Question:2062

List each load curtailment offering KCPL and GMO has offered in Missouri over the last 20+ years as articulated in the direct testimony of Kimberly H. Winslow, at p. 4, 6-7. At a minimum, separately for KCPL and GMO include a year-to-year breakdown of the following:

- a. The number of customers who signed up;
- b. The amount of potential curtailable load available;
- c. The amount of load actually called on for each curtailment called;
- d. How many time curtailment events were called and the curtailment duration called;
- e. The financial incentive for a load curtailment participant;

Response:
