

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI**

In the Matter of KCP&L Greater Missouri Operations            )  
Company’s Request for Authority to Implement                )        Case No. ER-2016-\_\_\_\_  
A General Rate Increase for Electric Service                 )

**NOTICE OF INTENDED CASE FILING**

COMES NOW KCP&L Greater Missouri Operations Company (“GMO” or “Company”), by and through counsel, and files this Notice of Intended Case Filing. In this regard, GMO respectfully states to the Missouri Public Service Commission (“Commission”):

1.       GMO is a Delaware corporation with its principal office and place of business at 1200 Main Street, Kansas City, Missouri 64105. GMO is primarily engaged in the business of generating, transmitting, distributing, and selling electric energy in portions of northwestern Missouri. GMO is an electrical corporation and public utility as defined in Mo. Rev. Stat. § 386.020 (2000). GMO provided its certificate authorizing it to do business in Missouri as a foreign corporation in Case No. EN-2009-0164. That certificate is incorporated herein by reference pursuant to 4 CSR 240-2.060(G).

2.       GMO holds Certificates of Convenience and Necessity from the Commission to transact business as an electric public utility in certain areas of the State of Missouri and is principally engaged in the generation, transmission, distribution and sale of electric power and energy. GMO has two pending action<sup>1</sup> against it from any state or federal agency or court that involve customer service or rates, which has occurred within three years of the date of this Notice. In addition, no annual report or assessment fees are overdue.

3. Commission Rule 4-CSR 240-4.020 provides, in pertinent part, as follows:

(2) Any regulated entity that intends to file a case likely to be a contested case shall file a notice with the secretary of the commission a minimum of sixty (60) days prior to filing such case. Such notice shall detail the type of case and issues likely to be before the commission.

4. It is GMO's intent to file tariffs to initiate a general rate case proceeding seeking an increase in its electric rates sixty (60) days from the date of this notice, or thereafter. Given the Commission's routine suspension of tariff filings in rate case proceedings, and the statutory requirement that a hearing be held after such a suspension, it is likely that this proceeding will become a "contested case" within the meaning of Section 536.010(4) RSMo. as adopted in 4 CSR 240-4.020(1)(C). Issues likely to be before the Commission in the upcoming rate case include those concerning revenue requirement, class cost allocation and rate design.

WHEREFORE, GMO submits to the Commission and its Secretary this Notice of Intended Case Filing.

Respectfully submitted,
