisdiction, including challenges of or changes to matters related specifically to this Agreement or other types of arrangements prescribed in this Agreement. Nothing in the Agreement shall be deemed to limit or prejudice any position a Party has taken or may take before the Commission, the FCC, any other state or federal regulatory or legislative bodies, courts of applicable jurisdiction, or industry for addressing any matters, including matters related specifically to this Agreement or other types of arrangements prescribed by this Agreement. The provisions of the Section shall survive the expiration.

34. Severability

Should any portion of this Agreement be held to be unenforceable or invalid by a court or regulatory authority of competent jurisdiction, the Parties reserve the right to sever portions of the Agreement that are ruled as invalid, illegal, or unenforceable. The remainder of the Agreement shall remain in full effect. Parties may also renegotiate portions of the Agreement that are severed.

35. Subcontractors

A Party may use a contractor (including, but not limited to, an Affiliate of the Party) to perform the Party's obligations under this Agreement; provided, however, that a Party's use of a contractor shall not release the Party from any duty or liability to fulfill the Party's obligations under this Agreement.

36. Successors and Assigns

This Agreement shall be binding on and inure to the benefit of the Parties and their respective legal successors and permitted assigns.

37. Survival

The rights, liabilities and obligations of a Party for acts or omissions occurring prior to the expiration, cancellation or termination of this Agreement, the rights, liabilities and obligations of a Party under any provision of this Agreement regarding confidential information, indemnification or defense, or limitation or exclusion of liability, and the rights, liabilities and obligations of a Party under any provision of this Agreement which by its terms or nature is intended to continue beyond or to be performed after the expiration, cancellation or termination of this Agreement, shall survive the expiration, cancellation or termination of this Agreement for a period that coincides with the applicable statute of limitations established by Applicable Law.

38. Taxes

Each Party purchasing services hereunder shall pay or otherwise be responsible for all federal, state, or local sales, use, excise, gross receipts, transaction or similar taxes, fees or surcharges levied against or upon such purchasing Party (or the providing Party when such providing Party is permitted to pass along to the purchasing Party such taxes, fees or surcharges), except for any tax on either Party's corporate existence, status or net income.

39. Technology Upgrades

- 39.1 Each Party (the "Providing Party") shall provide, maintain, repair or replace its facilities and Services, including those facilities and Services used by the other Party pursuant to this Agreement, at a level of quality that is equal to that which the Providing Party provides to itself, its Affiliates, and any third parties in accordance with the requirements of the Act. At a minimum, the Providing Party shall provide, maintain, repair or replace its facilities and Services in accordance with the same technical criteria and service standards that are used within its own network on terms and conditions that are just, reasonable and nondiscriminatory in accordance with the terms and conditions of this Agreement and Applicable Law.

39.2 Each Party shall have the right to deploy, upgrade, migrate and maintain its network to the extent permitted by Applicable Law as long as such network changes do not interrupt or impair the other Party's services. Nothing in this Agreement shall limit either Party's ability to modify its network through the incorporation of new equipment or software or otherwise.

40. Territory

40.1 This Agreement applies solely to the Local Calling Area.

41. Third Party Beneficiaries

Except as expressly set forth in this Agreement, this Agreement is for the sole benefit of the Parties and their legal successors and permitted assigns, and nothing herein shall create or be construed to provide any third-persons with any remedy, claim, liability, reimbursement, claim of action, or other right in excess of those existing by reference in this Agreement.

42. Filing of Agreement

The Parties understand and agree that this Agreement will be filed by ILEC with the Commission pursuant to Section 252 of the Act.

43. 252(i) Obligations

To the extent required by law, each Party shall comply with section 252(i) of the Act.

44. 251(f) Rural Exemption

ILEC is entitled to maintain that it is a rural telephone company as defined in 47 U.S.C. 153 and provided by 47 U.S.C. 251(f). By entering into this Agreement, ILEC is not waiving its right to maintain that it is a rural telephone company and its right to maintain that it is exempt from §251(c) under 47 U.S.C. 251(f) of the Act.

45. Use of Service

Each Party shall make commercially reasonable efforts to ensure that its Customers, comply with the provisions of this Agreement (including, but not limited to the provisions of applicable Tariffs) applicable to the use of Services purchased by it under this Agreement.

46. No Waiver

Any failure by either Party to insist upon the strict performance by the other Party of any of the provisions of this Agreement shall not be deemed a waiver of any of the provisions of this Agreement, and each Party, notwithstanding such failure, shall have the right thereafter to insist upon the specific performance of any and all of the provisions of this Agreement. This Agreement is the result of voluntary negotiations between Local Exchange Carriers and shall be construed as an Agreement reached through voluntary negotiation.

47. Warranties

EXCEPT AS EXPRESSLY STATED IN THIS AGREEMENT, NEITHER PARTY MAKES OR RECEIVES ANY WARRANTY, EXPRESS OR IMPLIED, WITH RESPECT TO THE SERVICES PROVIDED, OR TO BE PROVIDED, UNDER THIS AGREEMENT AND THE PARTIES DISCLAIM ANY OTHER WARRANTIES, INCLUDING BUT NOT LIMITED TO, WARRANTIES OF MERCHANTABILITY, WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE, WARRANTIES AGAINST INFRINGEMENT, AND WARRANTIES ARISING BY TRADE CUSTOM, TRADE USAGE, COURSE OF DEALING OR PERFORMANCE, OR OTHERWISE.

