

**Laclede Gas Company  
GR-2017-0215 and GR-2017-0216**

**Response to OPC Data Request 2078**

**Question:**

Does the Company expect interveners and/or Staff and Public Counsel to offer up performance metric suggestions in direct testimony? Or will specific metrics and parameters be determined outside of the rate case?

**Response:**

Such input would be welcomed by the Company.
