1. The Missouri Public Service Commission's ("Commission") regulations implementing the Missouri Energy Efficiency Investment Act ("MEEIA") require utilities with one or more approved demand-side programs to file a Demand-Side Program Annual Report no later than 60 days after the end of each calendar year.¹ In File No. EO-2015-0055, certain parties to that docket entered into a *Stipulation and Agreement*, which was subsequently approved by the Commission.² This *Stipulation and Agreement*, among other things, extended the deadline for Ameren Missouri to submit its Demand-Side Program Annual Reports no later than 90 days after the end of each calendar year.³

2. Attachment A to this pleading is Ameren Missouri's Demand-Side Program Annual Report for its 2016 MEEIA programs (an Excel Workbook having multiple tabs). Tab 1 of this Exhibit is an index which sets forth the requirements of 4 CSR 240-3.163(5) and indicates where the information responsive to each specific requirement can be found.

¹ 4 CSR 240-20.093(8)

² File No. 2015-0055, *Stipulation and Agreement*, submitted to the Commission on February 5, 2016, and approved by the Commission in *Order Approving Non-Unanimous Stipulation and Agreement*, issued February 10, 2016, File No. 2015-0055.

³ File No 2015-0055, *Stipulation and Agreement*, Appendix I – Waivers, page 3, paragraph 6.

3. As required by the Commission's regulations, the Company is serving a copy of this report upon each party to its last MEEIA case, File No. EO-2015-0055.

WHEREFORE, Ameren Missouri requests that the Commission accept its Demand-Side Program Annual Report for its 2016 MEEIA programs.

Respectfully Submitted,
