Market Name: Nationwide

Channel Block: 003650.00000000 - 003700.00000000 MHz

Waivers/Conditions:

This nationwide, non-exclusive license qualifies the licensee to register individual fixed and base stations for wireless operations in the 3650-3700 MHz band. This license does not authorize any operation of a fixed or base station that is not posted by the FCC as a registered fixed or base station on ULS and mobile and portable stations are authorized to operate only if they can positively receive and decode an enabling signal transmitted by a registered base station. To register individual fixed and base stations the licensee must file FCC Form 601 and Schedule M with the FCC. See Public Notice DA 07-4605 (rel November 15, 2007)

Grant of the request to update licensee name is conditioned on it not reflecting an assignment or transfer of control (see Rule 1.948); if an assignment or transfer occurred without proper notification or FCC approval, the grant is void and the station is licensed under the prior name.
