

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of the Application of Union Electric)	
Company d/b/a Ameren Missouri for Permission and)	
Approval and a Certificate of Public Convenience and)	File No. EA-2019-0371
Necessity Authorizing it to Construct Three Solar)	
Generation Facilities.)	

DISMISSAL BY CONSENT OF ALL PARTIES

COMES NOW Union Electric Company d/b/a Ameren Missouri ("Company" or "Ameren Missouri"), and dismisses this matter by consent of all parties.

Background

1. On September 3, 2019, the Company filed an Application with the Missouri Public Service Commission ("Commission") requesting Certificates of Convenience and Necessity to construct, install, own, operate, maintain, and otherwise control and manage solar generation assets in or near Green City, Richwoods, and Utica, Missouri.

2. On November 25, 2019, the Company filed a *Request for Leave to Amend Original Application and Amended Application* ("Amended Application") with the Commission. No party objected to the Company's request.

3. On December 12, 2019, witnesses on behalf of Staff of the Missouri Public Service Commission ("Staff"), the Office of the Public Counsel ("OPC"), Missouri Department of Conservation ("MDC"), and Missouri Division of Energy ("DE") submitted rebuttal testimony. Renew Missouri Advocates d/b/a Renew Missouri is a party to the case, but did not submit rebuttal testimony.

4. On December 18, 2019, Ameren Missouri requested that the remaining procedural schedule be delayed until after its pending electric rate case (File No. ER-2019-0335) was resolved.

5. On December 18, 2019, the Commission issued an *Order Suspending Procedural Schedule and Cancelling Oral Argument and Evidentiary Hearing*.

6. On June 8, 2020, the Commission directed Ameren Missouri to file a status report on or before June 22, 2020.

Dismissal

7. Ameren Missouri is dismissing the matter after further consideration of the points raised in the parties' rebuttal testimony. Ameren Missouri plans to take those points into account as it evaluates projects like those addressed in its Amended Application.

8. Ameren Missouri's upcoming Integrated Resource Plan ("IRP") to be filed later this year will also help inform the analyses of the projects.

9. 20 CSR 4240-2.116.1 provides in pertinent part: "Once evidence has been offered or prepared testimony filed, an applicant [] may dismiss an action only by leave of the commission, or by written consent of all parties."

10. Ameren Missouri reached out to the parties to this matter, and all parties responded that they consent to the dismissal as indicated by their counsel's signature below.

11. Ameren Missouri appreciates all parties' and the Commission's time and efforts in this matter.

WHEREFORE, Ameren Missouri respectfully dismisses this matter without prejudice by written consent of all parties under 20 CSR 4240-2.116.1.

Respectfully submitted,

/s/ Jermaine Grubbs
