

BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI

In the matter of the application of

Matt Mylott

(Name of Applicant)

for change of electric supplier.

Case No. \_\_\_\_\_

APPLICATION FOR CHANGE OF ELECTRIC SERVICE PROVIDER

1. Applicant's address is: 20577 State Hwy 413

Reeds Spring MO 65137

2. The name of Applicant's current electric service provider is: \_\_\_\_\_

Property served by both Empire & White River

3. Applicant requests the Missouri Public Service Commission to order a change of electric supplier to the address indicated above.

4. Applicant requested the Commission to order a change of electric supplier from Empire (Current) to White River (Requested)

5. Applicant requests the Missouri Public Service Commission to order a change of electric provider for the following reasons: \*My property has 3 buildings  
2 are serviced by White River - 1 by Empire. I need to add  
3ph power into 2 buildings I serviced by White River the other by  
Empire. White River has 3ph Available now. Empire does not have  
3ph currently. I also want to move to 1 service provider for both  
safety, clarity, & reduction of total meters on property.

6. Applicant has taken the following steps in an attempt to work out electric service problems with the electric service provider:  
I just purchased this property  
what a confusing mess with 2 providers on same property. Yes I have met  
with both Empire & White River. White River can supply needs immediately,  
Empire would be 2-6 mos before running new lines since 3ph. not currently available.  
This would mean double costs for me to add 3ph. power to both buildings. I  
~~had~~ have no issues with either provider but its not acceptable to  
have 2 providers on same property. It adds time, cost, and complexity  
to my power improvement project. Also not safe ~~for~~ due to confusion  
it gives when trying to identify power source.

WHEREFORE, Applicant requests the Missouri Public Service Commission to issue an Order which changes the current electric service provider.

(Phone Number)

\*If reason for change is poor service, outages, low voltage, etc., applicant should submit a record of service problems covering at least 90 days, including dates and times of problems to the extent possible. Applicant should also attempt to determine reasons for any service problems. For instance, if electric service was out or you are experiencing blinking lights, you should contact the supplier of electric service to determine the problem, and include this information with the application. (If the reasons from the supplier was a storm, car hitting pole, trees in line, conductor fell down, or whatever the supplier states for the problem, this should be noted.)
