Re: MoPSC Case No. WR-2022-0303
Missouri American Water Company (Water)

Dear Judge Dippell,

On behalf of Missouri-American Water Company (“MAWC” or “Company”), I am providing to the Missouri Public Service Commission (“Commission”) for filing tariff sheets in electronic form. The compliance tariff sheets are being filed pursuant to and in conformity with the Report and Order issued on May 3, 2023. The proposed tariff sheets are listed on **Appendix A**, bear a date of issue of May 3, 2023, and an effective date of June 2, 2023.

Please see that this filing is brought to the attention of the appropriate Commission personnel, and please let me know if you have any questions or concerns regarding this tariff filing.

Brian LaGrand
Director of Rates
Missouri American Water

**Rules and Regulations Governing the Rendering of
Water Service**

Rule 23 – Extension of Company Mains

- A. This rule shall govern the extension of the Company’s water mains after the date hereof which are necessary to serve Customers within its service area. The Company’s water mains can be extended within the service territory of each of its operations within the State of Missouri either by the Company’s forces, Company’s contractor or by an Applicant’s contractor in accordance with Company’s standards and contractual requirements. For any design/installation option, the following terms and conditions shall apply:
 - 1. When an Applicant makes a request for an extension of water main, the Company shall first determine the closest adequate and reliable source of water in its existing distribution system. The Company will then determine the sizes, types, route and location of mains, loops and other tie-ins if necessary, replacement and upsizing of existing mains if necessary to meet the Applicant’s requirements, and ancillary equipment needed to serve Applicant’s property. Design of the extension will be based on domestic flow requirements as stated by the Applicant and fire flow requirements as determined by the local fire authority and the direct impact of the additional domestic flow and fire flow requirements of the Applicant to the Company’s existing Customers. If there is no local fire authority or the local fire authority declines to impose a flow requirement, then the fire flow requirements will be determined by the Applicant and approved by the Company. At a minimum, the fire flow requirements determined by the Applicant will meet Insurance Services Office, Inc. (ISO) standards. The local fire authority will determine fire hydrant locations unless there is no local fire authority or the local fire authority declines to locate fire hydrants, in which case the Company will determine the fire hydrant locations.
 - 2. The Applicant and Company shall fund the cost of the proposed water main extension at a ratio of 75/25 (i.e., 75% Applicant funded and 25% Company funded) for all districts. *
 - 3. Applicants requesting a main extension to serve a single premises in a recorded, residential single lot development can choose the aforementioned option in Provision A.2., above, or the option whereby the Company will be responsible for all of the costs, except easement acquisition, associated with extending the main up to one hundred feet (100’) (Free Extension). If the main extension required is greater than one hundred feet (100’) in length, all costs above the Free Extension shall be borne by the Applicant calculated on a per-foot basis. *

<p>4. The Applicant/Company funding ratio of 75/25 for all districts will only apply to the cost for the main extensions and may include, but is not limited to, all material and labor costs of piping, public fire hydrants (as applicable), valves, fittings, casing pipe, inspection fees, testing (including but not limited to: bacteriological, chlorination, de-chlorination, pressure and flushing), water used for flushing purposes, and all overheads charged to all materials, labor, services, etc. provided by the Company.</p>	*
<p>5. The Applicant/Company funding ratio of 75/25 for all districts, shall not apply to restoration charges or easement acquisition costs. Applicant will be responsible for one hundred percent (100%) of the restoration charges and easement acquisition costs for the main extension, except the Company will be one hundred percent (100%) responsible for restoration charges related to the Free Extension.</p>	*
<p>6. In those instances where the Company determines that the water service requirements, including supply for fire protection of the Applicant requires the reconstruction, replacement or reinforcement of the Company's existing water mains or other appurtenances (e.g. Pressure Reducing Valves, Booster Stations, Air Valves, water service lines, etc.), the Applicant will be responsible for such reconstruction, replacement or reinforcement including all the material, labor costs, engineering and engineering review, inspection fees, testing (including but not limited to: bacteriological, chlorination, de-chlorination, pressure and flushing), restoration costs, all abnormal layout or layout review costs incurred by the Company as well as all overheads charged to all materials, labor, services, etc. provided by the Company. The Applicant may also be responsible for all, or a portion, of the costs for any new booster stations, water storage tanks, and water plant upgrades that Company determines are necessary solely to provide service to the development for which the main extension is requested.</p>	*
<p>7. The Applicant will also be required to pay all costs associated with the acquisition and preparation of any easements or permits necessary for the installation of the aforementioned facilities relating to the main extension.</p>	*
<p>8. The Applicant or the Applicant's authorized agent shall contract with the Company for such extension in accordance with the Company's standards and contractual requirements.</p>	*
<p>B. Installations by the Company or Company's Contractor: If the Applicant or Applicant's authorized agent contracts with the Company to install the main extension, the following shall apply:</p>	
<p>1. At the Applicant's option, the Company will either lay out the required water main extension on plans furnished by the Applicant at the cost of the Applicant, or the plans and specifications for the main extension may be prepared by the Applicant's engineer and submitted for Company approval.</p>