48. Entire Agreement

This Agreement and any Attachments, Appendices, or Tariffs which are incorporated herein by reference, sets forth the entire understanding and supersedes prior agreements between the Parties relating to the subject matter contained herein and merges all prior discussions between them, and neither Party shall be bound by any definition, condition, provision, representation, warranty, covenant or promise other than as expressly stated in this Agreement or as is contemporaneously or subsequently set forth in writing and executed by a duly authorized officer or representative of each Party to be bound thereby.

49. Robocall Mitigation

For Robocall Mitigation compliance, Parties shall adhere to all applicable federal rules and regulations.

GLOSSARY OF TERMS

1. General Rule

Unless the context clearly indicates otherwise, when a term listed in this Glossary is used in this Agreement, the term shall have the meaning stated in this Glossary. A defined term intended to convey the meaning stated in this Glossary is capitalized when used. Certain other terms that are capitalized, and not defined in this Glossary or elsewhere in this Agreement, shall have the meaning stated in the Act. Additional definitions that are specific to the matters covered in a particular provision of this Agreement may appear in that provision. To the extent that there may be any conflict between a definition set forth in this Glossary and any definition in a specific provision, the definition set forth in the specific provision shall control with respect to that provision. The Parties acknowledge that other terms appear in this Agreement that are not defined or ascribed as described above. The Parties agree that any such terms shall be construed in accordance with their customary usage in the telecommunications industry as of the effective date of this Agreement.

Unless the context clearly indicates otherwise, any term defined in this Glossary which is defined or used in the singular shall include the plural, and any term defined in this Glossary which is defined or used in the plural shall include the singular.

2. Definitions

- 2.1 “Access Services” refers to interstate and intrastate switched access and private line transport services.
- 2.2 “Act” means the Communications Act of 1934 (47 U.S.C. §151 et seq.), as amended from time to time (including, but not limited to, by the Telecommunications Act of 1996).
- 2.3 “Affiliate” shall have the meaning set forth in the Act.

- 2.4 “Agent” shall include an agent or servant.
- 2.5 “Agreement” means this Agreement, as defined in Section 1 of the General Terms and Conditions.
- 2.6 “Applicable Law” means all effective laws, administrative rules and regulations, and any court orders, rulings and decisions from courts of competent jurisdiction, applicable to each Party’s performance of its obligations under this Agreement.
- 2.7 “Business Day” means Monday through Friday, except for ILEC’s holidays.
- 2.8 “Calendar Quarter” means January through March, April through June, July through September, or October through December
- 2.9 “Calendar Year” means January through December.
- 2.10 “Calling Party Number” or “CPN” means a CCS parameter that identifies the calling party's telephone number.
- 2.11 “Central Office” or “CO” refers to a local switching system for connecting lines to lines, lines to trunks, or trunks to trunks for the purpose of originating/terminating calls over the public switched telephone network. A single Central Office may handle several Central Office codes ("NXXs"). Sometimes this term is used to refer to a telephone company building in which switching systems and telephone equipment are installed.
- 2.12 “Central Office Switch” refers to a switch used to provide Telecommunications Services, including, but not limited to, End Office and Tandem Switches. A Central Office Switch may also be employed as a combination End Office/Tandem Office Switch.
- 2.13 “Commission” shall mean the Missouri Public Service Commission.
- 2.14 “Common Channel Signaling” or “CCS” refers to a method of transmitting call set-up and network control data over a digital signaling network separate from the public switched telephone network facilities that carry the actual voice or data content of the call. The CCS currently used by the Parties is SS7.
- 2.15 “Common Language Location Identifier” or “CLLI Code” refers to a code developed by Telcordia Technologies as a method of identifying physical locations and equipment such as buildings, Central Offices, poles and antennas. There are three (3) basic formats for CLLI Codes: network entity, network support site, and customer site.

- 2.16 “Competitive Local Exchange Carrier” or “CLEC” refers to any Local Exchange Carrier providing Local Exchange Telecommunications Service in any area where it is not an Incumbent Local Exchange Carrier (“ILEC”).
- 2.17 “Customer” or “End User” means the residential or business subscriber that is the ultimate end user of Telephone Exchange Services provided by either of the Parties, or by a Party’s Wholesale Customer.
- 2.18 “Customer Proprietary Network Information” or “CPNI” is as defined in the Act.
- 2.19 “Day” means calendar days unless otherwise specified.
- 2.20 “End Office Switch” or “End Office” means a switching entity that is used to terminate Customer station Loops for the purpose of interconnection to each other and to trunks.
- 2.21 “End User” - see “Customer”.
- 2.22 “FCC” shall mean the Federal Communications Commission.
- 2.23 “Incumbent Local Exchange Carrier” or “ILEC” shall have the meaning stated in the Act.
- 2.24 “Interexchange Carrier” or “IXC” means a Telecommunications Carrier that provides, directly or indirectly, InterLATA or IntraLATA Telephone Toll Services.
- 2.25 “Internet” means the collective international network of interoperable public, private, managed and non-managed computer and Telecommunications facilities, including both hardware and software, which comprise the interconnected world-wide network of networks that employ the Transmission Control Protocol/Internet Protocol (TCP/IP), or any predecessor or successor protocols to such protocol, to communicate information of all kinds by wireline or wireless connections.
- 2.26 “Internet Protocol” refers to a standard networking protocol that provides information transmission across interconnected networks, between computers with diverse hardware architectures and various operating systems, and keeps track of Internet addresses for different nodes, routes outgoing information and recognizes incoming information.
- 2.27 “Internet Service Provider” or “ISP” is a vendor who provides access for Customers (companies and private individuals) to the Internet and the World

