ORDER DIRECTING RESPONSE TO FILING

Issue Date: June 5, 2020

Effective Date: June 5, 2020

On May 15, 2020, Spire Missouri Inc. d/b/a Spire filed an application requesting a temporary waiver of compliance with certain gas safety rules under 20 CSR 4240-40.030 and certain Commission orders pertaining to replacements. Spire requests expedited treatment as well as waiver of the Commission’s 60-day notice requirement under 20 CSR 4240-4.017.

On May 26, 2020, the Commission’s Staff filed a recommendation in this matter and recommended the Commission deny some of Spire’s requests and grant other requests with specified conditions. Staff also recommended the Commission require Spire to file a list identifying by location instances of non-compliance with Commission rules and orders as of May 15, 2020, the date of Spire’s application.

On June 3, 2020, Spire filed a response to Staff’s recommendation, and the Commission ordered Staff to file a reply by June 5, 2020. Staff’s reply identifies several issues that may benefit from clarification in an additional filing by Spire.

The Commission will establish a deadline for Spire’s response to Staff’s updated recommendations.

THE COMMISSION ORDERS THAT:

1. If Spire wishes to file a response to Staff's updated recommendations, it shall do so no later than June 8, 2020.
2. This order shall be effective when issued.
