OF

JAMIE S. MYERS

**SPIRE MISSOURI, INC., d/b/a SPIRE
LACLEDE GAS COMPANY and MISSOURI GAS ENERGY
GENERAL RATE CASE**

**CASE NOS. GR-2017-0215
and GR-2017-0216**

Q. Please state your name and business address.

A. My name is Jamie S. Myers. My business address is 200 Madison St.,
Jefferson City, MO 65101.

Q. By whom are you employed and in what capacity?

A. I am employed by the Missouri Public Service Commission ("Commission")
as Commission Staff Deputy Director.

Q. Please describe your education and relevant work experience.

A. I received a Bachelor's of Arts Degree in Environmental Studies and Juris
Doctor from the University of Missouri. I began employment at the Commission in May 2014
in the Staff Counsel Department. I transitioned to my current position as Commission Staff
Deputy Director in April 2017. Prior to my employment at the Commission, I spent four years
working in education and research.

My job duties include assisting the Commission Staff Director in overseeing all
aspects of the Commission Staff. Currently, I am the designated lead on the general review of
the Commission's rules, pursuant to Executive Order 17-03. In my prior position at the

1 Commission, I was the assigned attorney on several rate cases, complaints, and various
2 applications.

3 Q. Have you previously testified before the Commission?

4 A. No.

5 **EXECUTIVE SUMMARY**

6 Q. What is the purpose of your testimony?

7 A. The purpose of my testimony is to sponsor Staff's Cost of Service Report that
8 is being filed concurrently with this testimony, provide an overview of Staff's cost-of-service
9 calculation and revenue requirement recommendation, and if requested at hearing, address
10 questions of a general or policy nature regarding the work performed by, or the positions
11 taken by Staff in this proceeding.

12 Q. What did Staff review for its Cost of Service Report?

13 A. Staff reviewed all the cost-of-service components (capital structure, return on
14 rate base, rate base, depreciation expense, revenues, and operating expenses) that comprise
15 Laclede Gas Company's operating divisions, Laclede Gas's (LAC) and Missouri Gas
16 Energy's (MGE), revenue requirements based on the 12-months ending December 31, 2016,
17 and updated for known and measureable changes through June 30, 2017.

18 Q. Based on Staff's review, what is Staff's recommended revenue requirement for
19 LAC and MGE?

20 A. Staff recommends increases of \$11,958, 306 to LAC's base rates, and
21 \$8,744,120 to MGE's base rates, and that the Companies' Infrastructure System Replacement
22 Surcharge (ISRS) be reset to zero. Staff recommends a return on equity (ROE) of 9.25%,
23 which is the mid-point of Staff's recommended equity cost rate range of 9.0% to 9.5%.

Direct Testimony of
Jamie S. Myers

1 Q. What rate increases are LAC and MGE requesting?

2 A. LAC is requesting a gross revenue increase of \$58.1 million and MGE is
3 requesting a gross revenue increase of \$50.4 million. However, LAC and MGE are currently
4 collecting ISRS revenues of \$32.6 million¹ and \$16.4 million,² respectively. This results in a
5 net incremental increase request of \$25.5 million for LAC and a net incremental increase
6 request of \$34.0 million for MGE. The Companies are requesting an ROE of 10.35%.

7 Q. Does Staff address other issues in its Cost of Service Report?

8 A. Yes. While several issues are addressed, there are a few issues worth noting.
9 On July 28, 2017, LAC and MGE filed notice with the Commission of their intent to change
10 their name to Spire Missouri Inc. d/b/a Spire (hereafter "Spire"), File No. GN-2018-0032. The
11 Commission officially recognized the name change to Spire, effective August 30, 2017. While
12 Staff recognizes that the two operating divisions are Spire, for this case it is still necessary for
13 Staff to distinguish between the two operating divisions formerly known as LAC and MGE.
14 In an attempt to preserve this distinction, Staff has continued to refer to the divisions as
15 "LAC" and "MGE" when necessary. When referring to the two operating divisions
16 collectively, Staff will refer to them as "Spire Missouri".

17 Additionally, the largest differences in dollar amounts between Staff and LAC and
18 MGE at this time result from differences in recommended Capital Structure and ROE, Labor
19 costs, Plant and Reserve expenses, and Pensions and OPEB expenses.

¹ GO-2017-0202.

² GO-2017-0201.

1 Q. Is there anything else you would like to note?

2 A. Yes. Since the commencement of these rate cases, amendments to the
3 Commission's rule regarding the treatment of Confidential Information have gone into effect.³
4 Under the new rule, any party may submit to the Commission, without first obtaining a
5 protective order, any information designated as confidential if that information qualifies under
6 certain categories.⁴ In this Cost of Service Report, Staff has marked the information Spire had
7 previously designated as "highly confidential" as "confidential". Staff Counsel discussed the
8 new rule and Staff's intent to mark information as "confidential" with Spire's legal counsel.

9 **STAFF REPORT ON COST OF SERVICE**

10 Q. How is Staff's Cost of Service Report organized?

11 A. It is organized by topic as follows:

1 The Rate Base and Income Statement sections of Staff's Cost of Service Report have
2 numerous subsections, which explain each specific adjustment Staff made to the EMS run
3 Staff developed in this case. The Staff member responsible for writing each subsection of the
4 report is identified at the end of the subsection. The affidavit of each Staff person who
5 contributed to the report is affixed to the report. The credentials and case participation of each
6 Staff person who contributed to the report can be found in Appendix 1.

23 **OVERVIEW OF STAFF'S RECOMMENDED REVENUE REQUIREMENT**

24 Q. How does one determine the revenue requirement for a regulated
25 utility?

1 A. The first step is to calculate the cost-of-service. The cost-of-service for
2 a regulated utility can be defined by the following formula:

3 Cost-of-Service = Cost of Providing Utility Service

4 or

5 $COS = O + (V - D)R$ where,

6 COS = Cost-of-Service

7 O = Adjusted Operating Costs (Payroll, Maintenance, etc.), Depreciation
8 Expense and Taxes

9 V = Gross Valuation of Property Required for Providing Service

10 D = Accumulated Depreciation Representing Recovery of Gross Property
11 Investment

12 R = Allowed Rate of Return

13 V - D = Rate Base (Gross Property Investment less Accumulated
14 Depreciation = Net Property Investment)

15 (V - D)R = Return Allowed on Net Property Investment

16 Q. Once cost-of-service is calculated, how does one determine the revenue
17 requirement?

18 A. Revenue requirement is the difference between the calculated cost-of-service
19 and the adjusted current revenues.⁵ That difference represents the regulated utility's necessary
20 rate relief and can be defined by the following formula:

21 RR = COS - CR where,

22 RR = Revenue Requirement

⁵ It should be noted that often the terms "cost-of-service" and "revenue requirement" are used interchangeably to refer to what is defined as "cost-of-service" above.

Direct Testimony of
Jamie S. Myers

1 COS = Cost-of-Service

2 CR = Adjusted Current Revenues

3 Q. Does this conclude your direct testimony?

4 A. Yes it does.