Wide Web for Telecommunication Services or other means, but does not include a common carrier to the extent that it provides common carrier services.

- 2.28 “Internet Traffic” or “ISP-Bound Traffic” means dial-up ISP traffic that is originated and dialed by an End User of one Party, delivered to the other Party, and terminated by the other Party to an ISP located in the local calling area.
- 2.29 “IntraLATA Traffic” means telecommunications traffic that originates and terminates within the same LATA.
- 2.30 “Interconnection Point” or “IP” means the location on the incumbent LEC network of ILEC at which the connection is made by CLEC for the exchange of Local Traffic between the Parties.
- 2.31 “Local Access and Transport Area” or “LATA” shall have the meaning set forth in the Act.
- 2.32 “Local Calling Area” shall mean the local serving exchange area as defined by the effective local exchange tariff(s) of ILEC, in addition to areas contained within exchanges that are included in non-optional Extended Area Service plans contained in the effective local exchange tariff(s) of ILEC and any other areas included by mandatory local calling scope arrangements established and defined by the Commission.
- 2.33 “Local Exchange Carrier” or “LEC” shall have the meaning set forth in the Act.
- 2.34 “Local Exchange Routing Guide” or “LERG” shall mean a Telcordia Technologies reference containing NPA/NXX routing and homing information.
- 2.35 “Local Number Portability” (“LNP”) means the ability of Customers of Telecommunications Services to retain, within the same geographic Rate Center Area associated with the Customer’s NPA-NXX code, existing telecommunications numbers without impairment of quality, reliability, or convenience when switching from one telecommunications carrier to another.
- 2.36 “Local Service Request” (“LSR”) means an industry standard form or a mutually agreed upon change thereof, used by the Parties to add, establish, change or disconnect local services.
- 2.37 “Local Traffic” or “Subject Traffic” means traffic that is originated and terminated within ILEC’s local serving area as defined by the effective local exchange tariff(s) of ILEC, including mandatory local calling scope arrangements

provided in accordance with approved tariffs. A mandatory local calling scope arrangement is an arrangement that provides End Users a local calling scope; i.e. Extended Area Service (“EAS”), beyond the End User’s basic exchange serving area. Therefore, Local Traffic, for purposes of this Agreement, includes both

intra-exchange calls and non-optional EAS calls, but does not include any optional extended local scope service arrangement. Local traffic includes VoIP - PSTN Traffic that originates and terminates within a Local Calling Area. For this purpose, Local Traffic includes ISP-Bound Traffic.

- 2.38 “North American Numbering Plan” (“NANP”) means the plan for the allocation of unique 10-digit directory numbers consisting of a three-digit area code, a three-digit office code, and a four-digit line number. The plan also extends to format variations, prefixes, and special code applications.
- 2.39 “Numbering partner” means the carrier from which an interconnected VoIP provider obtains numbering resources. A numbering partner must be authorized to receive numbers from NANPA, and has responsibility to comply with the FCC numbering rules, including LNP requirements.
- 2.40 “Numbering Plan Area (“NPA”)” (sometimes referred to as an area code) is the three-digit indicator which is designated by the first three digits of each 10-digit telephone number within the NANP. Each NPA contains 800 possible NXX Codes. There are two general categories of NPA, “Geographic NPAs” and “Non-Geographic NPAs.” A “Geographic NPA” is associated with a defined geographic area, and all telephone numbers bearing such NPA are associated with services provided within that geographic area. A “Non-Geographic NPA,” also known as a “Service Access Code (SAC Code)” is typically associated with a specialized telecommunications service which may be provided across multiple geographic NPA areas; 500, 800, 900, 700, and 888 are examples of Non-Geographic NPAs.
- 2.41 “NXX,” “NXX Code,” “NNX,” “COC,” “Central Office Code,” or “CO Code” is the three-digit switch entity indicator which is defined by the fourth, fifth and sixth digits of a 10-digit telephone number within NANP.
- 2.42 “Proprietary Information” shall have the same meaning as Confidential Information, which is defined in Section 10 of the General Terms and Conditions.
- 2.43 “Providing Party” means a Party offering or providing a Service to the other Party under this Agreement.
- 2.44 “Purchasing Party” means a Party requesting or receiving a Service from the other
- Interconnection Agreement by and between Level 3 Communications, LLC and Fidelity Telephone LLC

Party under this Agreement.

