Necessity Authorizing it to Construct, Own, Operate,)
Control, Manage, and Maintain a High Voltage, Direct) Case No. EA-2014-0207
Current Transmission Line and an Associated Converter)
Station Providing an interconnection on the Maywood -)
Montgomery 345 kV Transmission Line)

**MOTION TO INTERVENE
ON BEHALF OF RANDALL AND ROSEANNE MEYER**

Randall and Roseanne Meyer (Meyers) file this Motion to Intervene pursuant to Commission Rule 4 CSR 240-2.075. The Meyers state the following in support of their Motion:

1. The Meyers are joint owners of a farm with approximately 80 acres located in Brunswick Township, Chariton County, Missouri. Grain Belt Express Clean Line's (Grain Belt's) proposed transmission line would pass directly over their farm for a span of approximately one quarter mile.

2. The Meyers ask that communications, orders, and decisions be sent to:

Mr. Gary Drag

3. The Commission issued an Order on March 27, 2014, directing interested parties to intervene by April 25, 2014. This Motion was timely filed on April 25, 2014.

4. The Meyers oppose Grain Belt's Application and reserve the right to provide more detailed objections and rebuttal evidence to Grain Belt's proposals, evidence, and testimony in this case.

5. Meyers oppose Grain Belt's proposed transmission line for the following reasons:

a. The transmission line will cross property reserved for the future home of their daughter;

b. The proximity of the transmission line to their home and the future home of their daughter;

c. The transmission line will decrease the value of their property;

d. The excessive width of the easement required by the transmission line;

e. Potential health risks to the Meyers, their family, cattle, and breeding cows from exposure to the high voltage transmission line;

f. Potential interference with radio, satellite, cell, Internet, and GPS services;

g. Potential hazards to the their home and cattle from contact with a downed transmission line due to severe weather or equipment failure; and

h. Grain Belt's business case for the proposed line is speculative.

6. The Meyers understand that Grain Belt may exercise the right of eminent domain and condemn a portion of their property for a transmission line easement if the Commission grants the Application.

7. The Meyers have interests that are different from the general public and those interests would be adversely affected if Grain Belt's Application is approved by the Commission.

Therefore, Randall and Roseanne Meyer respectfully ask the Commission to grant their Motion to Intervene and allow them to fully participate in this case.

Respectfully submitted,

Law Office of Gary Drag
