On December 21, 2020, Spire Missouri Inc. d/b/a Spire filed a motion to modify the effective date of the Commission's December 2, 2020 *Order Modifying Temporary Waiver and Directing Written Notice*. The Commission's order is effective February 1, 2021, to fulfill the requirement for 60 days' written notice to the U.S. Secretary of Transportation before the effective date of a state commission order approving a waiver of a requirement under federal gas safety regulations.

On December 21, 2020, the Staff of the Commission filed a notice and attached a letter from the Department of Transportation's Pipeline and Hazardous Materials Safety Administration, stating no objection to the waiver granted by the Commission. Spire requests the effective date of the order be modified to January 1, 2021. Spire's motion requests expedited treatment.

The Commission will direct Staff to file a recommendation by no later than December 28, 2020. In addition, to permit expedited review of Spire's request, the Commission will direct Spire to file an additional pleading to advise the Commission of the practical consequences for the company or customers of any lapse in time between the waiver now in effect through December 31, 2020, and the waiver to be granted

through March 31, 2021, pursuant to the December 2, 2020 order.

THE COMMISSION ORDERS THAT:

1. No later than December 23, 2020, Spire shall file an additional pleading as described above.
2. No later than December 28, 2020, Staff shall file a recommendation on Spire's request.
3. This order shall be effective when issued.