- 2.45 “Rate Center Area” refers to the geographic area that has been identified as being associated with a particular NPA-NXX code assigned to the LEC for its provision of Telephone Exchange Services. The Rate Center Area is the exclusive geographic area that the LEC has identified as the area within which it will provide Telephone Exchange Services bearing the particular NPA-NXX designation associated with the specific Rate Center Area.
- 2.46 “Rate Center Point” refers to a specific geographic point, defined by a V&H coordinate, located within the Rate Center Area and used to measure distance for the purpose of billing for distance-sensitive Telephone Exchange Services and Toll Traffic.
- 2.47 “Reciprocal Compensation” means the arrangement for recovering, in accordance with Section 251(b)(5) of the Act, costs incurred for the transport and termination of Subject Traffic originating by the Customers of one Party on that Party’s network and terminating to the Customers of the other Party on that other Party’s network.
- 2.48 “Service” means any Interconnection arrangement, Telecommunications Service, or other service, facility or arrangement, offered by a Party under this Agreement.
- 2.49 “Signaling System 7” or “SS7” refers to the common channel out-of-band signaling protocol (CCS) developed by the Consultative Committee for International Telephone and Telegraph (CCITT) and the American National Standards Institute (ANSI). ILEC and CLEC currently utilize this out-of-band signaling protocol.
- 2.50 “Subject Traffic” – See “Local Traffic”.
- 2.51 “Subsidiary” means a corporation or other person that is controlled by a Party.
- 2.52 “Switched Exchange Access Service” means the offering of transmission and switching services for the purpose of the origination or termination of Toll Traffic. Switched Exchange Access Services include but may not be limited to: Feature Group A, Feature Group B, Feature Group C, Feature Group D, 700 access, 800 access, 888 access and 900 access.
- 2.53 “Tariff” means a filing made at the state or federal level for the provision of a telecommunications service by a telecommunications carrier that provides for the terms, conditions and pricing of that service. Such filing may be required or voluntary and may or may not be specifically approved by the Commission or

FCC.

- 2.54 “Telcordia Technologies” refers to Telcordia Technologies, Inc., formerly known as Bell Communications Research, Inc. (Bellcore).
- 2.55 “Telecommunications” is as defined in the Act.
- 2.56 “Telecommunications Carrier” shall have the meaning set forth in the Act.
- 2.57 “Telecommunications Services” shall have the meaning set forth in the Act.
- 2.58 “Voice over Internet Protocol Traffic” or “VoIP-PSTN Traffic” is voice communications traffic that utilizes Internet Protocol format for some or all of the transmission of the call.
- 2.59 “Wholesale Customer” a telecommunications provider that purchases transport and termination services from a Party in order for that provider to be able to provide local telecommunications services to its end user customers.

ATTACHMENT B

To the Agreement By and Between

Fidelity Telephone LLC

And

Level 3 Communications, LLC

ADDITIONAL SERVICES

The Services described in this Attachment B shall only be available to CLEC under this Agreement: (i) when ILEC is providing the Service to itself, (ii) in areas where ILEC is providing such Service to ILEC's End User subscribers (except for dialing parity and Local Number Portability), and (iii) subject to the limitations specified herein. To the extent that ILEC does not provide the Services described in this Attachment B to itself or if the requested Service is not available to ILEC's End User subscribers, CLEC must secure any desired Services under a separate agreement with ILEC or with another provider.

1. Dialing Parity - Section 251(b)(3)

Each Party shall provide the other Party with nondiscriminatory access to such services and information as are necessary to allow the other Party to implement local Dialing Parity in accordance with the requirements of Section 251(b)(3) of the Act.

2. Directory Listings

CLEC currently works directly with a third-party publisher in order to make its directory listings available to any and all publishers. Any charges for directory listings or distribution will be between CLEC and publisher.

ATTACHMENT C

To the Agreement By and Between

Fidelity Telephone LLC

And

Level 3 Communications, LLC

INTERCONNECTION AND NUMBER PORTABILITY

This Attachment describes the arrangements between the Parties for interconnection and the transmission and routing of telecommunications traffic as set forth below.

1. Scope of Traffic

- 1.1 The Parties agree that traffic delivered over the interconnection facilities will consist of the following traffic: Local Traffic pursuant to sections 251(a) and (b) of the Act.
- 1.2 Each Party agrees that it will not provision any of its services in a manner that will result in, or that permits, the circumvention of the application of intrastate or interstate access charges by the other Party including, but not limited to, the resale to third parties or the assignment of NPA-NXX numbers associated with one Rate Center for Customers that obtain local exchange service in a different Rate Center. Telecommunications traffic to or from Customers that originates or terminates in areas other than those included in the calling scope of Local Traffic is beyond the scope of the Agreement. All traffic that does not originate and terminate to Customers within the same local calling area of either Party is subject to the appropriate Switched Exchange Access Service tariffs regardless of whether the traffic may have been transmitted via Internet Protocol or any other transmission protocol at any time during the routing and transmission of the call.
- 1.3 Both Parties agree that they will: (a) assign telephone numbers to Customers that obtain local exchange service in the Rate Center Areas associated with the telephone number in a manner consistent with this Agreement; (b) provision their local exchange carrier services in a manner that the resulting traffic exchanged between the Parties pursuant to this Agreement will be confined to the scope of the traffic as set forth in this Section; (c) assign telephone numbers consistent with the Local Exchange Routing Guide (LERG) within the Local Calling Area;