- 2. The Company shall provide the Applicant with an estimate in the form of a written proposal, which will describe payment alternatives and all other contractual preconditions to the installation, along with a copy of the water main layout.
- 3. The proposal will include the costs related to the facilities specified in Provision A.1. plus the Company's anticipated costs of materials, labor, labor related expenses (such as pension and welfare costs), supervision, engineering, inspection fees, insurance, tools, easements, permits, appropriate taxes, and other miscellaneous expenses (such as stores expenses, administrative salaries, overhead expenses, transportation expenses, water used for flushing purposes and construction equipment expenses and similar expenses). The Company may at its discretion charge up to five percent (5%) for contingencies. The cost contained in the proposal is based on the Company's estimate of the actual cost of the job.
- 4. If the Applicant has chosen the option provided in Provision A.2., above, the Applicant in any of the Company's districts shall provide payment of seventy-five percent (75%) of the estimated costs for any project. The Applicant shall pay to Company such estimated costs prior to the Company scheduling the work. If after completion of the main extension, the initial payment provided to the Company is above the Applicant's percent of the total actual cost of the project, as determined by the Company, the Company will refund the excess to the Applicant. If the initial payment provided by the Applicant to the Company is below the Applicant's percent of the total actual cost of the project, the Company will bill the shortfall to the Applicant. *
*
*
- 5. For Applicants who have chosen the option of a one hundred foot (100') Free Extension:
 - a) If the Applicant has chosen the option of a one hundred foot (100') Free Extension, as provided for in Provision A.3. above, and the extension will be one hundred feet (100') or less in length, then the Company will perform the necessary construction to extend its main(s). *
 - b) If the Applicant has chosen the option of a one hundred foot (100') Free Extension and the extension is greater than one hundred feet (100') in length, the Applicant shall provide payment of one hundred percent (100%) of the estimated costs in excess of the one hundred foot (100') Free Extension, if any, as provided by the Company prior to the Company scheduling the work. If after completion of the main extension, the initial payment provided to the Company is above the Applicant's share of the total actual cost of the project, the Company will refund the excess to the Applicant. If the initial payment provided by the Applicant to the Company is below the Applicant's share of the total actual cost of the project, the Company will bill the shortfall to the Applicant.

- C. **Installations by Applicant’s Contractor (Developer Lay Option):** The Applicant, or the Applicant’s agent, may elect to use its own contractor to construct the main extension (also known as the Developer Lay option). Under this option, the Applicant’s contractor must be approved by the Company and the following terms and conditions shall apply:
1. At the Applicant’s option, either the Company will lay out the required water main extension on plans furnished by the Applicant, or the plans and specifications will be prepared by the Applicant’s engineer and submitted for Company approval.
 2. Upon request, the Company will provide written specifications and other related documents for the proposed extension and a Developer Lay Proposal for the installation by Applicant’s contractor, along with a copy of the water main layout.
 3. The Developer Lay Proposal costs will include the Company’s estimated costs of materials, labor, inspection fees, and other miscellaneous expenses such as stores expenses, administrative salaries, overhead expenses, transportation expenses, water used for flushing purposes and construction equipment expenses and similar expenses.
 4. The Applicant, or the Applicant’s agent, shall execute a Main Extension Contract with the Company on forms provided by the Company. Upon completion of the main extension, the Applicant, or the Applicant’s agent, shall agree to convey the completed main extension and necessary easements to the Company on the terms and conditions stated in the Main Extension Contract.
 5. Upon execution of the Main Extension Contract by the Applicant and the Company, the Applicant will pay to the Company the total estimated Developer Lay Proposal costs as determined in Provision C.3., above. Applicant will also provide all additional information as detailed in the Main Extension Contract.
 6. Upon completion of the Main Extension, and prior to acceptance of the extension by the Company, the Applicant will provide to the Company a final statement of Applicant’s costs to construct such extension. This final statement of costs will be added to the actual costs for Company to provide services as per the Developer Lay Proposal. Upon acceptance of the main extension, the Company will then issue payment to the Applicant of twenty five percent (25%) pursuant to provision A.2, above. The Company will adjust its payment based on the shortfall or excess of the difference between the actual Developer Lay costs and the Developer Lay Proposal payment made by the Applicant pursuant to Provision C.5., above. *
 7. For Applicants who have chosen the option of a one hundred foot (100’) Free Extension:
 - a) If the Applicant has chosen the option of a one hundred foot (100’) Free Extension, pursuant to Provision A.3. above, and the extension will be one hundred feet (100’) or less in length, then *
