

BEFORE THE PUBLIC SERVICE COMMISSION

OF THE STATE OF MISSOURI

In the Matter of an Incident on May 9, 2007, at the)
Iatan Generating Plant that Kansas City Power &) **Case No. ES-2007-0458**
Light Company Operates.)

ORDER FURTHER EXTENDING TIME TO FILE REPORT

Issue Date: January 30, 2008

Effective Date: January 30, 2008

The Commission established this case to facilitate Staff's investigation into a fatal accident at Kansas City Power & Light Company's Iatan electric generating plant. On September 6, 2007, Staff filed an interim incident report regarding that accident, but indicated it would be unable to complete a final report until parallel investigations by KCPL and OSHA were completed. Staff anticipated filing its final report by November 30, and the Commission ordered Staff to file either a final report or an interim report by that date.

On November 21, Staff filed a motion asking the Commission extend that filing date to January 31, 2008. Staff anticipated that the parallel investigations would not be completed until December, requiring further time to complete Staff's report. The Commission granted Staff's motion.

On January 29, Staff filed a motion asking for a further extension of time to file its report. Staff indicates KCPL has completed its investigation only recently, and the ongoing OSHA investigation is not yet complete. Staff asks that it be allowed until March 17 to file its report.

Staff's request is reasonable and it will be granted.

IT IS ORDERED THAT:

1. Staff shall file its final incident report no later than March 17, 2008.
2. This order shall become effective on January 30, 2008.

BY THE COMMISSION

Colleen M. Dale
Secretary

(S E A L)

Morris L. Woodruff, Deputy Chief Regulatory
Law Judge, by delegation of authority
pursuant to Section 386.240, RSMo 2000.

Dated at Jefferson City, Missouri,
on this 30th day of January, 2008.