(d) assign whole NXX Codes to each Rate Center, or where, applicable, thousand number blocks within a NXX Code assigned to that Rate Center; (e) subject to section 4.2 below, provide Calling Party Number on Customer originated traffic delivered to the other Party; (f) be responsible for the transport of originating calls from its network to the POI; (g) ensure that its facilities are compatible; and (h) work cooperatively to install and maintain reliable interconnected telecommunications networks. Both Parties agree that they will engineer their respective networks and design their respective systems to deliver traffic in compliance with this Agreement.

- 1.4 If either Party violates Section 1.2 or 1.3 above, the other Party shall be entitled to charge originating and terminating access charges as prescribed by applicable tariff, for traffic associated with such violations.
- 1.5 Both Parties agree only to deliver traffic to the other Party pursuant to and consistent with the terms of this Agreement.
- 1.6 As of the Effective Date of this Agreement, ILEC is not the 911 service provider serving the PSAP and each party is solely responsible for making their own 911 Arrangements to connect to the current 911 service provider and for making updates on a timely basis to the ALI database for their respective Customers. In the event that ILEC becomes the 911 service provider for any exchange where CLEC is providing service under this Agreement, ILEC will provide CLEC advance notice and the Parties agree to negotiate terms to amend this Agreement for the provision of 911 Arrangements by ILEC to CLEC.
- 1.7 The Parties acknowledge and affirm that calls to 911/E911 services shall NOT be routed over the trunk groups established between the Parties pursuant to this Agreement. To the extent that a Party incorrectly routes such traffic over such arrangements, that Party shall fully indemnify and hold harmless the other Party, in accordance with the terms of this Agreement, for any claims, including claims of third parties, related to such calls.

2. Methods for Interconnection and Trunk Types

Parties agree upon Commission approval of this Agreement, network planning, trunk ordering/installation/testing and any other network-related setup may commence.

2.1 Methods for Interconnection

2.1.1 Interconnection

2.1.1.A Direct interconnection. The Parties shall utilize mutually agreeable IP(s) designated as the points from which the Parties will provide transport and termination of traffic that is within the scope of the Agreement. Each Party will be responsible operationally and financially for the costs of bringing their facilities to their side of the IP and for the delivery to the IP of any traffic that the Party sends to the other Party under the terms of this Agreement. Where mutually beneficial to the Parties, they may agree to provision voluntary arrangements not otherwise required under Applicable Law.

2.1.1.B The Parties agree to interconnect at one or more IPs as set forth in Appendix A in accordance with the following options:

1. The Parties may interconnect at a mid-span meet point subject to the following terms, conditions and provisions:
 - (a) The IP, as proposed, must be technically feasible and not unduly economically burdensome as determined by the Commission and shall be subject to reasonable engineering, environmental, safety and security best practices. Such requirements shall include, without limitation, the technical ability to accommodate testing on each side of the IP and to provide for a point of demarcation between the networks of each party;
 - (b) The IP must be located on the incumbent network of ILEC and within or at ILEC's exchange boundary;
 - (c) The location, equipment and work needed to establish the IP shall be subject to mutual agreement of the Parties;
2. Any other mutually agreed to arrangement, as agreed by the Parties.
3. Direct interconnection trunks will be designed and provisioned as two (2) way trunks.

2.1.1.C Each Party shall provide its own facilities or purchase necessary transport for the provisioning of facilities to the agreed-to IP(s).

- 2.1.1.D Indirect Interconnection. CLEC may choose to use a third party carrier that provides connectivity between the Parties (“Transit Traffic”). Each Party shall be responsible for all transit costs for its originated traffic sent to the IP as shown on Appendices A and B.
- 2.1.1.E Parties may, at their discretion, establish direct interconnection trunks to the other Party when 250,000 or more minutes of use per month, for three consecutive months, is reached.
- 2.1.2 The Parties shall utilize the common channel out-of-band signaling (“CCS”) protocol developed by the Consultative Committee for International Telephone and Telegraph (“CCITT”) and the American National Standards Institute (“ANSI”). The Parties currently utilize SS7 out-of-band signaling protocol and agree to continue to exchange traffic using SS7 signaling parameters including, but not limited to ISDN User Part (“ISUP”), Signaling Points including STPs, SSPs, and SCPs, and any other SS7 parameters necessary for the exchange of traffic.
 - 2.1.2.A The Parties agree to cooperate on the exchange of all appropriate SS7 messages for call set-up, including ISUP and, if available, Transaction Capability User Part (“TCAP”) messages, to facilitate interoperability of available CLASS features between their respective networks. Where technically feasible, the Parties shall include the Jurisdictional Information Parameter (JIP) in the Initial Address Message (“IAM”), containing a Local Exchange Routing Guide-assigned NPA-NXX (6 digits) identifying the originating switch on calls that they originate. ILEC agrees to provide carrier identification parameter (CIP) within Level 3’s SS7 call set-up signaling protocol at no charge.
 - 2.1.2.B Neither Party shall intentionally substitute or generate incorrect ANI, CPN or SS7 parameters on traffic exchanged pursuant to this Agreement. Upon determination that a Party has intentionally substituted or generated such incorrect parameters on traffic exchanged pursuant to this Agreement, the offending Party shall pay the other Party the difference between compensation paid (if any) and applicable access charges, plus interest due under the terms of the applicable access tariff from the date the traffic would have been billed if such parameters had been passed unaltered.

