

BEFORE THE MISSOURI PUBLIC SERVICE COMMISSION

William L. Gehrs, Jr.

v.

Complaint #EC-2018-0033

Empire District Electric Company

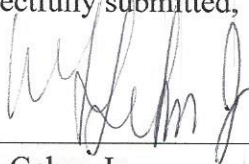

Motion to Allow Inquiry of Third Party

In Empire District Electric Company's response to Staff Data Request 0001-0003 question number 6: "Did the customer at 602 W. 5th St. pay one customer charge for every two floors of said structure?" Empire District Electric Company answered "Yes, because on October 31, 2007, Empire was asked to change unit numbers back to one per two floors to allow the building owner to remodel and, upon completion, Empire would be notified when tenants moved in and would be notified of the actual number of units. Empire was not notified by the customer of a change in units, and Empire was not aware of a discrepancy between Empire's CIS and the actual number of units until this case was filed."

Said customer in his recent Petition for Declaratory Judgment filed in Jasper County Missouri as Case Number 18AO-AC00918, a copy of said petition attached hereto as Exhibit 1, in paragraph 14 states, "Plaintiff and Defendant agreed that Plaintiff would only be billed for these three (3) meters on the outside of the building."

And that the statements of Empire and the Customer are opposite, Complainant would ask permission of the Commission to present Empire's answer to Customer and obtain Customer's response thereto, without violation of our confidentiality agreement.

Respectfully submitted,

W.L. Gehrs, Jr.
