**ORDER DIRECTING FILING  
OF MONTHLY STATUS REPORTS**

Issue Date: July 18, 2011

Effective Date: July 18, 2011

The Staff of the Missouri Public Service Commission filed its recommendation concerning Southern Missouri Natural Gas' actual costs adjustments. Southern accepts Staff's recommendation but stated that it needs additional time to respond to Staff's recommendations concerning the capacity release adjustment and the balancing fee associated with the School Aggregation customers. Southern stated that it is working with others to determine the best course of action on these issues and will keep Staff informed of its progress. Staff requests that the Commission direct Southern to file monthly status reports.

The Commission has reviewed the pleadings. Staff's request is reasonable and the Commission will direct Southern to file monthly status reports.

**THE COMMISSION ORDERS THAT:**

1. Southern Missouri Natural Gas Company, L.P. d/b/a Southern Missouri Natural Gas shall file at the end of each month, beginning in August, a status report as discussed in the body of this order.

2. This order shall become effective upon issuance.