2.2 Trunking Arrangements

- 2.2.1 The Parties will interconnect one or more trunk groups for the transmission and routing of Local Traffic at any technically feasible point on ILEC's network.
- 2.2.2 For each trunk group with a utilization level of less than sixty percent (60%) for three consecutive months, unless the Parties agree otherwise, either Party may disconnect a sufficient number of the available trunks to attain a utilization level of approximately sixty percent (60%); provided, however, the trunks will be grouped in multiples of 24 trunks for the purpose of determining utilization levels. The minimum utilization level of sixty percent (60%) is not required until trunk groups have been in service for at least six (6) months.
- 2.2.3 ILEC will provide and implement all defined and industry supported SS7 mandatory parameters as well as procedures in accordance with ANSI standards to support SS7 signaling for call setup for the interconnection trunks. To the extent ILEC provides ANSI optional parameters for its own use, ILEC shall provide the same to CLEC for CLEC's review.
- 2.2.4 CLEC shall have the option to use a third party signaling partner which provides SS7 connectivity between each Party's networks.
- 2.2.5 All trunks shall utilize SS7 Common Channel Signaling. The Parties agree to utilize B8ZS and Extended Super Frame (ESF) DS1 facilities, where available. ILEC shall support 64 KBPS clear channel where it provides such capability to its end users.
- 2.2.6 The Parties shall meet (telephonically or in person) from time to time, as needed, to review data on two-way trunks to determine the need for new trunk groups and to plan any necessary changes in the number of trunks.
- 2.2.7 The trunk group(s) established between the Parties pursuant to the terms of this Agreement for the exchange of Local Traffic shall be engineered to a P.01 Grade of Service. The performance standard for two-way trunk groups shall be that no such trunk group will exceed its design blocking objective for three (3) consecutive calendar traffic study months.
- 2.2.8 The Parties shall collaboratively determine the number of two-way trunks that are required to meet the applicable design-blocking objective for all traffic carried on each two-way trunk group. CLEC shall order two-way

trunks by submitting ASRs to ILEC and any applicable third party, setting forth the number of two-way trunks to be installed and the requested installation dates within ILEC's effective standard intervals or negotiated intervals, as appropriate. ILEC shall populate all applicable fields in ASRs in accordance with Alliance for Telecommunications Industry Solutions' Ordering and Billing Forum ("OBF") guidelines as in effect from time to time, or use another mutually agreed upon format.

2.2.9 Both Parties shall monitor two-way trunk groups using service results for the applicable design blocking objective. If either Party ("Observing Party") observes blocking in excess of the applicable design objective on any two-way trunk group, the Observing Party may submit an ASR or Trunk Group Service Request ("TGSR") to the Other Party requesting that the trunk group be augmented to remedy the blocking. Upon receipt of such request, both Parties will provision additional trunks within five (5) Business Days.

2.2.10 The Parties will review all two-way trunk groups that reach a utilization level of seventy percent (70%), or greater, to determine whether those groups should be augmented. CLEC will promptly augment all two-way trunk groups that reach a utilization level of eighty percent (80%) by submitting ASRs (or TGSRs followed by ASRs) for additional trunks sufficient to attain a utilization level of approximately seventy percent (70%), unless the Parties agree that additional trunking is not required. For each two-way trunk group with a utilization level of less than sixty percent (60%), unless the Parties agree otherwise, CLEC will promptly submit ASRs (or ILEC will issue TGSRs followed by issuance of CLEC's ASRs) to disconnect a sufficient number of trunks to attain a utilization level of approximately sixty percent (60%) for each respective group, unless the Parties agree that the two-way trunks should not be disconnected.

3. Provisioning of Interconnection Facilities

3.1 The Parties shall mutually agree on the type of facilities to be utilized for interconnecting their networks at the IP.

