**MAWC'S NOTICE OF INTENDED CASE FILING**

COMES NOW Missouri-American Water Company ("MAWC"), pursuant to Commission Rule 4 CSR 240-2.020, files this Notice of Intended Case Filing and respectfully states as follows to the Missouri Public Service Commission ("Commission"):

1. MAWC is a Missouri corporation with its principal office and place of business at 727 Craig Road, St. Louis, Missouri 63141. MAWC is a Missouri corporation in good standing. A certified copy of MAWC's certificate of good standing was submitted in Case No. SA-2007-0316 and is incorporated by reference. MAWC currently provides water service to the public in and around the cities of St. Joseph, Joplin, Brunswick, Mexico, Warrensburg, Parkville, Riverside, Jefferson City, and parts of St. Charles, Warren, Jefferson, Morgan, Pettis, Benton, Barry, Stone, Greene, Taney, Christian, and Platte Counties, and most all of St. Louis County, Missouri. MAWC currently provides water service to approximately 457,300 customers. MAWC provides sewer service to approximately 4,760 customers in Callaway, Jefferson, Pettis, Cole, Morgan, Platte, Taney, Stone, Christian, and Warren Counties, Missouri. MAWC is a "water corporation," a "sewer corporation" and a "public utility" as those terms are defined in Section 386.020 RSMo, and is subject to the jurisdiction and

supervision of the Commission as provided by law.

2. Commission Rule 4 CSR 240-4.020(2) provides, in part, as follows:

Any regulated entity that intends to file a case likely to be a contested case shall file a notice with the secretary of the commission a minimum of sixty (60) days prior to filing such case. Such notice shall detail the type of case and issues likely to be before the commission.

3. It is MAWC's intent to file tariffs to initiate a general rate case proceeding seeking an increase in its water and sewer rates within the next 60-90 days, or shortly thereafter. Given the Commission's routine suspension of tariff filings in rate case proceedings, and the statutory requirement that a hearing be held after such a suspension, it is likely that this proceeding will become a "contested case" within the meaning of Section 536.0101(4) RSMo. As adopted in 4 CSR 240-4.020(1)(C). Issues likely to be before the Commission in the upcoming rate case include those concerning revenue requirement, class cost allocation, and rate design.

WHEREFORE, MAWC submits to the Commission and its Secretary this Notice of Intended Case Filing.

Respectfully Submitted,

/S/ Dean L. Cooper
