

CONFIDENTIAL - SCHEDULE KZ-4

Given the commercial sensitivity of the terms and conditions of this agreement between these privately-held parties, only a redacted version is being produced as a Confidential document pursuant to 4 CSR 240-2.135((2)(A)3 as it relates to and is based upon services that are offered in competition with other parties who engaged in similar transactions in the renewable energy industry.

The Applicant intends to seek a protective order under 4 CSR 240-2.135(3) because of the harm that disclosure could cause to both the Company, as well as to Invenergy, and to explain the need for such further protections.