3.2 Unless mutually agreed to by both Parties, each Party will outpulse ten (10) digits to the other Party.

- 3.3 Each Party will use commercially reasonable efforts to monitor the traffic exchanged by the Parties over the interconnection facilities and to augment those facilities using generally accepted engineering standards.
4. Traffic Measurement and Billing over Interconnection Trunks
 - 4.1 The Parties will provide each other with the proper call information, including all proper translations for routing between networks and any information necessary for billing.
 - 4.2 Each Party reserves the right to audit, at its own expense, all traffic and any associated billing as specified in this Section of the Agreement, up to a maximum of two audits per calendar year to ensure that only Local Traffic is being routed on the Interconnection Trunks and that rates are being applied appropriately. Each Party agrees to provide the necessary Traffic data in conjunction with any such audit in a timely manner.
 - 4.3 To the extent technically and economically feasible, each Party shall pass unaltered Calling Party Number (CPN) information on each call. The Parties agree that they will not populate the CPN field in the call detail record with a Wholesale Customer's billing or local routing number but will utilize the Customer's CPN or billing number.
 - 4.3.1 Where possible, actual call detail records including the CPN, will be used by the terminating Party for purposes of auditing the scope of traffic. Where a terminating Party has the capability, it will use the actual call detail records including the CPN information associated with each specific call to identify traffic delivered by the other Party as either Local Traffic, or traffic that is not within the scope of this Agreement.
 - 4.3.2 When a terminating Party receives insufficient call detail or the CPN is missing or masked, and therefore cannot determine whether the call is or is not within the scope of this Agreement, and if the percentage of traffic delivered with CPN and having sufficient detail is greater than 90% of total calls delivered, the calls without sufficient detail or CPN will be presumed to be in the same proportion as the calls having sufficient detail and CPN. If traffic delivered by one Party to the other Party has CPN and sufficient call detail on fewer than 90% of the calls, the terminating Party may provide written notice of a billing dispute to the other Party delivering such calls below the 90 percent threshold. Upon such notice, the Party delivering the traffic to the other Party (the "Delivering Party") shall have 30 days to investigate and correct the lack of CPN and report the date the

problem was corrected to the other Party (the “Terminating Party”) or provide evidence indicating the nature of calls that have insufficient call detail or lack a CPN. If the problem cannot be repaired within 30 days of the written notice to bring the delivered traffic without CPN to fewer than 10% of total calls, the Terminating Party will bill all traffic without CPN based on its intrastate access tariff for traffic in excess of 10% until such time as the traffic without CPN is fewer than 10% of total traffic.

5. Local Traffic

- 5.1 The specific compensation terms and conditions set forth in this Section of the Agreement are applicable to Local Traffic, as defined in Attachment A (“Glossary”), together with all other terms and conditions set forth in this Agreement. The specific compensation terms and conditions set forth in this Section are not applicable to any other kind of traffic or for traffic that originates or terminates in areas outside the scope of Local Traffic as defined in this Agreement.
- 5.2 The Parties agree that the nature of the Local Traffic to be exchanged between the Parties and all other mutual provisions and relative obligations of the Parties pursuant to this Agreement represent good and valuable consideration, the sufficiency of which between the Parties is acknowledged such that within the scope of this Agreement, neither Party has any obligation to provide any monetary compensation to the other Party for the other Party’s origination or termination of Local Traffic (i.e., Bill and Keep).
- 5.3 The compensation terms and conditions set forth in this section are specifically related to and dependent on all of the provisions of Section 5.1 and any other terms and conditions of this Agreement.
- 5.4 Traffic Not Subject to Terms and Conditions for Local Traffic
 - 5.4.1 The terms and conditions set forth in this Agreement for Local Traffic do not apply to the following: (1) interstate or intrastate Exchange Access or exchange services for Exchange Access; (2) intraLATA Toll Traffic or interLATA Toll Traffic, including, but not limited to, calls originated on a 1+ presubscription basis, or on a casual dialed (10XXX/101XXXX) basis; (3) Switched Exchange Access Service traffic; or (4) Optional Extended Local Calling Area Traffic. The terms and conditions set forth in this Agreement for Local Traffic do not apply to traffic either originated from or terminated to a Party’s Customer where the Customer location is physically located outside of the geographic area that has been identified

as the Rate Center Area associated with a particular NPA-NXX.

6. Nomadic Traffic

Due to the advancement of IP technology and applications available, services have become more mobile. Because of this, the Parties agree that Traffic originating from or terminating to an Internet protocol (IP) device other than at the end user subscriber's service location (Nomadic Traffic) provided by either Party will be immaterial. If either Party believes that a material amount of the other Party's traffic is Nomadic Traffic, then the Parties can conduct audits or take other commercially reasonable steps to verify that the other Party is not provisioning any of its services to intentionally circumvent applicable Switched Access Service charges. If either Party intends to send a material amount of Nomadic Traffic, then such Party shall notify the other Party in writing within sixty (60) days to amend the Agreement.

7. Intermediary Services

This Agreement does not obligate either Party to provide or utilize any intermediary or transit traffic function of the other Party.

For purposes of this Agreement, Level 3's traffic exchanged with ILEC is considered to be the provision of End Office switching functions for its Wholesale Customer so neither Level 3 nor its Wholesale Customer is entitled to bill, nor is ILEC obligated to pay, any transit charges for such traffic.

8. Number Resources, Rate Center Areas and Routing Points

8.1 Nothing in this Agreement shall be construed to limit or otherwise adversely affect in any manner either Party's right to employ or to request and be assigned any Central Office Codes ("NXX") pursuant to the Central Office Code Assignment Guidelines and any relevant FCC or Commission orders, as may be amended from time to time, or to establish, by Tariff or otherwise, Rate Center Areas and Routing Points corresponding to such NXX codes.

