On May 11, 2015, Missouri Gas Energy (“MGE”), an operating unit of Laclede Gas Company, filed its *Response to Staff Recommendation and Amended Motion for Expedited Treatment*. In addition, MGE also filed a substitute tariff. In its motion, MGE requested the Commission approve at its May 13 agenda the Infrastructure System Replacement Surcharge (“ISRS”) application filed by the company on April 17. Through its amended motion, MGE now seeks approval for its substitute tariff to go into effect on May 22.

The Commission will set a deadline for responses to MGE’s amended motion for expedited treatment and for objections to the substitute tariff.
