**SUSPENSION ORDER AND NOTICE,  
ORDER SETTING HEARINGS,  
AND ORDER DIRECTING FILING**

Issue Date: June 12, 2009

Effective Date: June 12, 2009

***Procedural History***

On June 5, 2009, The Empire District Gas Company submitted to the Missouri Public Service Commission certain proposed tariff sheets, Tariff File No. YG-2009-0855. The purpose of the filing, according to Empire, is to implement a general rate increase for retail natural gas service. Empire states that the new natural gas service rates are designed to produce an additional \$2.9 million annually in new natural gas revenues, exclusive of applicable taxes and fees. This is a 4.87 percent increase over existing revenues.

Empire states that the "[o]ngoing declines in annual usage per customer and declines in the overall customers served coupled with an existing rate design that is dependent on overall volumes have driven the need for a rate increase and a significant move toward straight-fixed variable rate design." The tariff sheets attached to Empire's filing bear an effective date of July 5, 2009. Together with its proposed tariff sheets and other minimum filing requirements, Empire also filed prepared direct testimony in support of its requested rate increase.

***The Commission's Authority to Suspend Proposed Tariffs:***

Section 393.150, RSMo 2000, authorizes the Commission to suspend the effective date of a proposed tariff of a gas corporation for 120 days plus an additional six months so that the Commission may have a hearing on the matter. The same statute further imposes the burden of proof on the company to show that its proposed increased rate is just and reasonable. In order to allow sufficient time to study the effect of the proposed tariffs and to determine whether they are just, reasonable, and in the public interest, the Commission will suspend the proposed tariffs for a period of 120 days beyond the requested effective date. Furthermore, because the Commission cannot conclude a hearing on the proposed tariffs within the 120-day suspension, the Commission will suspend the proposed tariffs for an additional six months.

***Test Year and True-up Recommendations:***

Empire used a historical test year ending December 31, 2008, to be updated for known and measurable changes through June 30, 2009.<sup>1</sup> In addition, Empire states that it is uncertain of the need for a true-up but requests that the Commission reserve a true-up hearing date.<sup>2</sup> To quickly resolve test year and true-up questions, the Commission will require the other parties to promptly state their positions regarding Empire's test year proposal and the need for a true-up.

***Hearing Dates, Customer Notice, and Prehearing Conference:***

The Commission will schedule the evidentiary hearing dates in this order and will reserve dates for a true-up hearing. By establishing the hearing dates now, the

Commission will ensure that it hears this matter as expeditiously as possible. Additionally, the early establishment of the hearing dates will allow ample time for notice to customers. Empire must give notice to customers as directed in the ordered paragraphs below.

The Commission will also set an early prehearing conference and require the parties to file a proposed procedural schedule with: additional filing dates for testimony; a second prehearing conference or settlement conference, if necessary; the statement of issues list; the position statements of the parties or pretrial briefs or both; and the reconciliation. The Staff of the Commission will have primary responsibility for preparing the proposed procedural schedule. Staff shall coordinate the proposed schedule with Empire, the Office of the Public Counsel, and any intervenors, where possible.

In addition, the Commission will direct the parties to file recommendations as to the number, date, time, and location of local public hearings to be held in this matter. Dates for local public hearings should be at least one week after the filing of all direct testimony.

***Intervention:***

The Commission will allow 20 days from the issuance of this order for the filing of any application to intervene. The Commission's Data Center shall serve a copy of this order upon the county commission of each county in Empire's service area, and upon every party to Case No. GR-2004-0072.<sup>3</sup> In addition, the Commission's Public Information Office shall make notice of this order available to the media serving Empire's service area and to the members of the General Assembly representing the residents of Empire's service area.
