**NOTICE THAT WEATHER NORMALIZATION ADJUSTMENT RIDER
TARIFFS WILL BECOME EFFECTIVE ON OCTOBER 1, 2021**

Issue Date: September 29, 2021

On September 1, 2021,¹ Spire Missouri, Inc., d/b/a Spire Missouri East and Spire Missouri West (Spire) filed an Application to Update its Weather Normalization Adjustment Rider (WNAR) per sheets with Tariff Tracking Numbers JG-2022-0047 and JG-2022-0048, with effective dates of October 1. The purpose of the tariff is to adjust revenues for differences between actual heating degree days and normal heating degree days. On September 10, The Commission's Staff (Staff) filed its recommendation recommending rejection of Spire's tariff sheets. On September 14, the Commission ordered Spire to respond to Staff's recommendation no later than September 20 and allowed Staff or any other entity wishing to reply to Spire's response to do so no later than noon on September 24. On September 20, Spire revised its application and filed two substitute tariff sheets.

¹ All dates are to 2021 unless otherwise indicated.

On September 23, the Staff filed its recommendation regarding Spire's revised application and substitute tariffs. Staff stated that because the previous periods generally experienced colder weather than normal in Spire's rate districts, mainly due to the February cold snap, the rates are a smaller positive rate in this filing. Staff stated this means a residential customer in the Spire East district that used 100 ccf in a given billing month would see a line item charge of \$0.19 in their bill, which is an \$0.82 reduction in their bill from the current WNAR rate; and a residential customer in the Spire West district would see a line item charge of \$0.58 in their bill, which is an \$0.48 reduction in their bill from the current WNAR rate.

Staff recommends approval of the tariff sheets filed on September 20, to go into effect on October 1. No other party has filed an objection or comment on Spire's substitute tariffs. Based upon Staff's verified recommendation, the Commission will take no action regarding the September 20 substitute tariffs, tracking numbers JG-2022-0047 and JG-2022-0048, and those tariffs will go into effect by operation of law on October 1.