8.2 During the term of this Agreement, CLEC shall adopt the Rate Center Area and Rate Center Points that the Commission has approved for ILEC. CLEC, or its Numbering Partner, shall assign whole NPA-NXX codes to each Rate Center Area or, where applicable, thousand number blocks within a NXX Code assigned to that Rate Center unless otherwise ordered by the FCC, the Commission or another governmental entity of appropriate jurisdiction, or the telecommunications

industry adopts alternative methods of utilizing NXXs.

- 8.3 It shall be the responsibility of each Party to program and update its own switches and network systems. Except as expressly set forth in this Agreement, neither Party shall impose any fees or charges whatsoever on the other Party for such activities.

9. Installation, Maintenance, Testing and Repair

- 9.1 Unless otherwise agreed in writing by the Parties, Interconnection provided by a Party shall be equal in quality to that provided by such Party to itself, any subsidiary, affiliates or third party. If either Party is unable to fulfill its obligations under this Section, it shall notify the other Party of its inability to do so and will negotiate alternative intervals in good faith. The Parties agree that the standards to be used by a Party for isolating and clearing any disconnections and/or other outages or troubles shall be at parity with standards used by such Party with respect to itself, any subsidiary, affiliate or third party.

- 9.2 Parties will work cooperatively to assure proper maintenance and repair activities provided by a Party shall be equal in quality to that provided by such Party to itself. A maintenance service charge applies whenever either Party requests the dispatch of the other Party's personnel for the purpose of performing maintenance activity on the interconnection trunks, and any of the following conditions exist: (a) no trouble is found in the interconnection trunks; (b) the trouble condition results from equipment, facilities or systems not provided by the Party whose personnel were dispatched; or (c) trouble clearance did not otherwise require a dispatch, and upon dispatch requested for repair verification, the interconnection trunk does not exceed maintenance limits.

- 9.2.1 If a maintenance service charge has been applied and trouble is subsequently found in the facilities of the Party whose personnel were dispatched, the charge will be canceled.

- 9.2.2 Billing for maintenance service by either Party is based on each half-hour or fraction thereof expended to perform the work requested. The time worked is categorized and billed at one of the following three rates: (1) basic time; (2) overtime; or (3) premium time as follows per half hour or fraction thereof:

Basic Time per technician normally scheduled working hours \$32.00

Overtime per technician outside of normally scheduled working

Hours on a scheduled work day \$48.00

Premium Time per technician outside of scheduled work day \$64.00

A call out of a Party's employee at a time not within the employee's scheduled work period is subject to a minimum charge of two (2) hours.

10. Network Notices

10.1 Parties will use best efforts to provide timely notices of changes in transmission and routing of services and network events of material service interruption, blocked calls, or negative changes in network performance.

11. Number Portability - Section 251(B)(2)

11.1 Scope

The Parties shall provide local number portability (LNP) in accordance with rules and regulations as prescribed from time to time by the FCC and Commission.

ATTACHMENT D

To the agreement By and Between

Fidelity Telephone LLC

And

Level 3 Communications, LLC

PRICING

1. General

1.1 As used in this Attachment, the term "Charges" means the rates, fees, charges and prices for a Service.

1.2 The Charges for a Service shall be the charges for Services as detailed in this Attachment, as applicable.

1.3 In the absence of Charges for a Service established pursuant to this Agreement, the Charges for the Service shall be the Providing Party's FCC or Commission approved Charges or as mutually agreed to by the Parties in writing.

2. CLEC Prices

Notwithstanding any other provision of this Agreement, the Charges that CLEC bills ILEC for CLEC's Services shall not exceed the Charges for ILEC's comparable Services.

3. Reciprocal Compensation for Transport & Termination of Local Traffic

3.1 Exchange of Local Traffic Bill & Keep

4. Charges for Other Services

4.1 Installation, Maintenance, Testing and Repair

Charges for Installation, Maintenance, Testing and Repair activities are set forth in the National Exchange Carrier Association's (NECA) Access Tariff as filed with the Federal Communications Commission.

4.2 Charges for LNP Activity

– Basic Initial LNP Service Order Charge = \$48.00 per each initial request by one Party to the other Party per LNP request per Customer – To be billed to and paid by the requesting Party.

– Basic Subsequent LNP Service Order Charge = \$24.00 per each time the requesting Party submits a revised request per LNP request per Customer after a Firm Order Conformation (FOC) has been issued, but will not be assessed on requests for the postponement of a scheduled port that are made at any time before 2:00 pm on the day prior to the scheduled port – To be billed to and paid by the requesting Party.

Neither ILEC nor CLEC offers the following additional services:

– Coordinated Conversion

– Hot Coordinated Conversion

APPENDIX A

To the Agreement By and Between

Fidelity Telephone LLC

And

Level 3 Communications, LLC

A. Designation of the IP(s):

For direct interconnection, the IP for the exchange of local traffic between ILEC and CLEC will be at ILEC's Sullivan, Missouri, Central Office (CLLI: SLLVMOXA).
