PUBLIC SERVICE COMMISSION**

At a session of the Public Service  
Commission held by telephone/internet  
audio conference on the 25th day of  
March, 2020.

In the Matter of a Waiver of Commission Rule )  
20 CSR 4240-40.030(12)(S) for all Missouri )  
Natural Gas Distribution Companies and )  
Municipal Gas Distribution Systems )

**File No. GE-2020-0297**

**ORDER APPROVING WAIVER**

Issue Date: March 25, 2020

Effective Date: March 27, 2020

On March 23, 2020, in response to the national COVID-19 emergency and Executive Order 20-02, the Staff of the Commission (Staff) filed a motion for application for a waiver from Commission Rule 20 CSR 4240-40.030(12)(S)(1)(B). This rule requires operators of intrastate natural gas pipelines in Missouri to visually inspect accessible customer gas piping and all connected equipment at the time an operator physically turns on the flow of gas to a customer.

Staff states good cause exists for this waiver due to the risk of operator employee exposure to the COVID-19 virus that could result from the customer contact necessary to gaining access and entering inside homes and businesses. Staff states that the requested waiver does not apply to 20 CSR 4240-40.030(12)(S)1.A., which requires that the operator also test each segment of fuel line for leakage to at least the delivery pressure.

Further, Staff notes that that the waiver request would also not relieve the operator from providing safety information to new or relocated customers, discontinuing service to any customer whose fuel lines or gas utilization equipment are determined to be unsafe, and maintaining records of tests and inspections conducted. Finally, Staff points out that

Commission Rule 20 CSR 4240-40.030(12)(S)(1)(B) is not a federal requirement included in 49 CFR Part 192, so that operators would remain in compliance with federal pipeline safety standards while the Waiver is in effect.

Staff also recommends that the Waiver be made effective through May 15, 2020 (expiration date of Executive Order 20-02) unless Executive Order 20-02 is extended. If Executive Order 20-02 is extended, Staff requests that the waiver shall renew automatically and remain in effect for the duration of Executive Order 20-02 or until such time Staff makes a filing with the Commission to terminate the Waiver.

The Commission finds good cause due to the COVID-19 emergency to grant the requested waiver. The Commission further finds that this order should be effective in less than 30 days.

**THE COMMISSION ORDERS THAT:**

1. Commission Rule 20 CSR 4240-40.030(12)(S)(1)(B) is waived for all Missouri Natural Gas Distribution Companies and Municipal Gas Distribution Systems.
2. This order shall be effective until May 15, 2020, unless Executive Order 20-02 is extended. If Executive Order 20-02 is extended, then this order shall remain in effect until Executive Order 20-02 expires, or until otherwise ordered by the Commission.
3. This order shall be effective on March 27, 2020.

**BY THE COMMISSION**
