ORDER APPROVING EXPEDITED TARIFF

Issue Date: December 27, 2007

Effective Date: January 1, 2008

On December 21, 2007, Union Electric Company, d/b/a AmerenUE, filed a revised tariff that would implement a new Missouri statute, the "Net Metering and Easy Connection Act",¹ which takes effect on January 1, 2008. That tariff carries an effective date of January 20, but AmerenUE filed a motion along with its tariff asking the Commission to expedite its approval of the tariff to allow it to go into effect on January 1, when the statute takes effect. AmerenUE also asks the Commission to waive application of the Commission's current net metering regulation, 4 CSR 240-20.065, which is inconsistent with the new statute.

The Commission's Staff filed an expedited recommendation regarding the proposed tariff on December 26. Staff recommends the Commission grant AmerenUE's request for expedited treatment and approve the tariff, with an effective date of January 1. Staff also recommends the Commission grant AmerenUE a variance from the Commission's current

Based on the recommendation of its Staff, the Commission will approve the submitted tariff on an expedited basis. In addition, the Commission will waive application of Commission Rule 4 CSR 240-20.065.
